

Students- Preparing for a Zoom Meet

If you are new to using zoom, do not worry, it is very simple to set up.

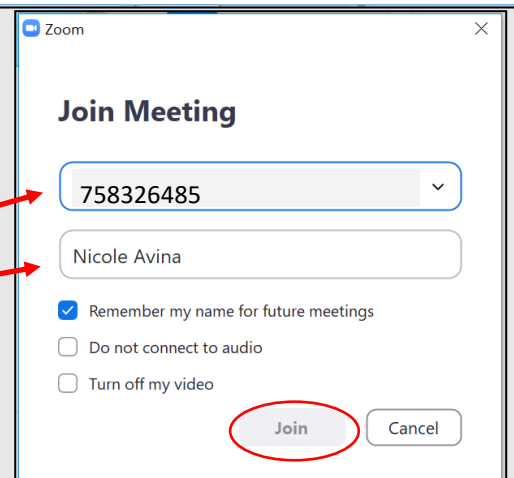

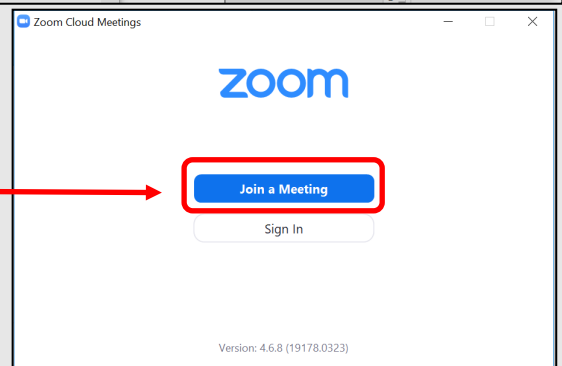

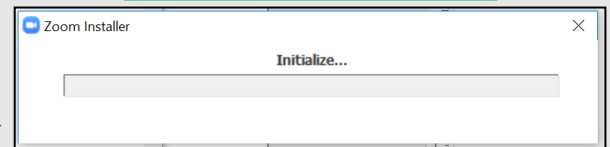

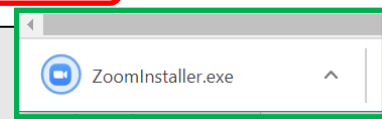

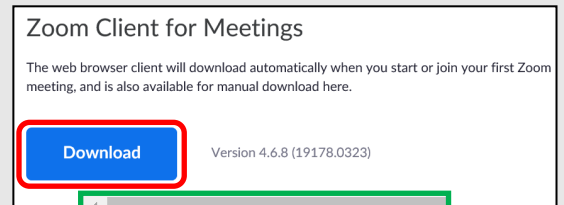

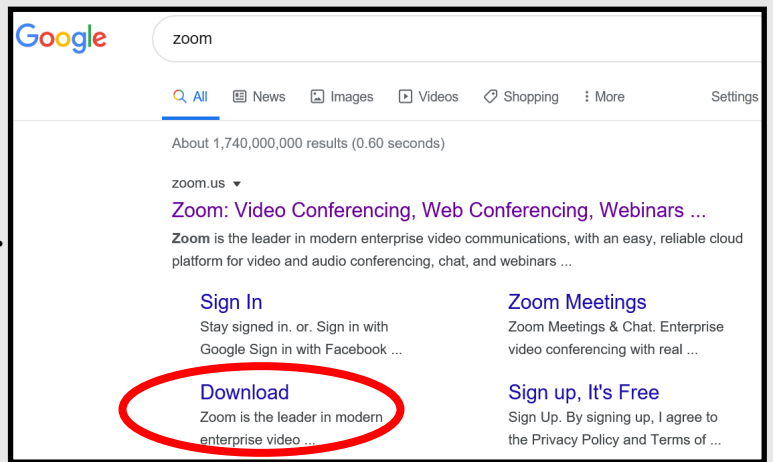

From a computer, please use **Google Chrome** as your web browser.

1. On your device (iPad, phone, or computer) download the **Zoom app**. Found in app store for phones and tablets.
2. If doing this from a computer you can [download Zoom here](#).
3. You will see it download on the bottom left hand corner of your browser screen. **Click on it**.
4. After Zoom initializes, you will get a box that pops open. Click on **“Join a Meeting”**.
5. You can **find the meeting ID** in the URL your teacher provides you.

Class will meet in Zoom.
Please use this link for class:
Join from PC, Mac, Linux, iOS or Android:
<https://cccconfer.zoom.us/j/758326485>

6. Enter your **meeting ID** and your **first and last name**. You are in control of the display name in Zoom

You should be set up from here!

Reminders:

- Each of your teachers will have a different meeting ID
- You can start the meeting by typing in the meeting code, **or** by clicking on your teachers Zoom link.
