

MATH 230 Basic College Mathematics  
Summer 2009

Instructor: Mrs. Mariza Martinez  
Phone: 763-7743  
Email: [mmartinez@taft.org](mailto:mmartinez@taft.org)  
Text: Essential Mathematics Second Edition  
Lial/Salzman

### **Course Information**

**Tests (80%):** Chapter Tests will be given approximately every week. The course will cover chapters 1-6. A chapter test will be given at the end of each chapter and a final exam at the end of the semester. All exams must be proctored. Each exam will be 2 hours in length and will cover the material in the homework assignments. You may use your homework and notes on the test. Any missed test will receive a score of 0. No make-up exams will be given. . *No calculator may be use in chapters 1-3. Students can use a regular calculator for chapters 4-6 and the fianl.* Students will be allowed to drop one test or the final. Grades will be calculated by averaging all test scores including the final exam after the lowest score is dropped. Graded exams will be available at the LRC for students to view. You can also review your grade on the World Wide Web follow these steps.

- Step 1: Go to [www.eClassInfo.com/home.asp?id=mmartinez](http://www.eClassInfo.com/home.asp?id=mmartinez)
- Step 2: Select your class under WebGrade Reports.
- Step 3: Enter your Student ID and Password  
Student ID: first initial then last name no space between (i.e. John Smith will be jsmith)  
Password: "A" number. You can find this number on the top right hand corner of your schedule.
- Step 4: Your name will appear. View your grade report by clicking on Student Summary.

**Proctored information:** You may take your exam in the Taft College Learning Resource Center (LRC). No additional papers need to be filled out to take the exams at the LRC. Just email me so that I can put the exams there for you. You should call the LRC at 661-763-7783 at least one day before you plan on taking the exam to be sure it is available. Check the LRC hours to be sure it is open when you plan to take the test. **Testing is not available all hours.** If you cannot come to the Taft College LRC to take your exams, you are responsible for finding an acceptable individual to proctor (supervise) your exam. Relatives cannot be approved proctors. **Your proctor must be pre-approved.** Use the form at the following address for proctor approval [http://web.taftcollege.edu/new\\_dl\\_procotor\\_form/proctor\\_form.shtml](http://web.taftcollege.edu/new_dl_procotor_form/proctor_form.shtml) Try to get the proctor form to me by the **June 12th.** Allow at least a week for your proctor to receive the exams. You are responsible for monitoring your own deadlines, scheduling a time to take the tests with your proctor and providing your proctor with postage and envelopes. Your proctor may not fax or email your exams. If you drop the class you need to ask your proctor to return all tests to me.

**Homework (20%):** The main objective is to make every effort to master the concepts before taking each test. Homework must be mailed in along with your test. **All work must be shown and clearly numbered to get full credit! All homework assignments will be submitted with the chapter test. Late homework will not be accepted.** . The practice tests at the end of each chapter are very similar to the problems on the tests. If you do poorly on the practice chapter test go back and review the chapter before taking the actual test. There will be no surprises in this course; if you can do the homework and chapter tests at the end of each chapter, you should do well on the tests. The answers to the homework and the practice test are in the back of the book.

**Grade Scale:** A-100%-90%, B- 89%-80% , C-79%-70%, D -69%-60% , F- Below 60%

**Attendance:** Because this is a distance learning class it is very important that you maintain communication with me to ensure that you do not get dropped. A student may be dropped from the class if he or she is not making "Continuing Progress". "Continuing Progress" is defined as taking the exams as scheduled on the Course Calendar. Email me or call me after each exam stating that you have taken the exam and that your proctor will be mailing it in.

**Extra Help:** Math tutors are also available during scheduled hours in the Math Lab inside the TC library.

## DISTANCE LEARNING COURSES

Deadlines for distance learning courses follow the same schedule as traditional courses. The date a drop is turned in to the Counseling Center will be considered the last date of attendance.

### Deadlines

Chapter 1 Test	Must be mailed by <b>June 15, 2009</b>
Chapter 2 Test	Must be mailed by <b>June 22, 2009</b>
Chapter 3 Test	Must be mailed by <b>June 29, 2009</b>
Chapter 4 Test	Must be mailed by <b>July 6, 2009</b>
Chapter 5 Test	Must be mailed by <b>July 13, 2009</b>
Chapter 6 Test	Must be mailed by <b>July 20, 2009</b>
Final	Must be mailed <b><i>before</i> July 25</b>

**Be aware of deadlines. Homework includes Sections, Summaries and End of Chapter Test**

Sec. 1.1	1-33 odd	Sec. 4.1	4-68 multiples of 4
Sec. 1.2	3-81 multiples of 3	Sec. 4.2	1-39 odd
Sec. 1.3	4-100 multiples of 4	Sec. 4.3	3-57 multiples of 3
Sec. 1.4	4-100 multiples of 4	Sec. 4.4	3-51 multiples of 3
Sec. 1.5	4-96 multiples of 4	Sec. 4.5	3-54 multiples of 3
