Grading:

Tests (80%): The course will cover chapters 1-6. A chapter test will be given at the end of each chapter and a **final exam** at the end of the session on a **date to be determined by you but postmarked no later than Tuesday, July 28th**. Any missed tests will receive a score of 0 and no make-up tests will be given. You may, however, take a test early if arranged with your proctor. You will be allowed to use notes and a calculator on each exam as long as you turn your notes in with your test. You will need your own paper for each exam. No cell phone calculators.

Option 1:(Math Lab hours) Grades will be calculated by averaging all tests scores including the final exam. Student's lowest two test scores (**except Chapter 6**) will be dropped with one of the dropped tests scores being replaced with a 80% before grades are calculated if the students have logged 15 or more hours on the correct form (available outside my office). **All hours must be completed in the Math Lab or Clubhouse and you must be working on homework and/or logged into CourseCompass, not socializing or hanging out.** Hours should be turned in weekly to the LRC and the total must be completed prior to Tuesday, July 28th, 2009.

Option 2: Grades will be calculated by averaging all test scores including the final exam. Students will be allowed to drop their lowest test score and five lowest homework scores before grades are calculated.

Homework(20%): Late homework will not be accepted and homework is mandatory! Homework must be turned in by the test deadline. Homework may be turned into the LRC or mailed in the same envelope as the test or mailed separately. The main objective is to make every effort to master the concepts before taking each test. Students will be allowed to drop their lowest homework score before grades are calculated.

Grade Scale:

100%-90% - A	89%-80% - B	79%-70% - C
	69%-60% - D	59%-00% - F

You can review your grade on the World Wide Web follow these steps.

- ❖ Step1: Go to www.eClassInfo.com/home.asp?id=rpayne
- ❖ Step 2: Select your class under WebGrade Reports. M1050_SU09
- ❖ Step 3: Enter your Student ID and Password

Student ID: first initial then last name with no space in between (i.e. rpayne)

Password: Nine character "A" number from Cougar Tracks (Ex. A01234567)

Step 4: Your name will appear. View your grade report by clicking on Student Summary

The deadline for dropping the course with a "W" is June 17th, 2009.

Extra help:

If you need additional help outside of class, you can see me before class or after class or by appt. Math tutors are also available in the Math Lab and the Clubhouse. Students with disabilities who believe they may need accommodations in this class are encouraged to contact Student Support Services (661.763.7927), as soon as possible to better ensure such accommodations are implemented in a timely fashion.
