COURSE DESCRIPTION AND POLICIES

Spanish 1 is an introductory Spanish course where students study pronunciation, vocabulary, sentence structure, grammar, and cultural readings that develop the four

language skills: listening, reading, speaking and writing. The final goal of the course is to provide the foundations for oral comprehension and proficiency in using the Spanish language in real communicative situations at the introductory level. The audio CD's are very important for the distance learning classes. The tests will be similar to the workbook. (Please call bookstore for information on the audio CD's 661- 763-7731 Another option is to go on-line and listen to them. The website is: <http://dli.taftcollege.edu/streams/index.html>(Multimedia 661-763-7737). The ID is testudent and the password is taftcollege.

These are some Learning Outcomes you should be able to do by the end of the semester.

1. Exchange greetings and farewells orally in Spanish.

3. Using formulaic phrases and memorized vocabulary, the student will be able to create a story.
