INDEPENDENT AUDITORS' REPORT

Board of Trustees West Kern Community College District Taft, California

Opinions

We have audited the accompanying financial statements of the business-type activities, the aggregate discretely presented component unit, and the aggregate remaining fund information of West Kern Community College District (the District) as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the Table of Contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities, the aggregate discretely presented component unit, and the aggregate remaining fund information of the District as of June 30, 2022, and the respective changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of West Kern Community College District and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for one year beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements. In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the Required Supplementary Information section, as listed in the Table of Contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying supplementary information listed in the Table of Contents, including the Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information, is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the Management's Discussion and Analysis section and unaudited supplementary information section, but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on other work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report

Other Reporting Required by Government Auditing Standards

(NOL, Certifiel Poblic Accountants

In accordance with *Government Auditing Standards*, we have also issued our report dated December 19, 2022, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

San Diego, California December 19, 2022

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the Taft College/West Kern Community College District's (the District) Annual Financial Report presents a narrative overview and analysis of the District's financial activities during the fiscal year just ended as well as the overall financial condition of the District at June 30, 2022. This analysis is presented with comparative information from the year ended June 30, 2022 to highlight changes between the fiscal years. This section is designed to focus on currently known facts, current activities, and the resulting changes, and is intended to be read in conjunction with the District's basic financial statements and the accompanying footnotes. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the District's management.

USING THIS ANNUAL REPORT

The current financial statement format, which incorporates GASB principles, consists of three basic financial statements that focus on the District as a whole: the Statement of Net Position, the Statement of Revenues, Expenses and Changes in Net Position, and the Statement of Cash Flows. The District's financial statements are designed to resemble corporate financial models whereby all District activities are consolidated into one set of totals. The focus of the Statement of Net Position is designed to be similar to bottom line results for the District and reflect its financial position at a certain date. This statement combines and consolidates current spendable financial resources with capital assets. The Statement of Revenues, Expenses and Changes in Net Position focuses on the gross costs and the net results of the District's operational activities which are supported mainly by student tuition and fees, as well as grant funded sources. Non-operating revenues such as property taxes and state apportionments make up the primary revenue source for the District. The Statement of Cash Flows provides an analysis of the District's sources and uses of the cash during the fiscal year. This approach is intended to summarize and simplify the user's analysis of costs of various District services to students and the public. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities in relation to its mission have been included.

FINANCIAL HIGHLIGHTS OF THE PAST YEAR

The California Community College Chancellors Office (CCCCO) calculates total apportionment to be received by the District each year. Within FY 2021-22, Taft College and California Community Colleges across the State continued to phase in the State mandated Student-Centered Funding Formula that calculates the District's general apportionment. Total apportionment payment consists of tuition fees, property taxes and state apportionment revenues. The District experienced an increase in total apportionment based on the statewide funding formula and a statewide inflation adjustment. With the funding, the District was able to maintain a strong focus on curriculum offerings and ensure success within the guidance of the Educational Master Plan.

During FY 2021-22, the COVID-19 pandemic has continued to present challenges to the California Community College system. The District has experienced a reduction in enrollment numbers as we transition back to in person instruction. The District has utilized federal and state COVID-19 relief funding to mitigate the financial impact to the District and ensure a safe environment to serve students during this time of uncertainty.

Analysis of Net Assets

The System calculated the District FTES decline for fiscal year 2021-2022 at 351 FTES in comparison to fiscal year 2020-2021. Regular non-operating factors such as deferred pension contribution adjustments for compliance with the Governmental Accounting Standards Board (GASB) led to a decrease in the District's assets. GASB Statement No. 68 addresses accounting and financial reporting for pensions, specifically, those provided to the employees of state and local governmental employers through pension plans that are administered through irrevocable trusts. As a result of refunding 2015 COP, we have decreased Restricted Net Assets.

Salaries and benefits decreased by \$3.1 million in 2021-2022 due to vacant positions being filled during the current fiscal year and due to a decline in extra load needed due to the COVID-19 pandemic.

	2022	2021	Change
ASSETS AND DEFERRED OUTFLOWS OF RESOURCES			_
Current assets	\$ 40,667,564	\$ 32,776,560	\$ 7,891,004
Noncurrent assets	73,472,120	74,017,176	(545,056)
Deferred outflows of resources	6,885,462	9,803,593	(2,918,131)
Total Assets and Deferred Outflows of Resources	121,025,146	116,597,329	4,427,817
LIABILITIES AND DEFERRED INFLOWS OF RESOURCES			
Current liabilities	9,680,837	9,131,424	549,413
Noncurrent liabilities	69,776,698	90,174,723	(20,398,025)
Deferred inflows of resources	17,401,557	4,540,006	12,861,551
Total Liabilities and Deferred Inflows of Resources	96,859,092	103,846,153	(6,987,061)
NET POSITION			
Invested in capital assets, net of related debt	34,626,767	33,196,409	1,430,358
Restricted	11,544,396	7,000,268	4,544,128
Unrestricted	(22,005,109)	(27,445,501)	5,440,392
Total Net Position	\$ 24,166,054	\$ 12,751,176	\$ 11,414,878

This statement is prepared from the District's Statement of Net Assets which is presented on the accrual basis of accounting where capital assets are depreciated, and long-term obligations are recognized.

Analysis of Current Assets

The District's current assets increased by \$7.9 million due to the refunding of long-term obligations of the District along with scheduled payments being made on the District's long-term construction project financing.

Analysis of Capital Assets

As of June 30, 2022, the District recorded \$124.5 million invested in capital assets, \$51.0 million in accumulated depreciation, totaling \$73.5 million recorded in net capital assets. In addition to these investments, the District also decreased construction in progress (CIP) by \$15.1 million to \$49,640 as of June 30, 2022. The CIP represents the ongoing expenditures of the long-term capital improvement projects related to the District's Facilities Master Plan. As individual projects are completed, they are listed as capital assets and depreciated accordingly.

Analysis of Liabilities

Liabilities and deferred inflows decreased by \$7.2 million for the year just ended. In comparison of prior years, the material portion of this change is due to changes in collective net pension liability. This was primarily a result of an increase in the investment earning related to pension resulting in a \$15.7M decrease to the net pension liability and a \$10M increase of deferred inflows related to pensions.

FINANCIAL ACTIVITIES OF THE DISTRICT

	2022	2021	Change
OPERATING REVENUES			
Tuitition and fees	\$ 1,757,469	\$ 1,683,479	\$ 73,990

Depreciation	3,272,473	2,971,310	301,163
Total Operating Expenses	 47,996,258	57,300,368	(9,304,110)
Operating Loss	 (25,188,457)	(34,812,184)	9,623,727
NON-OPERATING REVENUES (EXPENSES)			
State apportionments	24,306,806	22,894,399	1,412,407
Property taxes	9,263,474	9,238,148	25,326
State taxes and other revenues	890,788	649,727	241,061
Investment income	265,478	709,893	(444,415)
Interest expense, net	(1,165,417)	(7,074,484)	5,909,067
Other financing sources (uses)	(1,008,805)	5,715,935	(6,724,740)
Local grants and other non-operating revenues	 4,051,011	4,063,537	(12,526)
Total Non-Operating Revenues (Expenses)	 36,603,335	36,197,155	406,180
OTHER REVENUES (EXPENSES)			
State and local capital income	 -	-	
Change in Net Position	 11,414,878	1,384,971	10,029,907
NET POSITION, BEGINNING OF YEAR	12,751,176	8,364,619	4,386,557
PRIOR PERIOD ADJUSTMENT	 -	3,001,586	(3,001,586)
NET POSITION, END OF YEAR	\$ 24,166,054	\$ 12,751,176	\$ 11,414,878

This statement is prepared from the District's Statement of Activities which is presented on the accrual basis of accounting, in which revenues and expenditures are recorded when incurred, regardless of the timing of the related cash flow.

Operating Results

Operating revenues reflect an increase in enrollment fees due to the timing of payments recognized by the District, as well as maintained levels of financial aid awards to eligible students for the year. Another contributing factor was the fact that residents of California are eligible for a wider variety of educational aid options than non-resident students. Overall, FTE attendance decreased to 1,811 in 2021-2022, as compared to 2,136 in 2020-2021.

FUNCTIONAL EXPENDITURE CALCULATIONS

In accordance with requirements set forth by the California Community College Chancellor's Office, the District reports operating expenses by object code. Operating expenses by functional classifications are as follows but do not include the impact of the conversion entries posted to convert the modified accrual fund financial statements to the full accrual entity side financial statements except for reporting depreciation expense:

	Salaries and	Ot	Supplies, Material and ther Expenses	Other			
	Benefits	ć	and Services	Outgo	De	epreciation	Total
Instructional activities	\$ 12,472,806	\$	3,857,735	\$ -	\$	-	\$ 16,330,541
Academic support	1,963,310		274,759	-		-	2,238,069

Depreciation expense-unallocated			-	-		3,272,473	3,272,473
	\$ 30,002,647	\$	22,998,551	\$ 7,213,629	\$	3,272,473	\$ 63,487,300

SIGNIFICANT ACCOMPLISHMENTS

Capital Improvement Project

To date the District has issued all three series of bonds, for \$39.8 million, which were originally approved by the residents of the West Kern Community College District in March 2004. The funds have been used for architectural work, licensing and permits and the acquisition and construction of swing space to be used as temporary housing of personnel and classrooms, as well as the main construction projects across the campus.

The District has completed several major projects to date. Completion of a new Child Development Center provides a permanent 9,400 square foot building that will support up to 75 children. It replaces portable buildings that were being used. It also serves as a base for future improvements to be focused around. The remodel of the Community Technology Center, complete as of December 2009 consists of the reconstruction of the current administration building and the addition of a new Library. In total the project provides 45,000 square feet of facilities that houses the library, the learning resources center (LRC), the student services center, and administrative offices. The modernization of the Science building and the courtyard renovation between the science building and administration building projects were completed for use in the 2009-10 school year. The Science building project modernized approximately 11,000 square feet of classroom space used primarily for the instruction of science and math courses as well as adding offices within the building for the science and math faculty. The courtyard adds updated landscaping and revitalization of areas for students to use between classes. The Tech Arts project was completed in late 2013 and modernized approximately 10,000 square feet of classroom space used primarily for the instruction of Liberal Arts and Business courses. The most recently completed projects were the Center for Independent Living Facility and a renovation of the dorm facilities. The Center for Independent Living project provides a 20,000 square foot live-in facility with offices and instructional space. Construction was completed in late 2014. Dorm renovations of current facilities began in November 2013 and were completed in early 2015. The renovations updated the dorm rooms and surrounding areas, improving the on-campus living experience. The District continued construction on the Student Center project. Once completed, the building will house the District's cafeteria, bookstore and student union.

ECONOMIC FACTORS AFFECTING THE FUTURE

Economic Condition

The 735-square-mile West Kern CCD includes Taft, which is located about 40 miles southwest of Bakersfield. The District, which serves about 23,400 residents, operates Taft College, a comprehensive community college that offers a variety of general and specialized instructional programs. It also educates a significant number of students who commute from outside its boundaries. We consider Kern County's income levels good-to-adequate, with median household effective buying income (EBI) and per capita EBI at 94% and 70%, respectively, of the national levels. The county's unemployment rate has historically been higher than the nations. In March 2022, the county reported an unemployment rate of 7.7%, down from a revised 8.4% in February 2022, and below the year-ago estimate of 12.3%.

The District's tax and employment bases are highly concentrated in oil and gas production as well as in electricity generation, given that oil and natural gas deposits in the district are some of the nation's largest. The District's top 10 taxpayers account for about 80% of total AV, which we consider extremely concentrated, and are led by Chevron USA Inc. (26.7%) and California Resources Elk Hills (25.6%). Due to changes in output from these companies and to national oil prices, AV can significantly fluctuate. Over the past five years, the district's AV reached a high of \$8.5 billion in fiscal 2020, and a low of \$6.7 billion in fiscal year 2022.

Prospects for the Future

In general, full-time equivalent student (FTES) counts in California community college systems are typically influenced by employment cycles and tuition rates, the latter of which are set by the state. West Kern CCD, however, is somewhat insulated from employment cycles affecting its FTES because, when the economy is doing well and the district's large petrochemical companies are hiring, the employers usually seek education and training opportunities provided by the college for its employees. And, similar to other community colleges and institutes of higher learning, there is also a demand for enrollment when the economy is in a downturn and unemployment rates are high. Although the 2022 FTES declined from 2021 FTES, the pandemic has proven a challenge statewide for the entire Community College system. Management is continuing to monitor the state of the District's FTES funding level on a regular basis to address any potential funding concerns immediately. Continuing to improve budgetary modeling and forecasting methods along with a positive economic climate, the College remains committed to responding to increasing course demands by offering additional classes and educational options.

Although the impacts of the COVID-19 pandemic are yet to be determined, the District's fiscal outlook currently reflects stability within the educational industry. With the implementation of the state's student centered funding formula, the focus has shifted from solely a FTES emphasis approach in the funding calculation, to an increased emphasis on student demographics and performance (although FTES will still be the greatest factor of the calculation). Given the District's demographics, the district is expected to benefit from the change in the funding formula. While FTES levels are less significant to the funding formula, it still constitutes an essential part of the equation and the District expects to continue to monitor these trends for potential impacts. Furthermore, the near-term funding outlook for CCDs remains positive with recent increases to funding for higher education within the state. As a result of the positive state funding and continued support to provide free education, we believe enrollment and state funding in future years should demonstrate stable growth even in a time of slight FTES decline given the student success metrics remain steady.

The following table illustrates enrollment levels over the last five years:

	2016-17	2017-18	2018-19	2019-20	2020-21	2021-22
Enrollment	2,640	2,830	2,909	2,870	2,136	1,811
% Increase (Decrease)	3.24%	7.20%	2.79%	(1.34%)	(25.57%)	(15.22%)

5-year average decrease in enrollment year over year is -6.4%

The College's long term educational and facilities master plans are focused on ensuring that the campus will continue to be able to meet the needs of its students now and in the future. The projected demographic changes in the area will mean continued growth and the facilities plan will enable Taft College to meet those needs. The plan involves a combination of constructing new buildings and modernizing the existing structures so that the College's resources can be maximized.

ADDITIONAL FINANCIAL INFORMATION

This financial report is designed to provide a general overview of the West Kern Community College District's financial position and finances to the District's citizens, taxpayers, students and to all others who need this information. Questions concerning this report or requests for additional financial information should be directed to Todd Hampton, Vice President of Administrative Services or Nick Valsamides, Executive Director of Fiscal Services at Taft College, 29 Cougar Court, Taft, CA 93268.

NOTE 1 – ORGANIZATION

West Kern Community College District (the District) was established in 1922 as a political subdivision of the State of California and is a comprehensive, public, two-year institution offering educational services to residents of the surrounding area. The District operates under a locally elected five-member Board of Trustees (the Board) form of government, which establishes the policies and procedures by which the District operates. The Board must approve the annual budgets for the General Fund, special revenue funds, and capital project funds, but these budgets are managed at the department level. Currently, the District operates one college with one campus located within Kern County in the City of Taft. While the District is a political subdivision of the State of California, it is legally separate and is independent of other State and local governments, and it is not a component unit of the State in accordance with the provisions of Governmental Accounting Standards Board (GASB) Statement No. 61. The District is classified as a Public Educational Institution under Internal Revenue Code Section 115 and is, therefore, exempt from Federal taxes.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Financial Reporting Entity

The District has adopted GASB Statement No. 61, Determining Whether Certain Organizations are Component Units. This statement amends GASB Statement No. 14, The Financial Reporting Entity, to provide additional guidance to determine whether certain organizations, for which the District is not financially accountable, should be reported as component units based on the nature and significance of their relationship with the District. The three components used to determine the presentation are: providing a "direct benefit", the "environment and ability to access/influence reporting", and the "significance" criterion. As defined by accounting principles generally accepted in the United States of America and established by the Governmental Accounting Standards Board, the financial reporting entity consists of the primary government, the District, and the following component units:

• Taft College Foundation

The Taft College Foundation (the Foundation) is a legally separate, tax-exempt component unit of the District. The Foundation acts primarily as a fundraising organization to provide grants and scholarships to students and support to employees, programs, and departments of the District. The board of the Foundation consists of community members, alumni, and other supporters of the Foundation. Although the District does not control the timing or amount of receipts from the Foundation, the majority of resources, or income thereon that the Foundation holds and invests are restricted to the activities of the District by the donors. Because these restricted resources held by the Foundation can only be used by, or for the benefit of, the District, the Foundation is considered a component unit of the District with the inclusion of the statements as a discretely presented component unit. The Foundation is reported in separate financial statements because of the difference in its reporting model, as further described below.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

The Foundation is a not-for-profit organization under Internal Revenue Code (IRC) Section 501(c)(3) that reports its financial results in accordance with Financial Accounting Standards Codifications. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the Foundation's financial information in the District's financial reporting entity for these differences; however, significant note disclosures to the Foundation's financial statements have been incorporated into the District's notes to the financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

For financial reporting purposes, the District is considered a special-purpose government engaged only in business-type activities as defined by GASB Statements No. 34 and No. 35 as amended by GASB Statements No. 37, No. 38, and No. 39. This presentation provides a comprehensive entity-wide perspective of the District's assets, liabilities, activities, and cash flows and replaces the fund group perspective previously required. Fiduciary activities, with the exception of the Student Financial Aid Fund, are excluded from the basic financial statements. Accordingly, the District's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. The significant accounting policies followed by the District in preparing these financial statements are in accordance with accounting principles generally accepted in the United States of America as prescribed by GASB. Additionally, the District's policies comply with the California Community Colleges Chancellor's Office Budget and Accounting Manual. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. All material intra-agency and intrafund transactions have been eliminated.

Revenues resulting from exchange transactions, in which each party gives and receives essentially equal value, are classified as operating revenues. These transactions are recorded on the accrual basis when the exchange takes place. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, operating revenues consist primarily of student fees and auxiliary activities through the bookstore and cafeteria.

Nonexchange transactions, in which the District receives value without directly giving equal value in return, include State apportionments, property taxes, certain Federal and State grants, entitlements, and donations. Property tax revenue is recognized in the fiscal year received. State apportionment revenue is earned based upon criteria set forth from the Community Colleges Chancellor's Office and includes reporting of full-time equivalent students (FTES) attendance. The corresponding apportionment revenue is recognized in the period the FTES are generated. Revenue from Federal and State grants and entitlements are recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements may include time and/or purpose requirements.

Operating expenses are costs incurred to provide instructional services including support costs, auxiliary services, and depreciation of capital assets. All other expenses not meeting this definition are reported as nonoperating. Expenses are recorded on the accrual basis as they are incurred, when goods are received, or services are rendered.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

The financial statements are presented in accordance with the reporting model as prescribed in GASB Statement No. 34, Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments, and GASB Statement No. 35, Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities, as amended by GASB Statements No. 37, No. 38, and No. 39. The business-type activities model followed by the District requires the following components of the District's financial statements:

- Management's Discussion and Analysis
- Basic Financial Statements for the District as a whole including:
 - o Statements of Net Position Primary Government
 - o Statements of Revenues, Expenses, and Changes in Net Position Primary Government
 - o Statements of Cash Flows Primary Government
 - o Financial Statements for the Fiduciary Funds including:
 - o Statements of Fiduciary Net Position
 - Statements of Changes in Fiduciary Net Position
- Notes to Financial Statements

Cash and Cash Equivalents

The District's cash and cash equivalents are considered to be unrestricted cash on hand, demand deposits, and short-term unrestricted investments with original maturities of three months or less from the date of acquisition. Cash equivalents also include unrestricted cash with county treasury balances for purposes of the Statement of Cash Flows. Restricted cash and cash equivalents represent balances restricted by external sources such as grants and contracts or specifically restricted for the repayment of capital debt.

Investments

In accordance with GASB Statement No. 31, Accounting and Financial Reporting for Certain Investments and External Investment Pools, investments held at June 30, 2022, are stated at fair value. Fair value is estimated based on quoted market prices at year-end. Short-term investments have an original maturity date greater than three months, but less than one year at time of purchase. Long-term investments have an original maturity of greater than one year at the time of purchase.

Restricted Assets

Restricted assets arise when restrictions on their use change the normal understanding of the availability of the asset. Such constraints are either imposed by creditors, contributors, grantors, or laws of other governments or imposed by enabling legislation. Restricted assets represent investments required by debt covenants and contributions to be set aside by the District for the purpose of satisfying certain requirements of the debt issuance and program funding requirements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Accounts Receivable

Accounts receivable include amounts due from the Federal, State and/or local governments, or private sources, in connection with reimbursement of allowable expenditures made pursuant to the District's grants and contracts. Accounts receivable also consist of tuition and fee charges to students and auxiliary enterprise services provided to students, faculty, and staff, the majority of each residing in the State of California. Management has analyzed these accounts and believes most amounts are fully collectable.

Prepaid Expenses

Prepaid expenses represent payments made to vendors and others for services or contracts that will benefit periods beyond June 30.

Inventories

Inventories consist primarily of bookstore merchandise and cafeteria food and supplies held for resale to the students and faculty of the colleges. Inventories are stated at cost, utilizing the first-in, first-out method. The cost is recorded as an expense as the inventory is consumed.

Capital Assets and Depreciation

Capital assets are long-lived assets of the District as a whole and include land, construction in progress, buildings, leasehold improvements, and equipment. The District maintains an initial unit cost capitalization threshold of \$5,000 and an estimated useful life greater than one year. Assets are recorded at historical cost, or estimated historical cost, when purchased or constructed. The District does not possess any infrastructure. Donated capital assets are recorded at acquisition value. Improvements to buildings and land that significantly increase the value or extend the useful life of the asset are capitalized; the costs of routine maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are charged as an operating expense in the year in which the expense was incurred. Major outlays for capital improvements are capitalized as construction in progress as the projects are constructed.

Depreciation of capital assets is computed and recorded utilizing the straight-line method. Estimated useful lives of the various classes of depreciable capital assets are as follows: buildings, 25 to 50 years; improvements, 25 to 50 years; equipment, 5 to 10 years; vehicles, 5 to 10 years.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Accounts Payable and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported in the entity-wide financial statements.

Debt Issuance Costs and Premiums

Debt premiums are amortized over the life of the bonds using the straight-line method. Issuance costs are expended in the period incurred.

Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position also reports deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. The District reports deferred outflows of resources for pension related items.

In addition to liabilities, the Statement of Net Position reports a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The District reports deferred inflows of resources for pension related items.

Pensions

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the California State Teachers' Retirement System (CalSTRS) and the California Public Employees' Retirement System (CalPERS) plan for schools (Plans) and additions to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by CalSTRS and CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Member contributions are recognized in the period in which they are earned. Investments are reported at fair value.

Postemployment Benefits Other Than Pensions (OPEB)

For purposes of measuring the net OPEB liability and OPEB expense, information about the fiduciary net position of the District Plan and additions to/deductions from the District Plan have been determined on the same basis as they are reported by the District Plan. For this purpose, the District Plan recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value, except for money market investments and participating interest-earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Compensated Absences

Accumulated unpaid employee vacation and compensatory time benefits are accrued as a liability as the benefits are earned. The entire compensated absence liability is reported on the entity-wide financial statements. The current portion of unpaid compensated absences is recognized upon the occurrence of relevant events such as employee resignation and retirements that occur prior to year-end that have not yet been paid within the fund from which the employees who have accumulated the leave are paid.

Sick leave is accumulated without limit for each employee based upon negotiated contracts. Leave with pay is provided when employees are absent for health reasons; however, the employees do not gain a vested right to accumulated sick leave. Employees are never paid for any sick leave balance at termination of employment or any other time. Therefore, the value of accumulated sick leave is not recognized as a liability in the District's financial statements. Retirement credit for unused sick leave is applicable to all academic employees and is determined by dividing the number of unused sick days by the number of base service days required to complete the last school year, if employed full time.

Unearned Revenue

Unearned revenue arises when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period or when resources are received by the District prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the District has a legal claim to the resources, the liability for unearned revenue is removed from the combined balance sheet and revenue is recognized. Unearned revenue includes (1) amounts received for tuition and fees prior to the end of the fiscal year that are related to the subsequent fiscal year and (2) amounts received from Federal and State grants received before the eligibility requirements are met.

Noncurrent Liabilities

Noncurrent liabilities include bonds, certificates of participation, pensions, and OPEB obligations with maturities greater than one year.

Net Position

GASB Statements No. 34 and No. 35 report equity as "Net Position" and represent the difference between assets and liabilities. The net position is classified according to imposed restrictions or availability of assets for satisfaction of District obligations according to the following net asset categories:

Net Investment in Capital Assets consists of capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction, or improvement of those assets. To the extent debt has been incurred, but not yet expended for capital assets, such accounts are not included as a component invested in capital assets.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Restricted: Net position is reported as restricted when there are limitations imposed on their use, either through enabling legislation adopted by the District, or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The District first applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted resources are available.

Unrestricted: Net position that is not subject to externally imposed constraints. Unrestricted net position may be designated for specific purposes by action of the Board of Trustees or may otherwise be limited by contractual agreements with outside parties.

When both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first and the unrestricted resources when they are needed. The entity-wide financial statements report \$24,166,035 of total net position.

Operating Revenues and Expenses

Classification of Revenues - The District has classified its revenues as either operating or nonoperating. Certain significant revenue streams relied upon for operation are classified as nonoperating as defined by GASB Statements No. 34 and No. 35. Classifications are as follows:

Operating revenues - Operating revenues include activities that have the characteristics of exchange transactions such as student tuition and fees, net of scholarship discounts and allowances, Federal, State, and local grants and contracts, and sales and services of auxiliary enterprises.

Nonoperating revenues - Nonoperating revenues include activities that have the characteristics of nonexchange transactions such as State apportionments, property taxes, investment income, gifts and contributions, and other revenue sources defined in GASB Statements No. 34 and No. 35.

Classification of Expenses - Nearly all of the District's expenses are from exchange transactions and are classified as either operating or nonoperating according to the following criteria:

Operating expenses - Operating expenses are necessary costs to provide the services of the District and include employee salaries and benefits, supplies, operating expenses, and student financial aid.

Nonoperating expenses - Nonoperating expenses include interest expense and other expenses not directly related to the services of the District.

State Apportionments

Certain current year apportionments from the State are based on financial and statistical information of the previous year. Any corrections due to the recalculation of the apportionment are made in February of the subsequent year. When known and measurable, these recalculations and corrections are accrued in the year in which the FTES are generated.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Property Taxes

Secured property taxes attach as an enforceable lien on property as of January 1. The County Assessor is responsible for assessment of all taxable real property. Taxes are payable in two installments on November 1 and February 1 and become delinquent on December 10 and April 10, respectively. Unsecured property taxes are payable in one installment on or before August 31. The County of Kern bills and collects the taxes on behalf of the District. Local property tax revenues are recorded when received.

The voters of the District passed General Obligation Bonds for the acquisition, construction, and remodeling of certain District property. As a result of the passage of the Bond, property taxes are assessed on the property within the District specifically for the repayment of the debt incurred. The taxes are assessed, billed, and collected as noted above and remitted to the District when collected.

Scholarships, Discounts, and Allowances

Student tuition and fee revenue is reported net of scholarships, discounts, and allowances. Fee waivers approved by the Board of Governors are included within the scholarships, discounts, and allowances in the Statement of Revenues, Expenses, and Changes in Net Position. Scholarship discounts and allowances represent the difference between stated charges for enrollment fees and the amount that is paid by students or third parties making payments on the students' behalf.

Federal Financial Assistance Programs

The District participates in federally funded Pell Grants, SEOG Grants, and Federal Work-Study programs, as well as other programs funded by the Federal government. Financial aid to students is either reported as operating expenses or scholarship allowances, which reduce revenues. The amount reported as operating expense represents the portion of aid that was provided to the student in the form of cash. Scholarship allowances represent the portion of aid provided to students in the form of reduced tuition. These programs are audited in accordance with Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.

Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Interfund Activity

Interfund transfers and interfund receivables and payables are eliminated during the consolidation process in the Primary Government and Fiduciary Funds' financial statements, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Foundation Financial Statement Presentation

The Taft College Foundation presents its financial statements in accordance with Statement of Financial Accounting Codifications. The Taft College Foundation financial statements are presented on the accrual basis of accounting, have been prepared to present balances and transactions according to the existence or absence of donor-imposed restrictions. This has been accomplished by classification of net assets and transactions into two classes: net assets without donor restrictions and net assets with donor restrictions, as follows:

Net assets without donor restrictions are those resources that are currently available for operations.

Net assets with donor restrictions are those resources which are stipulated by donors for various scholarships or other programmatic uses.

Revenues are reported as increases in net assets without donor restrictions unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in net assets without donor restrictions. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in net assets without donor restrictions unless their use is restricted by explicit donor stipulation or by law.

Expiration of net assets with donor restrictions (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as reclassifications between the applicable classes of net assets.

Investments are reported at fair value in accordance with FASB Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures.

The Foundation is a not-for-profit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and related California Franchise Tax Codes.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

New Accounting Pronouncements

The Governmental Accounting Standards Board (GASB) has issued several pronouncements that may impact future financial presentations. Management has not currently determined what, if any, impact implementation of the following statements may have on the financial statements of the District.

GASB Statement No. 87 – In June 2017, GASB issued Statement No. 87, Leases. This standard's primary objective is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. The statement is effective for periods beginning after June 15, 2022. The District has implemented GASB Statement No. 87 for the year ending June 30, 2022.

GASB Statement No. 88 – In April 2018, GASB issued Statement No. 88, Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements. This standard's primary objective is to improve the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements. It also clarifies which liabilities governments should include when disclosing information related to debt. The statement is effective for periods beginning after June 15, 2020. The District has implemented GASB Statement No. 88, Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements for the year ended June 30, 2022.

GASB Statement No. 96 – Subscription-Based Information Technology Arrangements. This Statement provides guidance on the accounting and financial reporting for subscription based information technology arrangements (SBITAs) for government end users (governments). Under this Statement, a government generally should recognize a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability. A government should recognize the subscription liability at the commencement of the subscription term, which is when the subscription asset is placed into service. The statement is effective for fiscal year 2022- 23.

NOTE 3 – DEPOSITS AND INVESTMENTS

Policies and Practices

The District is authorized under California Government Code to make direct investments in local agency bonds, notes, or warrants within the State; U.S. Treasury instruments; registered State warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreements; medium term corporate notes; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security; and collateralized mortgage obligations.

Investment in County Treasury

The District is considered to be an involuntary participant in an external investment pool as the District is required to deposit all receipts and collections of monies with their County Treasurer (Education Code Section (ECS) 41001). The fair value of the District's investment in the pool is reported in the accompanying financial statements at amounts based upon the District's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

NOTE 3 - DEPOSITS AND INVESTMENTS, continued

General Authorizations

Limitations as they relate to interest rate risk, credit risk, and concentration of credit risk are indicated in the schedules below:

	Maximum	Maximum	Maximum
Authorized	Remaining	Percentage	Investment in
Investment Type	Maturity	of Portfolio	One Issuer
Local Agency bonds, Notes, Warrants	5 years	None	None
Registered State Bonds, Notes, Warrants	5 years	None	None

NOTE 3 – DEPOSITS AND INVESTMENTS, continued

Summary of Deposits and Investments

Deposits and investments as of June 30, 2022, consisted of the following:

	Primary				
		Government	Foundation		
Cash on hand and in banks	\$	24,191,270	\$	128,886	
Cash in revolving		14,153		-	
Cash in county treasury		9,387,234		-	
Investments		605,428		5,105,923	
Total Deposits and Investments	\$	34,198,085	\$	5,234,809	

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The District manages its exposure to interest rate risk by investing in the County Pool which purchases a combination of shorter term and longer term investments and which also times cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

California Government Code, Section 53601, limits the District's investments to maturities of five years. The weighted average days to maturity of the District's investment of cash in the County treasurer's investment pool is 637 days.

Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The investment policy of the District contains no limitations on the amount that can be invested in any one issuer beyond the amount stipulated by the California Government Code. Investments in any one issuer that represent five percent or more of the total investments are as follows:

		Reported		
Investment Type	lssuer		Amount	
Corporate Notes	US Bank	\$	1,220,801	
Corporate Notes	UBS (Foundation)	\$	5,105,923	

NOTE 3 – DEPOSITS AND INVESTMENTS, continued

Custodial Credit Risk - Deposits

This is the risk that in the event of a bank failure, the District's deposits may not be returned to it. However, the California Government Code requires that a financial institution secure deposits made by State or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under State law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110 percent of the total amount deposited by the public agency. California law also allows financial institutions to secure public deposits by pledging first trust deed mortgage notes having a value of 150 percent of the secured public deposits and letters of credit issued by the Federal Home Loan Bank of San Francisco having a value of 105 percent of the secured deposits. As of June 30, 2022, the carrying amount of the District cash accounts held in banks was \$24,191,270 of which \$250,000 was insured. This excess is exposed to custodial credit risk because it was uninsured and collateralized with securities held by the pledging financial institution's trust department or agent, but not in the name of the District.

Custodial Credit Risk - Investments

This is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. The California government Code and the District's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for investments.

NOTE 4 – FAIR VALUE MEASUREMENTS

The District categorizes the fair value measurements of its investments based on the hierarchy established by generally accepted accounting principles. The fair value hierarchy, which has three levels, is based on the valuation inputs used to measure an asset's fair value. The following provides a summary of the hierarchy used to measure fair value:

Level 1 - Quoted prices in active markets for identical assets that the District has the ability to access at the measurement date. Level 1 assets may include debt and equity securities that are traded in an active exchange market and that are highly liquid and are actively traded in over-the-counter markets.

Level 2 - Observable inputs, other than Level 1 prices, such as quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, or other inputs that are observable, such as interest rates and curves observable at commonly quoted intervals, implied volatilities, and credit spreads. For financial reporting purposes, if an asset has a specified term, a Level 2 input is required to be observable for substantially the full term of the asset.

Level 3 - Unobservable inputs should be developed using the best information available under the circumstances, which might include the District's own data. The District should adjust that data if reasonably available information indicates that other market participants would use different data or certain circumstances specific to the District are not available to other market participants.

Uncategorized - Investments in the Kern County Treasury Investment Pool, Master Trusts, and Certificates of Deposit are not measured using the input levels above because the District's transactions are based on a stable net asset value per share. All contributions and redemptions are transacted at \$1.00 net asset value per share.

NOTE 5 – ACCOUNTS RECEIVABLE

Accounts receivable for the District consisted primarily of intergovernmental grants, entitlements, interest, and other local sources.

The following is a summary of accounts receivable for the fiscal year ended June 30, 2022:

	Primary			
		Government		
Federal Government				
Categorical aid	\$	242,406		
State Government				
Apportionment		3,001,775		
Categorical aid		354,601		
Other state sources		236,392		
Local Sources				
Student receivables		1,251,342		
Categorical aid		64,351		
Other local sources		657,681		
Total	\$	5,808,548		

NOTE 6 – CAPITAL ASSETS

Capital asset activity for the District for the fiscal year ended June 30, 2022, was as follows:

	Balance			Balance
	July 1, 2021	Additions	Deductions	June 30, 2022
Capital Assets Not Being Depreciated				_
Land	\$ 1,473,619	\$ -	\$ -	\$ 1,473,619
Construction in progress	15,172,537	1,913,945	17,036,842	49,640
Total Capital Assets Not Being Depreciated	16,646,156	1,913,945	17,036,842	1,523,259
Canital Assats Bains Danyasiated				
Capital Assets Being Depreciated				
Land and building improvements	9,125,814	456,696	-	9,582,510
Buildings	85,908,251	16,917,945	-	102,826,196
Furniture and equipment	10,115,171	475,673	-	10,590,844
Total Capital Assets Being Depreciated	105,149,236	17,850,314	-	122,999,550
Total Capital Assets	121,795,392	19,764,259	17,036,842	124,522,809
Less Accumulated Depreciation				
Land and building improvements	4,739,682	543,258	-	5,282,940
Buildings	33,903,604	2,421,006	-	36,324,610
Furniture and equipment	9,134,930	308,209	-	9,443,139
Total Accumulated Depreciation	47,778,216	3,272,473	-	51,050,689
Net Capital Assets	\$74,017,176	\$16,491,786	\$17,036,842	\$ 73,472,120

NOTE 7 – ACCOUNTS PAYABLE

The following is a summary of accounts payable for the fiscal year ended June 30, 2022:

		Primary				
	G	overnment				
Vendors payable	\$	553,271				
Salaries and benefits		654,185				
Accrued interest		238,242				
Total	\$	1,445,698				

NOTE 8 – UNEARNED REVENUE

The following is a summary of unearned revenue for the fiscal year ended June 30, 2022:

	Primary				
	Government				
Federal financial assistance	\$	400,322			
State categorical aid		5,159,354			
Local sources		550,342			
Total	\$	6,110,018			

NOTE 9 – INTERFUND TRANSACTIONS

Interfund Receivables and Payables (Due To/Due From)

Interfund receivable and payable balances arise from interfund transactions and are recorded by all funds affected in the period in which transactions are executed. Interfund activity within the governmental funds and fiduciary funds has been eliminated respectively in the consolidation process of the basic financial statements.

Interfund Operating Transfers

Operating transfers between funds of the District are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use restricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations. Operating transfers within the funds of the District have been eliminated in the consolidation process.

NOTE 10 – LONG-TERM OBLIGATIONS

Summary

The changes in the District's long-term obligations during the 2022 fiscal year consisted of the following:

				ı	Payments			
	Balance				and	Balance	D	ue Within
	July 1, 2021 Additions			R	Reductions	June 30, 2022	(One Year
General obligation bonds	\$27,831,883	\$	43,547	\$	1,775,000	\$ 26,100,430	\$	1,885,430
Unamortized bond premium	2,553,165		-		238,242	2,314,923		-
Certificates of participation	10,430,000		-		-	10,430,000		-
Net OPEB liability	16,867,273		-		2,584,153	14,283,120		-
Compensated absences	662,193		-		100,313	561,880		-
Total long-term obligations	\$ 58,344,514	\$	43,547	\$	4,697,708	\$ 53,690,353	\$	1,885,430

Payments on the general obligation bonds are made by the Bond Interest and Redemption Fund and the Debt Service Fund with local property tax revenues. Payments on the certificates of participation are paid by the Debt Service Fund. The other postemployment benefit obligations are paid by the General Fund.

NOTE 10 – LONG-TERM OBLIGATIONS, continued

2022 - Refunding

A schedule of changes in COPs for the year ended June 30, 2022 is shown below:

					COPs			COPs	
	Issuance	11/1/2034	Maturity	Amount of	Outstanding			Outstanding	Due Within
Series	Date	Yield	Date	Original Issue	July 1, 2021	Additions	Redeemed	June 30, 2022	One Year
2020 COPs	1/9/2020	1.20 - 2.96%	11/1/2049	\$ 10,430,000	\$10,430,000	\$ -	\$ -	\$ 10,430,000	\$ -
		Total C	OPs	\$ 10,430,000	\$10,430,000	\$ -	\$ -	\$ 10,430,000	\$ -

NOTE 11 – POSTEMPLOYMENT BENEFITS

For the fiscal year ended June 30, 2022, the District reported net OPEB liability and OPEB expense for the following plan:

	Net OPEB		De	eferred Outflows	D	eferred Inflows	OPEB		
OPEB Plan	Lia	bility (Asset)		of Resources		of Resources	Expense (Benefit)		
District Plan	\$	14,283,120	\$	1,796,429	\$	3,387,007	\$	(418,523)	
MPP Program									

The District's governing board administers the Postemployment Benefits Plan (the Plan). The Plan is a single employer defined benefit plan that is used to provide postemployment benefits other than pensions (OPEB) for eligible retirees and their spouses.

The Benefits Trust Company (BTC) administers the West Kern Community College District's Postemployment Benefits Plan (the Plan). The Plan is a single employer defined benefit plan that is used to provide postemployment benefits other than pensions (OPEB) for eligible retirees and their spouses.

Financial information for BTC can be found on the BTC website at: http://www.benefitstrust.org.

	Number of
	Participants
Inactive Employees Receiving Benefits	97
Active Employees	139_
	236

NOTE 11 – POSTEMPLOYMENT BENEFITS, continued

Benefits Provided

The Plan provides medical and dental insurance benefits to eligible retirees and their spouses. Benefits are provided through a third-party insurer, and the full cost of benefits is covered by the Plan. The District's governing board has the authority to establish and amend the benefit terms as contained within the negotiated labor agreements.

Contributions

The contribution requirements of Plan members and the District are established and may be amended by the District, the faculty union, the local California Service Employees Association (CSEA), and unrepresented groups. The required contribution is based on projected pay-as-you-go financing requirements, with an additional amount to prefund benefits as determined annually through the agreements with the District and the groups. For fiscal year 2021-2022, the District contributed \$1,919,662 to the Plan, of which \$1,276,784 was used for current premiums and \$642,877 was used to fund the OPEB Trust.

Net OPEB Liability of the District

The District's net OPEB liability of \$14,283,120 was measured as of June 30, 2022, by an actuarial valuation as of that date. The components of the net OPEB liability of the District at June 30, 2022, were as follows:

Total OPEB liability	\$ 23,430,727
Plan fiduciary net position	9,147,607
District's net OPEB liability	\$ 14,283,120

Plan fiduciary net position as a percentage of the total OPEB liability 39.04%

The total OPEB liability in the June 30, 2022, actuarial valuation was determined using the following assumptions, applied to all periods included in the measurement, unless otherwise specified:

Valuation date	June 30, 2022
Measurement date	June 30, 2022
Fiscal year	July 1st to June 30th
Actuarial cost methods	Entry age normal cost method
Inflation rate	2.50%
Investment rate of return	3.54%
Discount rate	3.54%
Health care cost trend rate	4.00%
Payroll increase	2.75%

The discount rate was based on the Bond Buyer 20-bond General Obligation Index.

NOTE 11 – POSTEMPLOYMENT BENEFITS, continued

Mortality rates were based on the 2009 CalSTRS Mortality Table for certificated employees and the 2014 CalPERS Active Mortality for Miscellaneous Employees Table for classified employees. Mortality rates vary by age and sex. (Unisex mortality rates are not often used as individual OPEB benefits do not depend on the mortality table used.) If employees die prior to retirement, past contributions are available to fund benefits for employees who live to retirement. After retirement, death results in benefit termination or reduction. Although higher mortality rates reduce service costs, the mortality assumption is not likely to vary from employer to employer.

The actual assumptions used in the June 30, 2022, valuation were based on the results of an actual experience study for the period July 1, 2021 to June 30, 2022.

Changes in the Net OPEB Liability

	Increase/(Decrease)				
	Total OPEB	Net OPEB			
	Liability	Net Position	Liability (Asset)		
	(a)	(b)	(a) - (b)		
Balance July 1, 2021	\$27,577,190	\$ 10,709,917	\$ 16,867,273		
Changes for the year:					
Service cost	654,325	-	654,325		
Interest	1,567,793	-	1,567,793		
Employer contributions to Trust	-	642,878	(642,878)		
Employee contributions as Benefit Payr	-	1,276,784	(1,276,784)		
Experience (gains)/losses	(5,091,797)	-	(5,091,797)		
Expected investment income	-	632,325	(632,325)		
Investment (gains)/losses	-	(2,768,727)	2,768,727

Expected benefit payments	(1,276,784)	(1,276,784)	-		
Net change	(4,146,463)	(1,562,310)	(2,584,153)		
Balance June 30, 2022	\$ 23,430,727	\$ 9,147,607	\$ 14,283,120		

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate

The following presents the net OPEB liability of the District, as well as what the District's net OPEB liability would be if it were calculated using a discount rate that is one percent lower or higher than the current rate:

	Discount Rate	Current	Discount Rate
	1% Lower	Discount Rate	1% Higher
	(2.54%)	3.54%	(4.54%)
Net OPEB liability	\$ 17,312,805	\$ 14,283,120	\$ 11,766,297

NOTE 11 – POSTEMPLOYMENT BENEFITS, continued

Sensitivity of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rates

The following presents the net OPEB liability of the District, as well as what the District's net OPEB liability would be if it were calculated using healthcare cost trend rates that are one percent lower or higher than the current healthcare costs trend rates:

	Trend Rate	Current	Trend Rate
	1% Lower	Trend Rate	1% Higher
	(3.00%)	(4.00%)	(5.00%)
Net OPEB liability	\$ 11,416,339	\$ 14,283,120	\$ 17,799,929

Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2022, the District's reported \$1,796,429 of deferred outflows of resources related to investment gains and losses. The District reported \$3,387,007 deferred inflows of resources as of June 30, 2022.

Amounts reported as deferred outflows and deferred inflows of resources will be recognized in OPEB expense as follows:

	Deferred			
	0	utflows/(Inflows)		
Year Ended June 30,		of Resources		
2023	\$	(157,441)		
2024		(171,533)		
2025		(179,252)		
2026		155,527		
2027		(398,216)		
Thereafter		(839,663)		
	\$	(1,590,578)		

NOTE 12 – RISK MANAGEMENT

Joint Powers Authority Risk Pools

During fiscal year ending June 30, 2022, the District contracted with the Self Insured Schools of California II (SISC II) Joint Powers Authority for property and liability insurance coverage, health and welfare benefits as well as workers compensation coverage. Settled claims have not exceeded this commercial coverage in any of the past three years. There has not been a significant reduction in coverage from the prior year.

Workers' Compensation

For fiscal year 2021-2022, the District participated in the Self Insured Schools of California I (SISC I) Joint Powers Authority (JPA), an insurance purchasing pool. The intent of the JPA is to achieve the benefit of a reduced premium for the District by virtue of its grouping and representation with other participants in the JPA. The workers' compensation experience of the participating districts is calculated as one experience, and a common premium rate is applied to all districts in the JPA. Each participant pays its workers' compensation premium based on its individual rate. Total savings are then calculated and each participant's individual performance is compared to the overall saving. A participant will then either receive money from or be required to contribute to the "equity-pooling fund." This "equity pooling" arrangement ensures that each participant shares equally in the overall performance of the JPA. Participation in the JPA is limited to K-12 and community college districts that can meet the JPA's selection criteria.

Employee Medical Benefits

The District has contracted with Self Insured Schools of California III (SISC III) to provide employee medical benefits. SISC III is a shared risk pool comprised of members of participating districts in California. Rates are set through an annual calculation process. The District pays a monthly contribution which is placed in a common fund from which claim payments are made for all participating districts. Claims are paid for all participants regardless of the claim's flow. The Board of Directors has the right to return monies to a district subsequent to the settlement of all expenses and claims if a district withdraws from the pool.

NOTE 13 – EMPLOYEE RETIREMENT SYSTEMS

Qualified employees are covered under multiple-employer defined benefit pension plans maintained by agencies of the State of California. Academic employees are members of CalSTRS and classified employees are members of CalPERS.

For the fiscal year ended June 30, 2022, the District reported net pension liabilities, deferred outflows of resources, deferred inflows of resources, and pension expense for each of the above plans as follows:

			(Collective		Collective		
	Co	ollective Net	Defer	red Outflows	Def	erred Inflows		Collective
Pension Plan	Pension Liability		of Resources		0	f Resources	Pens	sion Expense
CalSTRS	\$	7,168,060	\$	2,673,084	\$	7,049,471	\$	352,345
CalPERS		10,803,715		2,415,949		5,578,641		481,503
Total	\$	17,971,775	\$	5,089,033	\$	12,628,112	\$	833,848

NOTE 13 – EMPLOYEE RETIREMENT SYSTEMS, continued

California State Teachers' Retirement System (CalSTRS)

Plan Description

The District contributes to the State Teachers Retirement Plan (STRP) administered by the California State Teachers' Retirement System (CalSTRS). STRP is a cost-sharing multiple-employer public employee retirement system defined benefit pension plan. Benefit provisions are established by State statutes, as legislatively amended, within the State Teachers' Retirement Law.

A full description of the pension plan regarding benefit provisions, assumptions (for funding, but not accounting purposes), and membership information is listed in the June 30, 2019, annual actuarial valuation report, Defined Benefit Program Actuarial Valuation. This report and CalSTRS audited financial information are publicly available reports that can be found on the CalSTRS website under Publications at: http://www.calstrs.com/member-publications.

Benefits Provided

The STRP provides retirement, disability and survivor benefits to beneficiaries. Benefits are based on members' final compensation, age, and years of service credit. Members hired on or before December 31, 2012, with five years of credited service are eligible for the normal retirement benefit at age 60. Members hired on or after January 1, 2013, with five years of credited service are eligible for the normal retirement benefit at age 62. The normal retirement benefit is equal to 2.0 percent of final compensation for each year of credited service.

The STRP is comprised of four programs: Defined Benefit Program, Defined Benefit Supplement Program, Cash Balance Benefit Program, and Replacement Benefits Program. The STRP holds assets for the exclusive purpose of providing benefits to members and beneficiaries of these programs. CalSTRS also uses plan assets to defray reasonable expenses of administering the STRP. Although CalSTRS is the administrator of the STRP, the state is the sponsor of the STRP and obligor of the trust. In addition, the state is both an employer and nonemployer contributing entity to the STRP.

The District contributes exclusively to the STRP Defined Benefit Program, thus disclosures are not included for the other plans. The STRP provisions and benefits in effect at June 30, 2022, are summarized as follows:

	STRP Defined Benefit Plan		
	On or before	On or after	
Hire date	December 31, 2012	January 1, 2013	
Benefit formula	2% at 60	2% at 62	
Benefit vesting schedule	5 years of service	5 years of service	
Benefit payments	Monthly for life	Monthly for life	
Retirement age	60	62	
Monthly benefits as a percentage of eligible compensation	2.0% - 2.4%	2.0% - 2.4%	
Required employee contribution rate	10.25%	10.205%	
Required employer contribution rate	16.92%	16.92%	
Required state contribution rate	10.828%	10.828%	

^{*}The rate imposed on CalSTRS 2% at 62 members assuming no change in the normal cost of benefits.

NOTE 13 - EMPLOYEE RETIREMENT SYSTEMS, continued

Contributions

Required member, District and State of California contributions rates are set by the California Legislature and Governor and detailed in Teachers' Retirement Law. The contributions rates are expressed as a level percentage of payroll using the entry age normal actuarial method. In accordance with AB 1469, employer contributions into the CalSTRS will be increasing to a total of 19.1 percent of applicable member earnings phased over a seven-year period. The contribution rates for each plan for the year ended June 30, 2022, are presented on the proceeding page and the District's total contributions were \$2,621,292.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2022, the District reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related state support and the total portion of the net pension liability that was associated with the District were as follows:

Total net pension liability, including State share:

District's proportionate share of the net pension liability	\$ 7,168,060
State's proportionate share of the net pension liability	
associated with the District	3,606,765
Total	\$ 10,774,825

The net pension liability was measured as of June 30, 202. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts and the State, actuarially determined. The District's proportionate share for the measurement period June 30, 2021 and June 30, 2020, respectively was 0.01575 percent and 0.01573 percent, resulting in a net increase in the proportionate share of 0.00002 percent.

NOTE 13 – EMPLOYEE RETIREMENT SYSTEMS, continued

For the year ended June 30, 2022, the District recognized pension expense of \$352,345. In addition, the District recognized pension expense and revenue of \$1,005,445 for support provided by the State. At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferr	ed Outflows of	Defe	rred Inflows of
	Resources		Resources	
Difference between projected and actual earnings on				_
plan investments	\$	-	\$	5,670,532
Differences between expected and actual experience		17,956		762,987
Changes in assumptions		1,015,300		-
Net changes in proportionate share of net pension liability		634,383		615,952
District contributions subsequent to the measurement date		1,005,445		
Total	\$	2,673,084	\$	7,049,471

The deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the subsequent fiscal year. The deferred outflows/(inflows) of resources related to pensions will be recognized as follows:

D . C

		Deferred
	Out	flows/(Inflows)
Year Ended June 30,	0	f Resources
2023	\$	(1,137,505)
2024		(937,159)
2025		(1,366,942)
2026		(1,790,095)
2027		(74,323)
Thereafter		(75,808)
	\$	(5,381,832)

Actuarial Methods and Assumptions

Total pension liability for STRP was determined by applying update procedures to a financial reporting actuarial valuation as of June 30, 2020 and rolling forward the total pension liability to June 30, 2021. The financial reporting actuarial valuation as of June 30, 2020, used the following methods and assumptions, applied to all prior periods included in the measurement:

Valuation date	June 30, 2020
Measurement date	June 30, 2021
Experience study	July 1, 2015, through June 30, 2018
Actuarial cost method	Entry Age Normal
Discount rate	7.10%
Investment rate of return	7.10%
Consumer price inflation	2.75%
Wage growth	3.50%

NOTE 13 - EMPLOYEE RETIREMENT SYSTEMS, continued

CalSTRS uses a generational mortality assumption, which involves the use of a base mortality table and projection scales to reflect expected annual reductions in mortality rates at each age, resulting in increases in life expectancies each year into the future. The base mortality tables are CalSTRS custom tables derived to best fit the patterns of mortality among its members. The projection scale was set equal to 110 percent of the ultimate improvement factor from the Mortality Improvement Scale (MP-2016) table, issued by the Society of Actuaries.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. The best estimate ranges were developed using capital market assumptions from CalSTRS general investment consultant (Pension Consulting Alliance-PCA) as an input to the process. The actuarial investment rate of return assumption was adopted by the board in February 2017 in conjunction with the most recent experience study. For each future valuation, CalSTRS consulting actuary (Milliman) reviews the return assumption for reasonableness based on the most current capital market assumptions. Best estimates of 20-year geometrically-linked real rates of return and the assumed asset allocation for each major asset class for the year ended June 30, 2022, are summarized in the following table:

	Assumed Asset	Long-term Expected
Asset Class	Allocation	Real Rate of Return*
Public Equity	42%	4.8%
Real Estate	15%	3.6%
Private Equity	13%	6.3%
Fixed Income	12%	1.3%
Risk Mitigating Strategies	10%	1.8%
Inflation Sensitive	6%	3.3%
Cash/Liquidity	2%	-0.4%
	100%	_
122		_

^{*20-}year average

NOTE 13 – EMPLOYEE RETIREMENT SYSTEMS, continued

Discount Rate

The discount rate used to measure the total pension liability was 7.10 percent. The projection of cash flows used to determine the discount rate assumed the contributions from plan members and employers will be made at statutory contribution rates. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.10 percent) and assuming that contributions, benefit payments and administrative expense occurred midyear. Based on these assumptions, the STRP's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine total pension liability.

The following presents the District's proportionate share of the net pension liability calculated using the current discount rate as well as what the net pension liability would be if it were calculated using a discount rate that is one percent lower or higher than the current rate:

	1%		Current	1%
	Decrease	Dis	count Rate	Increase
	 (6.10%)		(7.10%)	(8.10%)
Plan's net pension liability	\$ 70,131,024	\$	34,451,550	\$ 4,838,267

NOTE 13 - EMPLOYEE RETIREMENT SYSTEMS, continued

California Public Employees Retirement System (CalPERS)

Qualified employees are eligible to participate in the School Employer Pool (SEP) under the California Public Employees' Retirement System (CalPERS), a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by CalPERS. Benefit provisions are established by State statutes, as legislatively amended, within the Public Employees' Retirement Law.

A full description of the pension plan regarding benefit provisions, assumptions (for funding, but not accounting purposes), and membership information is listed in the June 30, 2020, annual actuarial valuation report, Schools Pool Actuarial Valuation. This report and CalPERS audited financial information are publicly available reports that can be found on the CalPERS website under Forms and Publications at: https://www.calpers.ca.gov/page/forms-publications.

Benefits Provided

CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of service credit, a benefit factor and the member's final compensation. Members hired on or before December 31, 2012, with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. Members hired on or after January 1, 2013, with five years of total service are eligible to retire at age 52 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after five years of service. The Basic Death Benefit is paid to any member's beneficiary if the member dies while actively employed. An employee's eligible survivor may receive the 1957 Survivor Benefit if the member dies while actively employed, is at least age 50 (or 52 for members hired on or after January 1, 2013), and has at least five years of credited service. The cost of living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

The CalPERS provisions and benefits in effect at June 30, 2022, are summarized as follows:

School Employer Pool (CalPERS)					
On or before	On or after				
December 31, 2012	January 1, 2013				
2% at 55	2% at 62				
5 years of service	5 years of service				
Monthly for life	Monthly for life				
55	62				
1.1% - 2.5%	1.0% - 2.5%				
7.000%	7.000%				
22.910%	22.910%				
	On or before December 31, 2012 2% at 55 5 years of service Monthly for life 55 1.1% - 2.5% 7.000%				

NOTE 13 - EMPLOYEE RETIREMENT SYSTEMS, continued

Contributions

Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Total plan contributions are calculated through the CalPERS annual actuarial valuation process. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The District is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. The contributions rates are expressed as percentage of annual payroll. The contribution rates for each plan for the year ended June 30, 2022, are presented above and the total District contributions were \$1,847,785.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

As of June 30, 2022, the District reported net pension liabilities for its proportionate share of the CalPERS net pension liability totaling \$10,803,715. The net pension liability was measured as of June 30, 2021. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating school districts, actuarially determined. The District's proportionate share for the measurement period June 30, 2021 and June 30, 2020, respectively was 0.0531 percent and 0.0578 percent, resulting in a net decrease in the proportionate share of 0.0047 percent.

For the year ended June 30, 2022, the District recognized pension expense of \$481,503. At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Difference between projected and actual earnings on
plan investments
Differences between expected and actual experience
Net changes in proportionate share of net pension liability
District contributions subsequent to the measurement date
Total

Defe	erred Outflows of	Defe	erred Inflows of
	Resources		Resources
			_
\$	-	\$	4,146,143
	322,518		25,470
	245,646		1,407,028
	1,847,785		-
\$	2,415,949	\$	5,578,641

NOTE 13 – EMPLOYEE RETIREMENT SYSTEMS, continued

The deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the subsequent fiscal year. The deferred outflows/(inflows) of resources related to pensions will be recognized as follows

	Deferred				
	Outflows/(Inflows)				
Year Ended June 30,	О	f Resources			
2023	\$	(1,321,717)			
2024		(1,076,707)			
2025		(1,188,306)			
2026		(1,423,747)			
	\$	(5,010,477)			

Actuarial Methods and Assumptions

Total pension liability for the SEP was determined by applying update procedures to a financial reporting actuarial valuation as of June 30, 2020, and rolling forward the total pension liability to June 30, 2021. The financial reporting actuarial valuation as of June 30, 2020, used the following methods and assumptions, applied to all prior periods included in the measurement:

Valuation date	June 30, 2020
Measurement date	June 30, 2021
Experience study	July 1, 1997, through June 30, 2015
Actuarial cost method	Entry Age Normal
Discount rate	7.15%
Investment rate of return	7.15%
Consumer price inflation	2.50%
Wage growth	Varies by entry age and service

The mortality table used was developed based on CalPERS-specific data. The table includes 20 years of mortality improvements using Society of Actuaries Scale BB.

NOTE 13 - EMPLOYEE RETIREMENT SYSTEMS, continued

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound returns were calculated over the short-term (first ten years) and the long-term (11+ years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the rounded single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equal to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses. The target asset allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

	Assumed Asset	Real Return	Real Return
Asset Class*	Allocation	Years 1 - 10**	Years 11+***
Global Equity	50%	4.80%	5.98%
Fixed Income	28%	1.00%	2.62%
Inflation Assets	0%	0.77%	1.81%
Private Equity	8%	6.30%	7.23%
Real Assets	13%	3.75%	4.93%
Liquidity	1%	0.00%	-0.92%
	100%		

^{*}In the System's CAFR, Fixed Income is included in Global Debt Securities; Liquidity is included in Short-term Investments; Inflation Assets are included in both Global Equity Securities and Global Debt Securities.

Discount Rate

The discount rate used to measure the total pension liability was 7.15 percent. The projection of cash flows used to determine the discount rate assumed the contributions from plan members and employers will be made at statutory contribution rates. Based on these assumptions, the School Employer Pool fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term assumed investment rate of return was applied to all periods of projected benefit payments to determine total pension liability.

The following presents the District's proportionate share of the net pension liability calculated using the current discount rate as well as what the net pension liability would be if it were calculated using a discount rate that is one percent lower or higher than the current rate:

	1%		Current	1%
	Decrease	D	iscount Rate	Increase
	(6.15%)		(7.15%)	(8.15%)
Plan's net pension liability	\$ 18,216,580	\$	10,803,715	\$ 4,649,446

^{**}An expected inflation of 2.0% used for this period

^{***}An expected inflation of 2.92% used for this period

NOTE 13 – EMPLOYEE RETIREMENT SYSTEMS, continued

Deferred Compensation

The District offers its employees a CalPERS administered 457 Deferred Compensation Program (the Program). The Program, available to all permanent employees, permits them to defer a portion of pre-tax salary into investment of an individual's own choosing until future years. The deferred compensation is not available to the employees or their beneficiaries until termination, retirement, death, or an unforeseeable emergency. The CalPERS Board controls the investment and administrative functions of the CalPERS 457 Deferred Compensation Program. The Board for the exclusive benefit of participating employees, which adds security, holds the assets in trust.

On Behalf Payments

The State of California makes contributions to CalSTRS and CalPERS on behalf of the District. These payments consist of State General Fund contributions to CalSTRS for the fiscal year ended June 30, 2022, which amounted to \$1,615,847, (11.94 percent) of salaries subject to CalSTRS. Contributions are no longer appropriated in the annual Budget Act for the legislatively mandated benefits to CalPERS. Therefore, there is no on behalf contribution rate for CalPERS. No contributions were made for CalPERS for the year ended June 30, 2022. Under accounting principles generally accepted in the United States of America, these amounts are to be reported as revenues and expenditures. These amounts have been reflected in the basic financial statements as a component of operating revenue and employee benefit expense.

NOTE 14 – PARTICIPATION IN PUBLIC ENTITY RISK POOLS AND JOINT POWERS AUTHORITIES

The District is a member of the Self-Insured Schools of California (SISC) Joint Powers Authority JPA. The District pays annual premiums for its workers' compensation, health and welfare, and property/liability coverage. The relationship between the District and the JPA is such that it is not a component unit of the District for financial reporting purposes.

The JPA has budgeting and financial reporting requirements independent of member units and their financial statements are not presented in these financial statements; however, transactions between the JPAs and the District are included in these statements. Audited financial statements are available from the respective entities.

The District's share of year-end assets, liabilities, or fund equity has not been calculated.

During the year ended June 30, 2022, the District made payments of \$153,845 and \$4,096,367 to SISC for its workers' compensation and health and welfare coverage, respectively. The District also made payments of \$149,130 to SWACC for its property/liability coverage and \$53,052 to Student Insurance for its student liability insurance coverage.

NOTE 15 – COMMITMENTS AND CONTINGENCIES

Grants

The District receives financial assistance from Federal and State agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the District. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the District at June 30, 2022.

Litigation

The District is involved in various litigation arising from the normal course of business. In the opinion of management and legal counsel, the disposition of all litigation pending is not expected to have a material adverse effect on the overall financial position of the District at June 30, 2022.

Related Party Transactions

WESTEC

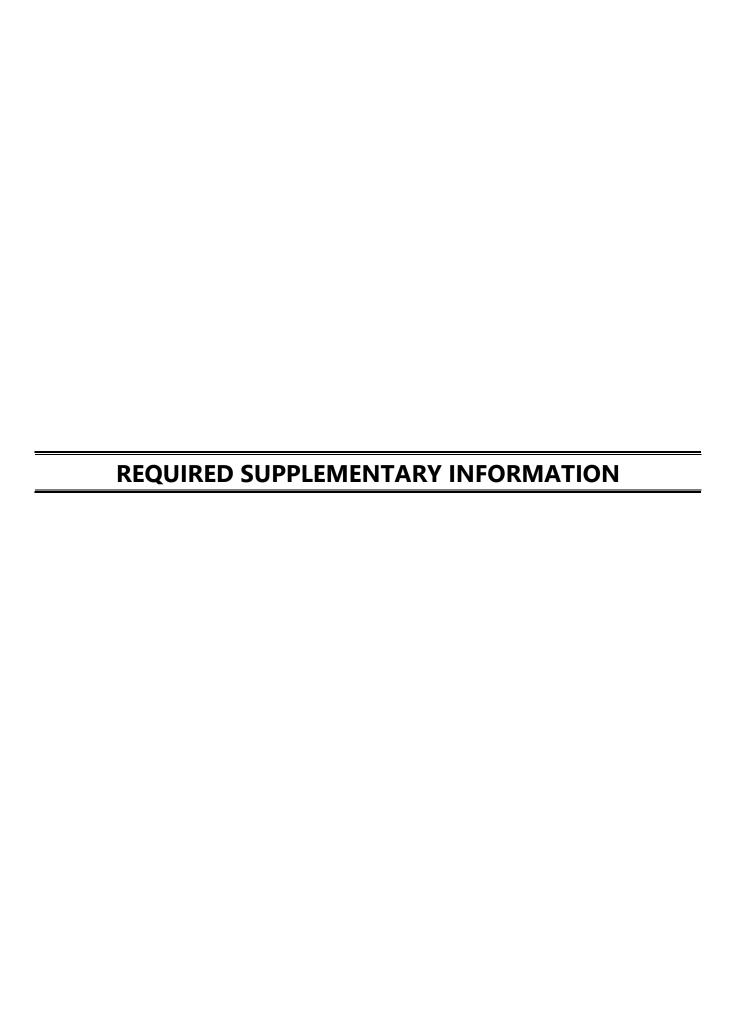

Taft College and WESTEC share administrative and other costs and are considered to be related parties. Certain data processing, administrative services, and purchases are performed on behalf of, or for Taft College by WESTEC. WESTEC also has a relation with Taft College in that the North Kern Training Center (NKTC) was purchased by Taft College. In turn, WESTEC maintains the center and incurs costs such as betterments and improvements. As is the case with WESTEC's original Taft facility, NKTC use charges are based on a per student per class fee payable to Taft College.

Impounded Property Taxes

Each year several property tax assessments are protested. Accordingly, the District impounds monies in order to repay the assessments in the event the District should lose any of the protests.

NOTE 16 – SUBSEQUENT EVENTS

The District evaluated subsequent events from June 30, 2022 through December 19, 2022, the date the financial statements were available to be issued. No subsequent events occurred requiring accrual or disclosure.

WEST KERN COMMUNITY COLLEGE DISTRICT NOTE TO REQUIRED SUPPLEMENTARY INFORMATION JUNE 30, 2022

NOTE 1 - PURPOSE OF SCHEDULES

Schedule of Changes in the Net OPEB Liability and Related Ratios

This schedule presents information on the District's changes in the net OPEB liability, including beginning and ending balances, the plan's fiduciary net position, and the net OPEB liability. In the future, as data becomes available, ten years of information will be presented. There were no changes in benefit terms or assumptions in the current year.

Schedule of Contributions - OPEB

This schedule presents information on the District's required contribution, the amounts actually contributed, and any excess or deficiency related to the required contribution. In the future, as data becomes available, ten years of information will be presented.

Schedule of the Proportionate Share of the Net Pension Liability

This schedule presents information on the District's proportionate share of the net pension liability (NPL), the plans' fiduciary net position and, when applicable, the State's proportionate share of the NPL associated with the District. In the future, as data becomes available, ten years of information will be presented.

Changes in Benefit Terms - There were no changes in benefit terms since the previous valuations for both CalSTRS and CalPERS.

Changes of Assumptions - There were no changes in assumptions since the previous valuations for both CalSTRS and CalPERS.

Schedule of Contributions - Pensions

This schedule presents information on the District's required contribution, the amounts actually contributed, and any excess or deficiency related to the required contribution. In the future, as data becomes available, ten years of information will be presented.

WEST KERN COMMUNITY COLLEGE DISTRICT DISTRICT ORGANIZATION JUNE 30, 2022

The West Kern Community College District was established in 1922 and is comprised of an area of approximately 735 square miles located in Kern County, in the City of Taft. There were no changes in the boundaries of the District during the current year. The District's one college is accredited by the Western Association of Schools and Junior Colleges.

WEST KERN COMMUNITY COLLEGE DISTRICT NOTE TO SUPPLEMENTARY INFORMATION JUNE 30, 2022

NOTE 1 - PURPOSE OF SCHEDULES

District Organization

This schedule provides information about the District's governing board members and administration members.

Schedule of Expenditures of Federal Awards

The accompanying Schedule of Expenditures of Federal Awards includes the Federal grant activity of the District and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (Part 200), Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements. The District has not elected to use the ten percent de minimis cost rate as covered in Section 200.414 Indirect (F&A) costs of the Uniform Guidance.

Schedule of Expenditures of State Awards

The accompanying Schedule of Expenditures of State Awards includes the State grant activity of the District and is presented on the modified accrual basis of accounting. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements. The information in this schedule is presented to comply with reporting requirements of the California State Chancellor's Office.

Schedule of Workload Measures for State General Apportionment

FTES is a measurement of the number of pupils attending classes of the District. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of State funds, including restricted categorical funding, are made to community college districts. This schedule provides information regarding the annual attendance measurements of students throughout the District.

Reconciliation of Education Code Section 84362 (50 Percent Law) Calculation

ECS 84362 requires the District to expend a minimum of 50 percent of the unrestricted General Fund monies on salaries of classroom instructors. This is reported annually to the State Chancellor's Office. This schedule provides a reconciliation of the amount reported to the State Chancellor's Office and the impact of any audit adjustments and/or corrections noted during the audit.

Proposition 30 Education Protection Account (EPA) Expenditure Report

This schedule provides the District's summary of receipts and uses of the monies received through the EPA.

WEST KERN COMMUNITY COLLEGE DISTRICT NOTE TO SUPPLEMENTARY INFORMATION JUNE 30, 2022

NOTE 1 - PURPOSE OF SCHEDULES, continued

Reconciliation of Annual Financial and Budget Report (CCFS-311) With Audited Financial Statements

This schedule provides the information necessary to reconcile the fund balance of all funds reported on the Form CCFS-311 to the District's internal fund financial statements.

Reconciliation of Fund Equity to Net Position

This schedule provides a reconciliation of the adjustments necessary to bring the District's internal fund financial statements, prepared on a modified accrual basis, to the entity-wide full accrual basis financial statements required under GASB Statements No. 34 and No. 35 business-type activities reporting model.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Trustees West Kern Community College District Taft, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of the West Kern College District (the District) as of and for the year ended June 30, 2022; and the related notes to the financial statements, which collectively comprise the District's basic financial statements; and have issued our report thereon dated December 19, 2022.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

(WOL, Certiful Peblic Accordants

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance, and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

San Diego, California December 19, 2022

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Trustees West Kern Community College District Taft, California

Report on Compliance for Each Major Federal Program Opinion on Each Major Federal Program

We have audited West Kern Joint Community College District 's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of West Kern Community College District 's major federal programs for the year ended June 30, 2022. West Kern Community College District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, West Kern Joint Community College District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of West Kern Community College District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination on West Kern Community College District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to West Kern Community College District's federal programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on West Kern Community College District 's compliance based on our audit.

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate it would influence the judgment made by a reasonable user of the report on compliance about West Kern Community College District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding West Kern Community College District 's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of West Kern Community College District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of West Kern Community College District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a Federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a Federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a Federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

San Diego, California December 19, 2022

(WOL, Certiful Poblic Accountants

INDEPENDENT AUDITORS' REPORT ON STATE COMPLIANCE

Board of Trustees West Kern Community College District Taft, California

Opinion on State Compliance

We have audited West Kern Community College District's (the District) compliance with the types of compliance requirements as identified in the *California Community Colleges Contracted District Audit Manual 2021-22*, published by the California Community Colleges Chancellor's Office, for the year ended June 30, 2022. The applicable state compliance requirements are identified in the table below.

In our opinion, the District complied, in all material respects, with the compliance requirements referred to above that are applicable to the programs noted below that were audited for the year ended June 30, 2022.

Basis for Opinion

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the compliance requirements described in the *California Community Colleges Contracted District Audit Manual (CDAM) 2021-22*, issued by the California Community Colleges Chancellor's Office. Our responsibilities under those standards and the compliance requirements are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of West Kern Community College District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for program. Our audit does not provide a legal determination of West Kern Community College District's compliance with the compliance requirements referred to above.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with the California Community Colleges Contracted District Audit Manual (CDAM) 2021-22, and which are described in the accompanying schedule of findings and questioned costs as item finding #2022-001.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements of State laws and regulations, and the terms and conditions identified in the *California Community Colleges Chancellor's Office District Audit Manual 2021-22*.

Auditors' Responsibilities for the Audit of Compliance

Our responsibility is to express an opinion on compliance of each of the District's State programs based on our audit of the types of compliance requirements referred to above. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the standards and procedures identified in the *California Community Colleges Chancellor's Office Contracted District Audit Manual 2021-22*. These standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above could have a material effect on the applicable programs noted below. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such procedures as we consider necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the District's compliance with those requirements.

Procedures Performed

In connection with the audit referred to above, we selected and tested transactions and records to determine the District's compliance with State laws and regulations applicable to the following:

Section 411 – SCFF Data Management Control Environment

Section 412 – SCFF Supplemental Allocation Metrics

Section 413 – SCFF Success Allocation Metrics

Section 421 – Salaries of Classroom Instructors (50 Percent Law)

Section 423 – Apportionment for Activities Funded From Other Sources

Section 424 – Student Centered Funding Formula Base Allocation: FTES

Section 425 - Residency Determination for Credit Courses

Section 426 - Students Actively Enrolled

Section 427 – Dual Enrollment (CCAP and Non-CCAP)

Section 430 – Scheduled Maintenance Program

Section 431 – Gann Limit Calculation

Section 435 – Open Enrollment

Section 444 – Apprenticeship Related and Supplemental Instruction (RSI) Funds

Section 475 – Disabled Student Programs and Services (DSPS)

Section 479 – To Be Arranged Hours (TBA)

Section 490 – Propositions 1D and 51 State Bond Funded Projects

Section 491 – Education Protection Account Funds

MOL, Certiful Poblic Accountants

Section 499 – COVID-19 Response Block Grant Expenditures

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing over state laws and regulations based on the requirements described in the *California Community Colleges Contracted District Audit Manual (CDAM) 2021-22*. Accordingly, this report is not suitable for any other purpose.

WEST KERN COMMUNITY COLLEGE DISTRICT FINANCIAL STATEMENT FINDINGS AND RECOMMENDATIONS FOR THE YEAR ENDED JUNE 30, 2022

Section II – Financial Statement Findings

This section identifies the significant deficiencies, material weaknesses, and instances of noncompliance related to the financial statements that are required to be reported in accordance with Government Auditing Standards.

There were no financial statement findings or questioned costs identified during 2021-22.

WEST KERN COMMUNITY COLLEGE DISTRICT FEDERAL AWARD FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2022

Section III – Federal Award Findings and Questioned Costs

This section identifies the audit findings required to be reported by the Uniform Guidance (e.g., deficiencies, significant deficiencies, material weaknesses, and instances of noncompliance, including questioned costs).

There were no federal award findings or questioned costs identified during 2021-22.

WEST KERN COMMUNITY COLLEGE DISTRICT STATE AWARD FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2022

Section IV – State Award Findings and Questioned Costs

This section identifies the audit findings pertaining to noncompliance with state program rules and regulations.

FINDING #2022-001 – STATE COMPLIANCE (ANNUAL CCFS-311 REPORTING)

Criteria

The California Community Colleges Chancellor's Office requires that each community college district report the financial activity of the General Fund on a quarterly basis via the CCFS-311Q report and the districts' total revenues and expenditures for the fiscal year via the CCFS-311 by October 10 of each year. This report is also required to include the adopted budget for the subsequent fiscal year.

Condition

In our testing of the District annual CCFS-311 for the fiscal year 2021-22, we noted that the certification and filing did not occur by October 10, 2022.

Questioned Costs

No questioned costs noted.

Effect

Noncompliance with submission requirements for the annual CCFS-311.

Cause

The annual CCFS-311 report was certified to the State Chancellor's Office after October 10, 2022.

Recommendation

We recommend that in accordance with the instructions of the State Chancellor's Office for the Annual Financial and Budget Report requirements, the annual activity of all funds of the District be made available to the public on or before September 30 of each year and be submitted to the Chancellor's Office no later than October 10 of each year.

District Response

To ensure timely certification in the future, Fiscal Services will formalize monthly and quarterly review processes for various asset and liability accounts such as cash and payroll liabilities as well as monitoring grant and categorical program spending levels throughout the year to eliminate increased year-end spending activity. In addition, the year-end calendar will be monitored weekly by the Executive Director of Fiscal Services. Beginning August 1, the year-end close checklist will be monitored and updated weekly by the Executive Director of Fiscal Services and the Vice President of Administrative Services.

WEST KERN COMMUNITY COLLEGE DISTRICT SUMMARY SCHEDULE OF PRIOR YEAR AUDIT FINDINGS FOR THE YEAR ENDED JUNE 30, 2022

Section V – Prior Year Audit Findings Summary

2021-01 SCFF SUCCESS ALLOCATION METRICS

Criteria or Specific Requirements

In accordance with Education Code section 84750.4 (f), the success allocation is computed for each community college district based on total points earned. Districts are granted points for specific student outcomes, with additional points for those that also received a Pell or Promise Grant. The SCFF success allocation provides funding based on a three-year average of the reported headcount.

Condition

The audit identified two (2) instances out of a sample size of 25 in which students were not properly tracked within the District's degree tracking system, Degree Works.

Questioned Costs

Per the fiscal year 2021-22 California Community College Contracted District Audit Manual, The Chancellor's Office will make the final determination of the dollar value of audit adjustments.

SCFF Success Allocation Metric for All Students	2019-20 Reported Headcount	Audit Adjustment (extrapolated from Sample Error Rate)	Audited Headcount
Associate Degree for Transfer	174	6.96	180.96
Associate Degree	376	-30.08	345.92
Baccalaureate Degrees	0	0	0
Credit Certificates	76	0	76
Transfer Level Math and English	82	0	82
Nine or More CTE Units	367	0	367
All Students Subtotal	1075	-23.12	1051.88

WEST KERN COMMUNITY COLLEGE DISTRICT SUMMARY SCHEDULE OF PRIOR YEAR AUDIT FINDINGS FOR THE YEAR ENDED JUNE 30, 2022

Section IV - State Award Findings and Questioned Costs, continued

2021-01 SCFF SUCCESS ALLOCATION METRICS

Context

Our testing identified two (2) out of 25 selections with discrepancies of achievements by students in their respective categories.

- One (1) student was categorized and reported for funding as having completed an Associate's degree.
 The District should have instead categorized this student as having completed an Associate's Degree for Transfer, since the individual had met all of the requirements for an Associate's Degree for Transfer. The rate of funding for an Associate's Degree for Transfer is greater than that of an Associate's Degree.
- One (1) student was awarded an Associate's degree. This student did not meet the minimum required units of 60, for this accreditation. The student had only completed 58 of the required 60 units. The College had reported funding for the Associate's Degree.

Effect

The District is not in compliance with state requirements.

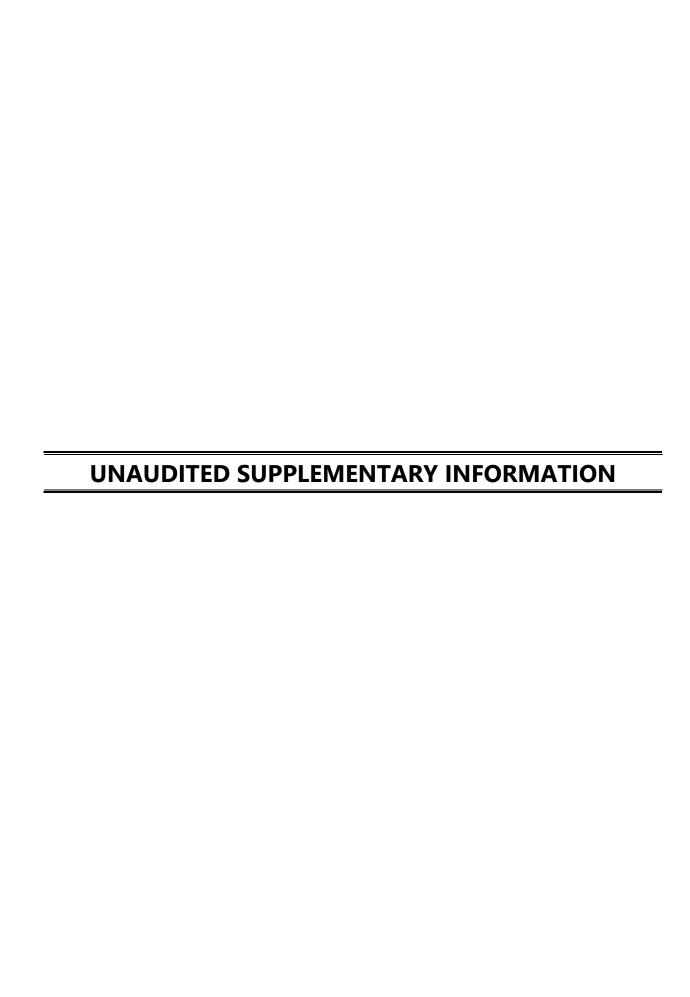

Cause

The District was not adequately reviewing degree or credential awards being generated in Degree Works, against the applicable requirements.

Recommendation

The College should implement a secondary review process for all degree and certification awards being issued to students. Secondary review should focus on verifying all requirements have been met or exceeded for a degree or certification.

Current Status: Implemented in 2021-22.

WEST KERN COMMUNITY COLLEGE DISTRICT NOTE TO UNAUDITED SUPPLEMENTARY INFORMATION JUNE 30, 2022

NOTE 1 - PURPOSE OF SCHEDULES

Fund Financial Statements

The accompanying financial statements report the governmental activities of the District and are presented on the modified accrual basis of accounting. Therefore, some amounts presented in these financial statements may differ from amounts presented in, or used in, the preparation of the basic financial statements. The information is not a required component of the financial statements in accordance with GASB Statements No. 34 and No. 35 and is presented at the request of the District management.
