Introduction

This report is provided in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act, as amended. It provides students and employees of Taft College ("College") with information on: the College's security arrangements, policies and procedures; programs that provide education on such things as drug and alcohol abuse, awareness of various kinds of sex offenses, and the prevention of crime generally; and procedures the College will take to notify the campus community in the event of an emergency. Its purpose is to provide students and employees with information that will help them make informed decisions relating to their own safety and the safety of others.

Policy for Preparing the Annual Report

This report is prepared by the Director of Campus Safety and Security in cooperation with local law enforcement authorities and includes information provided by them as well as by the College's campus security authorities and various other elements of the College. Each year an e-mail notification is made to all enrolled students and employees that provides the website link to access this report. Prospective students and employees are also notified of the report's availability. Hard copies of the report may also be obtained at no cost by contacting Campus Safety and Security, 29 Cougar Court, Taft, CA 93268, (661) 769-7872. The College is committed to taking the actions necessary to provide a safe and secure working/learning environment for all students and staff. As a member of the campus community, you can feel safe and comfortable knowing that security procedures are in place that represent best practices in the field and are constantly tested and re-evaluated for their effectiveness.

General Safety and Security Policies

Campus Security Personnel & Relationship with Local Law Enforcement

The Taft College Campus Safety and Security is responsible for campus safety at the College. Taft College Campus Safety Officers receive training pursuant to California Education Code 72330.5. Their goal is to keep Taft College a safe and welcoming environment. Campus Safety Officers can enforce traffic and parking regulations pursuant to California Vehicle Code 21113, but otherwise do not possess law enforcement authority.

While the College does not have any written agreements with local law enforcement agencies, it does maintain a close working relationship with local police.

Campus Security Authorities

The College has designated certain officials to serve as campus security authorities. Reports of criminal activity can be made to these officials. They in turn will ensure that the crimes are reported for collection as part of the College's annual report of crime statistics. The campus security authorities to whom the College would prefer that crimes be reported are listed below.

- Director, Campus Safety & Security at (661) 763-7872
- Assistant to VP of Student Services at (661) 763-7854
- Athletic Director at (661) 763-7779
• Dorm Supervisor at (661) 763-7832
• Student Life Coordinator at (661) 763-7887
• Vice President, Human Resources at (661) 763-7809
• Vice President, Student Services at (661) 763-7810
• Campus Safety & Security Officers at (661) 763-7774

Reporting a Crime or Emergency

The College encourages accurate and prompt reporting of all criminal actions, emergencies, or other incidents occurring on campus, on other property owned by the College, or on nearby public property to the appropriate administrator and appropriate police agencies. Such a report is encouraged even when the victim of a crime elects not to make a report or is unable to do so.

• All crimes occurring on or near College property should be reported immediately to the Campus Safety Office. The number to contact is (661) 763-7774.
• If a crime is in progress or there is some other situation posing imminent danger, local law enforcement can be reached by dialing 911.
• Students, staff, and visitors should also report situations to one of the campus security authorities identified above. Once reported, the individual may also be encouraged to report the situation to the appropriate police agency. If requested, a College staff member will assist in making the report to police.
• Anonymous incident reports can also be made by completing the online Incident Reporting Form at www.taftcollege.edu/safety/campus-safety/incident-reporting-form/.

Confidential Reporting

The College will protect the confidentiality of victims. Only those with a need to know the identity for purposes of investigating the crime, assisting the victim or disciplining the perpetrator will know the victim’s identity.

Pursuant to the College’s sexual misconduct policy (AP 3434), when certain employees who are not a confidential resource become aware of alleged misconduct under that policy (including, but not limited to, dating violence, domestic violence, sexual assault, and stalking), the employee is responsible for reporting that information, including the status of the parties if known, to the Title IX Coordinator. A victim of other types of crimes (e.g., aggravated assault, burglary, etc.) who does not want to pursue action within the College disciplinary system or the criminal justice system is nevertheless encouraged to make a confidential report to a Campus Security Authority. Upon the victim’s request, a report of the details of the incident can be filed with the College without revealing the victim’s identity. Such a confidential report complies with the victim’s wishes, but still helps the College take appropriate steps to ensure the future safety of the victim and others. With such information, the College can keep an accurate record of the number of incidents involving members of the campus community, determine where a pattern of crime may be developing and alert the community as to any potential danger. These confidential reports are counted and disclosed in the annual crime statistics for the College.

The College encourages its professional counselors, if and when they deem it appropriate, to inform the person they are counseling to report crimes on a voluntary, confidential basis for inclusion in the annual report of crime statistics. The College does not have pastoral counselors.
Security of and Access to Campus Facilities

All academic buildings are secured during the evenings, weekends, and holidays. Access to the buildings is only allowed for faculty/staff members and students who are accompanied by faculty/staff members. Access to the Ash Dorms and the Cougar Dorms are controlled by locked gates which must be unlocked each time someone needs entrance. The Cougar Dorm gates, and Ash Dorm gates have electronic locks that are activated by issued key cards. The Center for Independent Living (CIL) dorm rooms are each equipped with an electronic lock, Campus Safety Officers patrol the residence areas and the rest of the campus throughout the evening. The officers also perform vehicle patrols of parking lots and surrounding areas. Students and employees are asked to be alert and not to circumvent practices and procedures that are meant to preserve their safety and that of others:

- Do not prop doors open or allow strangers into campus buildings that have been secured
- Do not lend keys or access cards to non-students and do not leave them unattended
- Do not give access codes to anyone who does not belong to the campus community

Keys or electronic access to the offices, laboratories, and classrooms on campus will be issued to employees only as needed and after receiving the proper authorization. Each department supervisor is responsible for assuring his/her area is secured and locked.

Employee and student identification cards may be used to verify the identity of persons suspected to be in campus facilities without permission.

Security Considerations in the Maintenance of Facilities

The Campus Safety & Security Department works with the Facilities, Maintenance and Operations department to identify maintenance issues on campus that may be safety hazards. Safety checks are completed to identify street or safety lights that are not functioning properly, or to determine if shrubs or other landscaping might need trimming. Facilities personnel and Campus Safety personnel regularly check to ensure there is adequate lighting on pathways and that egress lighting is working in hallways and stairwells.

Educational Programs Related to Security Awareness and Prevention of Criminal Activity

The College seeks to enhance the security of its campus and the members of the campus community by periodically presenting educational programs to inform students and employees about campus security procedures and practices, to encourage students and employees to be responsible for their own security and the security of others and to inform them about the prevention of crimes. These programs are discussed below.

The College provides information at the beginning of each academic term for students and employees regarding the College’s security procedures and practices. This information is in the form of posters and other displays, web site articles, and social media postings. Among other things, it advises students and employees of the importance of reporting criminal activity, to whom crimes should be reported, being responsible for their own safety and the safety of others and practices regarding timely warnings and emergency notifications.

Crime prevention programs are also presented each semester by Student Services. In addition, email blasts are periodically sent out to students and employees with crime prevention and other safety tips, and information on crime prevention are available in the Campus Safety and Security Office. The Campus Safety and Security Office also makes
regular posts to campus social media accounts that contain safety tips, crime reporting information, and reminders.

Monitoring Off Campus Locations of Recognized Student Organizations

The College does not have any officially recognized student organizations with off campus locations and therefore does not monitor or record criminal conduct occurring at such locations.

Disclosure of the Outcome of a Crime of Violence or Non-Forcible Sex Offense

Upon written request, the College will disclose to the alleged victim of a crime of violence (as that term is defined in section 16 of title 18, United States Code), or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by the College against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of the paragraph.

The previous paragraph does not apply to victims of dating violence, domestic violence, sexual assault, or stalking because under the Violence Against Women Act both the accused and accuser in these cases are given the results without the need to make a written request.

Drug and Alcohol Policy

The College is committed to creating and maintaining an environment that is free of alcohol abuse. The College prohibits the possession, use, and sale of alcohol beverage on campus or as any part of the College’s activities, unless it is done so in accordance with applicable College policies, and it also cooperates with law enforcement authorities and enforce the state’s underage drinking laws.

The College also cooperates with law enforcement authorities and enforces federal and state drug laws. The possession, sale, manufacture or distribution of illegal drugs is prohibited on campus or as any part of the College’s activities. Violators of the College’s policies or federal and state laws regarding illegal drugs will be subject to disciplinary action and possibly criminal prosecution.

**College Definition of Consent**

The College uses the following definition of consent in its sexual misconduct policy for the purpose of determining whether sexual violence (including sexual assault) has occurred:

“Affirmative consent” means affirmative, conscious, and voluntary agreement to engage in sexual activity.

- Consent must be voluntary, and given without coercion, force, threats, or intimidation. Consent requires positive cooperation in a particular sexual act, or expression of intent to engage in that sexual act through the exercise of free will.
- Consent can be withdrawn or revoked. Consent to one form of sexual activity (or one sexual act) does not constitute consent to other forms of sexual activity (or other sexual acts). Consent to sexual activity given on one occasion does not constitute consent to sexual activity on another occasion. The fact that two people are or were in a dating or sexual relationship does not constitute consent to engage in sexual activity. There must always be mutual and affirmative consent to engage in sexual activity. Consent to a sexual act may be withdrawn or revoked at any time, including after penetration. The victim’s request for the perpetrator to use a condom or birth control does not, in and of itself, constitute consent. **Once consent is withdrawn or revoked, the sexual activity must stop immediately.**
- Consent cannot be given by a person who is incapacitated. For example, a person cannot give consent if they are unconscious or coming in and out of consciousness. A person is incapacitated if they lack the physical and/or mental ability to make informed, rational judgments. Examples of incapacitation include unconsciousness, sleep and blackouts. Whether an intoxicated person (as a result of using alcohol or other drugs) is incapacitated depends on the extent to which the alcohol or other drugs impact the person’s decision-making capacity, awareness of consequences, and ability to make fully informed judgments. A person with a medical or mental disability may also lack the capacity to give consent.
- Being intoxicated by drugs or alcohol does not diminish a person’s responsibility to obtain consent from the other party before engaging in sexual activity. Factors to be considered include whether the person knew, or whether a reasonable person in the accused’s position should have known, that the victim did not give, or revoked, consent; was incapacitated; or was otherwise incapable of giving consent.
- Sexual intercourse with a minor is never consensual when the victim is under 18 years old, because the victim is considered incapable of giving legal consent due to age.

**Risk Reduction**

If you find yourself in an uncomfortable sexual situation, these suggestions may help you reduce your risk. Please note that these tips are tools for general crime prevention; they are not intended to blame the victim of a crime. It is **never** your fault if you find yourself targeted in any crime. These are tips, not guarantees; they are tools to help with personal safety. Perpetrators, not their victims, are responsible for crimes and their effects.

- Make your limits known before going too far.
- You can withdraw consent to sexual activity at any time. Do not be afraid to tell a sexual aggressor “NO” clearly and loudly.
- Try to remove yourself from the physical presence of a sexual aggressor. Be direct as possible about wanting to leave the environment.
• Grab someone nearby and ask them for help.
• Be responsible about your alcohol and/or drug use. Alcohol and drugs can lower your sexual inhibitions and may make you vulnerable to someone who views an intoxicated/high person as a sexual opportunity.
• Attend large parties with friends you trust. Watch out for your friends and ask that they watch out for you.
• Be aware of someone trying to slip you an incapacitating “rape drug” like Rohypnol or GHB.

If you find yourself in the position of being the initiator of sexual behavior, these suggestions may help you to reduce your risk of being accused of sexual assault or another sexual crime:

• Remember that you owe sexual respect to the other person.
• Don’t make assumptions about the other person’s consent or about how far they are willing to go.
• Remember that consent to one form of sexual activity does not necessarily imply consent to another form of sexual behavior.
• If your partner expresses a withdrawal of consent, stop immediately.
• Clearly communicate your sexual intentions so that the other person has a chance to clearly tell you their intentions.
• Consider “mixed messages” a clear sign that the other person is uncomfortable with the situation and may not be ready to progress sexually.
• Don’t take advantage of someone who is really drunk or on drugs, even if they knowingly and intentionally put themselves in that state. Further, don’t be afraid to step in if you see someone else trying to take advantage of a nearly incapacitated person.
• Be aware of the signs of incapacitation, such as slurred speech, bloodshot eyes, vomiting, unusual behavior, passing out, staggering, etc.

It is also important to be aware of the warning signs of an abusive person. Some examples include: past abuse; threats of violence or abuse; breaking objects; using force during an argument; jealousy; controlling behavior; quick involvement; unrealistic expectations; isolation; blames others for problems; hypersensitivity; cruelty to animals or children; “playful” use of force during sex; Jekyll-and-Hyde personality.

**Bystander Intervention**

In addition to reporting incidents to appropriate authorities, below are some ways in which individuals can take safe and positive steps to prevent harm and intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking against another person.

• Look out for those around you.
• Realize that it is important to intervene to help others.
• Treat everyone respectfully. Do not be hostile or an antagonist.
• Be confident when intervening.
• Recruit help from others if necessary.
• Be honest and direct.
• Keep yourself safe.
• If things get out of hand, don’t hesitate to contact the police.
Other Information Covered by the PPAP

The PPAP also provides information on possible sanctions and protective measures that may be imposed following a determination that an offense of dating violence, domestic violence, sexual assault, or stalking has occurred, an explanation of the disciplinary procedures that will be followed when one of these offenses is alleged, the rights of the parties in such a proceeding, available resources, and other pertinent information. Much of this information is set forth in the upcoming sections of this security report.

Ongoing Prevention and Awareness Campaign:

The College also conducts an Ongoing Prevention and Awareness Campaign (OPAC) aimed at all students and employees. This campaign covers the same material as provided in the PPAP, but is intended to increase the understanding of students and employees on these topics and to improve their skills for addressing the offenses of dating violence, domestic violence, sexual assault and stalking.

PPAP and OPAC Programming Methods:

Prevention and awareness programs are carried out in a variety of ways, using a range of strategies, and, as appropriate, targeting specific audiences throughout the College. Methods include, but are not limited to: presentations, online training modules, distribution of written materials, and guest speakers. A summary of this programming is provided below.

- New students receive education on the prevention of dating violence, domestic violence, sexual assault, and stalking through a presentation by the Office of Student Services and the Campus Safety Department during orientation. All new employees are required to complete an online training module on these topics upon hire and are required to retake the online training each year.
- As part of its ongoing campaign, the College uses a variety of strategies, such as in-person presentations by sexual assault organizations, poster campaigns, etc. While programming occurs throughout the year, the College also offers educational sessions and literature in coordination with nationally recognized observances such as Sexual Assault Awareness Month and Domestic Violence Awareness Month.

Procedures to Follow if You are a Victim of Dating Violence, Domestic Violence, Sexual Assault, or Stalking:

If you are a victim of dating violence, domestic violence, sexual assault, or stalking, go to a safe place and call 911 or the Campus Safety & Security Department at 661-763-7774. You may also contact the College’s Title IX Coordinator at 661-763-7809.

Victims will be notified in writing of the procedures to follow, including:

1. To whom and how the alleged offense should be reported (contact the Title IX Coordinator or refer to the other resources listed in this report).
2. The importance of preserving evidence that may be necessary to prove the offense in a criminal proceeding or disciplinary action or to obtain a protective order.
3. The victim’s options regarding notification to law enforcement, which are: (a) the option to notify either on-campus or local police; (b) the option to be assisted by campus security authorities in notifying law enforcement if the victim so chooses (the institution is obligated to comply with such a request if it is made); and (c) the option to decline to notify such authorities.
4. Where applicable, the rights of victims and the institution's responsibilities regarding orders of protection, no-contact orders, restraining orders, or similar lawful orders issued by a criminal, civil, or tribal court.

**Preservation of Evidence & Forensic Examinations**

Victims of physical assault are advised to not remove clothing items worn during or following an assault, as they frequently contain valuable fiber, hair, and fluid evidence. Don’t bathe or wash, or otherwise clean the environment in which the assault occurred. You can obtain a forensic examination at Mercy Southwest Hospital 400 Old River Road Bakersfield, CA 93311 661-663-6000.

Completing a forensic examination does not require you to file a police report, but having a forensic examination will help preserve evidence in case you decide at a later date to file a police report.

Victims are also advised to retain evidence in electronic formats (e.g., text messages, emails, photos, social media posts, screenshots, etc.). Such evidence is valuable in all situations, and it may be the only type of evidence available in instances of stalking.

**Security/Law Enforcement & How to Make a Police Report**

- (661) 763-7774
- Taft Police Department 320 Commerce Way Taft, CA 93312 661-763-3101
- To make a police report, a victim should contact the local police agency listed above either by phone or in-person. The victim should provide as much information as possible, including name, address, and when and what occurred, to the best of the victim's ability.

**Information about Legal Protection Orders**

*The College does not issue orders of protection, but the College cooperates with local law enforcement and victims in the obtaining and enforcing of such orders. The College issues trespass warnings pursuant to California Penal Code 626 and will issue 'no contact' orders for certain matters occurring between enrolled students.*

Victims may also choose to obtain a protective or restraining order (such as a Domestic Violence restraining order or a civil harassment restraining order). Restraining orders must be obtained from a court in the jurisdiction where the incident occurred. Restraining orders can protect victims who have experienced or are reasonably in fear of physical violence, Sexual Misconduct, Dating Violence, Domestic Violence, or Stalking. The Campus Safety and Security Director can offer assistance with obtaining a protective or restraining order and the Alliance Against Family Violence and Sexual Assault is also a great place for advice on restraining orders.

If you need assistance with filing a Domestic Violence Restraining Order (DVRO), the Alliance Against Family Violence and Sexual Assault is an excellent resource.

- Alliance Against Family Violence and Sexual Assault: (661) 322-0931

Students, faculty, and staff who are protected by a restraining order or other order of protection should provide the Campus Safety and Security Office a copy of any valid orders to place on file. A valid order is one endorsed (stamped and signed) by the court with good proof of service. It is also advisable to make sure the Taft Police Department has a copy of the order on file.
If an order of protection has been violated, report it to local law enforcement in the jurisdiction where it occurred. The Taft Police Department is the agency with jurisdiction in the majority of College properties. If the violation occurs on campus, or if the violator is a student or employee at the College, also contact the Director of Campus Safety and Security.

- Taft Police Department: (661) 763-3101
- Kern County Sheriff’s Office: (661) 861-3110
- Director of Campus Safety and Security: (661) 763-7872

The College will enforce any temporary restraining order or other no contact order against the alleged perpetrator from a criminal, civil, or tribal court. Any student or employee who has a protection order of no contact order should notify the Title IX Coordinator and provide a copy of the restraining order so that it may be kept on file with the institutional and can be enforced on campus, if necessary. Upon learning of any orders, the College will take all reasonable and legal action to implement the order.

**Available Victim Services:**

Victims will be provided written notification about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available to them, both within the College and in the surrounding community. Those services include:

**College Resources**

- Students can schedule a counseling appointment by visiting the front desk in the Administration Building. Also, students can self-refer by completing an online form at [http://www.taftcollege.edu/admissions/confidential-counseling-self-referral-form/](http://www.taftcollege.edu/admissions/confidential-counseling-self-referral-form/).
- Student Financial Aid – Sometimes a victim of a crime may feel the need to take a leave of absence from school. If a student is considering a leave of absence based on the circumstances of a complaint, he/she should understand there may be financial aid implications in taking such leave. This should be discussed with financial aid personnel, and the Title IX Coordinator can assist in facilitating this conversation if desired. The College’s financial aid website can be found at: [https://www.taftcollege.edu/financial-aid/](https://www.taftcollege.edu/financial-aid/).

Accommodations and Protective Measures:

The College will provide written notification to victims about options for, and available assistance in, changing academic, living, transportation, and working situations or protective measures. If victims request these accommodations or protective measures and they are reasonably available the College is obligated to provide them, regardless of whether the victim chooses to report the crime to campus security or local law enforcement.

Requests for accommodations or protective measures should be made to the Title IX Coordinator at (661) 763-7810. The Title IX Coordinator is responsible for deciding what, if any, accommodations or protective measures will be implemented.

When determining the reasonableness of such a request, the College may consider, among other factors, the following:

• The specific need expressed by the complainant.
• The age of the students involved.
• The severity or pervasiveness of the allegations
- Any continuing effects on the complainant
- Whether the complainant and alleged perpetrator share the same class or job location.
- Whether other judicial measures have been taken to protect the complainant (e.g., civil protection orders).

The College will maintain as confidential any accommodations or protective measures provided a victim to the extent that maintaining confidentiality would not impair the College’s ability to provide them. However, there may be times when certain information must be disclosed to a third party in order to implement the accommodation or protective measure. Such decisions will be made by the College in light of the surrounding circumstances, and disclosures of this nature will be limited so that only the information necessary to implement the accommodation or protective measure is provided. In the event it is necessary to disclose information about a victim in order to provide an accommodation or protective order, the College will inform the victim of that necessity prior to the disclosure, including which information will be shared, with whom it will be shared and why.

**Procedures for Disciplinary Action:**

Allegations of domestic violence, dating violence, sexual assault or stalking will be processed through the institution’s Sexual Misconduct Policy and the related complaint resolution procedures. The procedures are utilized whenever or wherever a complaint is made, regardless of the status of the complainant and the respondent.

The complaint resolution procedures are invoked once a report is made to one of the following individuals:

**Title IX Coordinator**

Dr. Damon Bell  
Vice President of Student Services  
(661) 763-7809  
29 Cougar Court  
Email: dbell@taftcollege.edu

Once a complaint is made, the Title IX Coordinator will commence the investigatory process as soon as practicable, but not later than seven (7) days after the complaint is made. The Title IX Coordinator and/or designee will analyze the complaint and notify the respondent that a complaint has been filed.

During the investigation, the complainant and respondent will each have an equal opportunity to describe the situation and present witnesses and other supporting evidence. The investigator(s) will review the statements and evidence presented and may, depending on the circumstances, interview others with relevant knowledge, review documentary materials, and take any other appropriate action to gather and consider information relevant to the complaint. Upon completion of the investigation, the investigator(s) make a determination as to whether any allegations in the complaint were found to be substantiated by a preponderance of the evidence. The investigator(s) will then prepare an investigation report outlining the findings and include, if necessary, sanctions or other remedial measures to impose. The parties will be notified of this determination in writing within three (3) days of it being made. The institution strives to complete investigations of this nature within sixty (60) calendar days.

Both parties have an equal opportunity to appeal the determination by filing a written appeal with the President within five (5) days of being notified of the outcome of the investigation.
The President will resolve the appeal within ten (10) days of receiving it, and may take any and all actions that he/she determines to be in the interest of a fair and just decision.

**Rights of the Parties in an Institutional Proceeding:**

During the course of the process described in the previous section, both the accuser and the individual accused of the offense are entitled to:

1. A prompt, fair and impartial process from the initial investigation to the final result.
   - A prompt, fair and impartial process is one that is:
     - Completed within reasonably prompt timeframes designated by the institution’s policy, including a process that allows for the extension of timeframes for good cause, with written notice to the accuser and the accused of the delay and the reason for the delay.
     - Conducted in a manner that:
       - Is consistent with the institution’s policies and transparent to the accuser and the accused.
       - Includes timely notice of meetings at which the accuser or accused, or both, may be present; and
       - Provides timely access to the accuser, the accused and appropriate officials to any information that will be used during the informal and formal disciplinary meetings and hearings.
     - Conducted by officials who do not have a conflict of interest or bias for or against the accuser or the accused.

2. Proceedings conducted by officials who, at a minimum, receive annual training on the issues related to dating violence, domestic violence, sexual assault, and stalking and on how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability.
   - Such training addresses topics such as relevant evidence and how it should be used during a proceeding, proper techniques for questioning witnesses, basic procedural rules for conducting a proceeding, and avoiding actual and perceived conflicts of interest.
   - The College Title IX Investigator is a certified Civil Rights Investigator who must regularly re-certify certification through the Association of Title IX Administrators. The recertification process includes a number of required webinars on a wide range of topics such as VAWA offenses, preservation of evidence, rights of LGBTQ persons, best practices in conducting investigations, avoiding conflicts of interest (actual and perceived), and protecting victims.
   - Hearing officials receive training via video. The training addresses the following topics:
     - relevant evidence and how it should be used during a proceeding;
     - proper techniques for questioning witnesses;
     - basic procedural rules for conducting a proceeding; and
     - avoiding actual and perceived conflicts of interest.

3. The same opportunities to have others present during any institutional disciplinary proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice. The institution may not limit the choice of
advisor, but may establish limits regarding the extent to which that advisor may participate in the proceeding, as long as those limits apply equally to both parties.

4. Have the outcome determined using the preponderance of the evidence standard.

5. Simultaneous, written notification of the results of the proceeding, any procedures for either party to appeal the result, any change to the result, and when the result becomes final. For this purpose, “result” means “any initial, interim and final decision by an official or entity authorized to resolve disciplinary matters” and must include the rationale for reaching the result and any sanctions imposed.

Possible Sanctions or Protective Measures that the College May Impose for Dating Violence, Domestic Violence, Sexual Assault or Stalking Offenses:

Following a final determination in the institution’s disciplinary proceeding that dating violence, domestic violence, sexual assault, or stalking has been committed, the institution may impose a sanction depending on the mitigating and aggravating circumstances involved. The possible sanctions are:

- Restitution
- Loss of Financial Aid
- Educational and Remedial Sanctions
- Denial of Access to Campus or Persons
- Disciplinary Probation
- Suspension
- Expulsion
- Multiple Sanctions
- Administrative Hold
- Withholding a Degree

For employees, the following sanctions apply (either one or more than one of the following):

- Oral Warning
- Incident Report
- Letter of Warning
- Deduction of Pay
- Adjustment of Personnel Records
- Counseling
- Restitution
- Probation
- Demotion
- Termination

If a suspension is imposed on a student, it may be for part of a semester, a full semester, or an entire academic year. An employee may be suspended for any length of time determined appropriate by the Executive Director of Human Resources. Following a suspension, the individual will be required to meet with the Vice President of Student Services (student) or Vice President of Human Resources (employee) to discuss re-entry and expectations going forward.

In addition, the College can make available to the victim a range of protective measures. They include: forbidding the accused from entering the victim’s residence hall and from communicating with the victim, other institutional no-contact orders, security escorts,
modifications to academic requirements or class schedules, changes in working situations, etc.

**Publicly Available Recordkeeping:**

The College will complete any publicly available recordkeeping, including Clery Act reporting and disclosures, without the inclusion of personally identifiable information about victims of dating violence, domestic violence, sexual assault, and stalking who make reports of such to the College to the extent permitted by law.

**Victims to Receive Written Notification of Rights:**

When a student or employee reports to the College that he or she has been a victim of dating violence, domestic violence, sexual assault, or stalking, whether the offense occurred on or off campus, the College will provide the student or employee a written explanation of his or her rights and options as described in the paragraphs above.

**Sex Offender Registration Program:**

The Campus Sex Crimes Prevention Act of 2000 requires institutions of higher education to advise members of the campus community where they can obtain information provided by the state concerning registered sex offenders. It also requires sex offenders to notify the state of each institution of higher education in the state at which they are employed or enrolled or carrying on a vocation. The state is then required to notify the College of any such information it receives. Anyone interested in determining whether such persons are on this campus may do so by contacting the Director of Campus Safety & Security at (661) 763-7872. State registry of sex offender information may be accessed at the following link: [https://www.meganslaw.ca.gov/](https://www.meganslaw.ca.gov/)

**Timely Warnings and Emergency Response**

**Timely Warnings**

In the event of criminal activity occurring either on campus or off campus that in the judgment of the Director of Campus Safety and Security Vice President of Human Resources constitutes a serious or continuing threat to members of the campus community, a campus-wide “timely warning” will be issued. Examples of such situations may include a sexual assault or a series of motor vehicle thefts in the area that merit a warning because they present a continuing threat to the campus community. Warnings will be communicated to students and employees via one or more of the methods discussed later in this section. Updates to the warnings will be provided as appropriate.

Anyone with information warranting a timely warning should immediately report the circumstances to:

- Director of Campus Safety and Security, 661-763-7872
- Vice President of Human Resources, (661) 763-7809

The College has communicated with local law enforcement asking them to notify the College if it receives reports or information warranting a timely warning.

**Emergency Response**

The College has an emergency management plan designed to ensure there is a timely and effective response in the event of a significant emergency or dangerous situation occurring on
campus involving an immediate threat to the health or safety of members of the campus community. Such situations include, but are not limited to: tornadoes, bomb threats, chemical spills, disease outbreaks, fires, active shooters, etc. The College has communicated with local police requesting their cooperation in informing the College about situations reported to them that may warrant an emergency response.

Students, staff and visitors are encouraged to notify the Director of Campus Safety and Security at (661) 763-7872 of any emergency or potentially dangerous situation.

The Vice President of Human Resources, working in conjunction with the Director of Campus Safety and Security, will access available sources of information from campus administrative staff and local authorities to confirm the existence of the danger and will be responsible for initiating the institution’s response and for marshaling the appropriate local emergency response authorities for assistance. Depending on the nature of the emergency, other College departments may be involved in the confirmation process.

The institution will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency.

Once the emergency is confirmed and based on its nature, the Director of Campus Safety and Security will consult with other appropriate College officials to determine the appropriate segment or segments of the College community to be notified.

The Director of Campus Safety and Security, in collaboration with other appropriate personnel, will determine who should be notified, and will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency.

Depending on the segments of the campus the notification will target, the content of the notification may differ. When appropriate, the content of the notification will be determined in consultation with local authorities. Also as appropriate, the notification will give guidance as to whether its recipients should shelter in place or evacuate their location.

The Vice President of Human Resources will direct the issuance of emergency notifications, which will be accomplished using one or more of methods discussed later in this section, depending on the nature of the threat and the segment of the campus community being threatened.

At the direction of the Superintendent/President (or designee), the College's Vice President of Human Resources (or designee) will notify local law enforcement of the emergency if they are not already aware of it and local media outlets in order that the larger community outside the campus will be aware of the emergency.

Methods for Issuing Timely Warnings and Emergency Notifications

The method(s) listed below may be utilized when the College issues a timely warning or emergency notification to the campus community.
### Method | Sign Up Instructions
--- | ---
Emergency Alert Portal (phone, text, email) | All students are automatically signed up using the email address they provide to the college. Students can manage their contact information by accessing the portal at http://www.taftcollege.edu/safety/emergency-alert-portal/
In-building notifications | Broadcast through phone speakers in classrooms and offices. No sign up necessary.

### Testing & Documentation
The College tests its emergency response and evacuation procedures at least once a year. The tests may be announced or unannounced. Also, at various times the Emergency Management Team will meet to train and test and evaluate the College’s emergency response plan.

The Campus Safety and Security Director maintains a record of these tests and training exercises, including a description of them, the dates and times they were held and an indication of whether they were announced or unannounced. In connection with at least one such test, the College will distribute to its students and employees information to remind them of the College’s emergency response and evacuation procedures.

### Missing Student Policy
If a member of the College community has reason to believe that a student who resides in on-campus housing is missing, that information should be reported immediately to the Dorm Supervisor at (661) 763-7832 or the Vice President of Student Services at (661) 763-7810. Any College employee receiving a missing student report should immediately notify Campus Safety & Security at (661) 763-7774 so that an investigation can be initiated.

Students residing in on-campus housing have the option to identify confidentially an individual to be contacted by the College only in the event the student is determined to be missing for more than 24 hours. If a student has identified such an individual, the College will notify that individual no later than 24 hours after the student is determined to be missing. The option to identify a contact person in the event the student is determined missing is in addition to identifying a general emergency contact person, but they can be the same individual for both purposes. A student’s confidential contact information will be accessible only by authorized campus officials, and it will only be disclosed to law enforcement personnel in furtherance of a missing student investigation.

A student who wishes to designate a confidential contact may do so by completing the appropriate portion in the Dorm Contract provided at dorm orientation and submitting it to the Dorm Supervisor.

After investigating a missing person report, if it is determined that the student has been missing for 24 hours, the College will notify local police authorities unless it was local law enforcement that made the determination that the student is missing. If the missing student is under the age of 18 and is not emancipated, the College will also notify that student’s custodial parent or legal guardian within 24 hours of the determination that the student is missing, in addition to notifying any additional contact person designated by the student.

Policies on Portable Appliances, Smoking and Open Flames

The use of open flames, such as candles, and the burning of such things as incense, and smoking are prohibited in campus housing. Only surge-protected extension cords are permitted. Only the following portable cooking appliances are permitted to be used in campus housing: microwave ovens. Also, tampering with fire safety systems is prohibited and any such tampering may lead to appropriate disciplinary action.

The College reserves the right to make periodic inspections of campus housing to ensure fire safety systems are operational and that the policy on prohibited items is being complied with. Prohibited items, if found, will be confiscated and donated or discarded without reimbursement.

Fire Evacuation Procedures

In the event of a fire, the College expects that all campus community members will evacuate by the nearest exit, closing doors and activating the fire alarm system (if one is nearby) as they leave. If circumstances permit at the time of the alarm, additional instructions will be given regarding where students and/or staff are to relocate.

Fire Education and Training Programs

Fire safety education programs for all residents of on-campus student housing and all employees with responsibilities related to that housing are held at the beginning of each academic year. Their purpose is to: familiarize everyone with the fire safety system in each facility, train them on procedures to follow if there is a fire and inform them of the College’s fire safety policies. Information distributed includes maps of each facility’s evacuation route.
and any fire alarms and fire suppression equipment available in the facility. Attendees are advised that participation in fire drills is mandatory and any student with a disability is given the option of having a “buddy” assigned to assist him or her.

**Reporting Fires**

The College is required to disclose each year statistical data on all fires that occurred in on-campus student housing. When a fire alarm is pulled and/or the fire department responds to a fire, these incidents are captured. If you encounter a fire that presents an emergency situation, ensure your own safety and then please call 911.

There may also be instances when a fire is extinguished quickly and an alarm is not pulled or a response by the fire department was not necessary. It is important that these incidents be recorded as well. Therefore, if you are aware of such a fire, see evidence of one or hear about one, you should contact the Director of Campus Safety and Security at (661) 763-7872. When providing notification of a fire, give as much information as possible about the location, date, time and cause of the fire.

**Plans for Future Improvements**

The College periodically reviews its fire safety protections and procedures. At this time, it has no plans for future improvements.
