Student Email

Taft College is Introducing Microsoft Live@edu. It is the free, easy-to-use Microsoft Outlook Live email service for students and alumni. And it is more than just email. Live@edu includes access to other programs and services, including Windows Live SkyDrive™, that can increase your ability to communicate and work with your friends and professors, including calendars, document sharing, shared workspaces, blogs, instant messaging, mobile alerts, video chat, mobile email and document access, and more! Easily create personal websites, photo albums, and music lists to share with friends and family. Access all of your email from just one account today! Every student has an account. To access, use your account, enter `firstnamelastname@myportal.taftcollege.edu`; your password is your student number. For help contact TC helpdesk 661-763-7737.

Student Wireless Network

Taft College provides its students access to the Internet from their own computers or devices. To log on to the student wireless network you must be enrolled in classes at Taft College. Please select the `taft_student_wireless` from your device and open the web browser. to log in to the college wireless, enter your first-namelastname for the user id and your student A# ("A" **must** be upper case) for your password. Please contact the TC helpdesk at 661-763-7737 if you have any questions.
