NOTE: The California Community Colleges Chancellor's Office is working on streamlining the reporting requirements for the Student Success and Support Program along with other programs. One change has been to submit information related to the Student Success and Support Program to the California Community Colleges Chancellor's Office as part of an "Integrated Plan." However, because Title 5 Regulations addressing Student Success and Support Programs have not been repealed, districts are still required to comply with the Student Success and Support Program requirements.

The District shall provide Student Success and Support Program services to students to further equality of educational opportunity and academic success. The Board expects the Student Success and Support Programs to specifically identify and close opportunity gaps that impact student success and improved the District's commitment to diversity, equality, and inclusion to better support student success. The purpose of Student Success and Support Program services is to bring the student and the District into agreement regarding the student's educational goal through the District's established programs, policies, and requirements.

The Superintendent/President shall establish procedures to assure implementation of Student Success and Support Program services that comply with the Title 5 regulations.
