NOTICE OF BID

Notice is hereby given that the Board of Education for the ARVIN UNION SCHOOL DISTRICT, Arvin, California (Kern County), will receive Bid Number 2023-24-012 for the following:

School Furnishings, Office Furnishings and Accessories

Sealed bids must be delivered to the Arvin Union School District, Business Office, 737 Bear Mountain Boulevard, Arvin, California 93203 no later than 1:30pm on October 10, 2023.

The State Allocation Board (SAB) may make all or part of the funding for this project available and as a result, the contract award must be made in accordance with the SAB participation requirements for Disabled Veteran Business Enterprises (DVBE). A description of these requirements and the DVBE forms, which must be turned in with the bid, are contained in the project specifications.

Companies interested in bidding should request appropriate bid documents from the Business Office, (661) 854-6500.

The Board of Education reserves the right to reject any and all bids. No bidder may withdraw their bid for a period of sixty (60) days after the date set for the opening of bids. Refer to the formal bid documents and specifications for additional information, terms, and conditions.

Regular Board Meeting

10/17/2023 - 06:00 PM

Arvin Union School District

737 Bear Mountain Boulevard, Arvin, CA 93203

arvinschools.com

MEETING MINUTES

PUBLIC COMMENTS:

Every agenda for regular meetings shall provide an opportunity for members of the public to directly address the legislative body on any item of interest to the public, before or during the legislative body's consideration of the item, that is within the subject matter jurisdiction of the legislative body, provided that no action shall be taken on any item not appearing on the agenda unless the action is otherwise authorized by subdivision (b) of Section 54954.2. However, the agenda need not provide an opportunity for members of the public to address the legislative body on any item that has already been considered by a committee, composed exclusively of members of the legislative body, at a public meeting wherein all interested members of the public were afforded the opportunity to address the committee on the item, before or during the committee's consideration of the item, unless the item has been substantially changed since the committee heard the item, as determined by the legislative body. Every notice for a special meeting shall provide an opportunity for members of the public to directly address the legislative body concerning any item that has been described in the notice for the meeting before or during consideration of that item per Gov. Code Section 54954.3(a).

AGENDA STAFF REPORTS AND HANDOUTS:

Staff reports and other disclosable public records related to open session agenda items are available at Arvin Union School District, 737 Bear Mountain Boulevard, Arvin, CA 93203 during regular business hours.

CIVIL BEHAVIOR

The Board understands that the First Amendment provides strong protection for speech. However, the Board expects that all speech and expression will comport with norms of civil behavior on district grounds, in district facilities, during district activities or events, and in the use of district electronic/digital systems and platforms.

CONDUCT IN THE SCHOOL DISTRICT BOARD ROOM:

Rules of Decorum for the Public: Members of the audience shall not engage in disorderly or boisterous conduct, including the utterance of loud, threatening or abusive language, clapping, whistling, and stamping of feet or other acts which disturb, disrupt, impede or otherwise render the orderly conduct of the Board meeting infeasible. A member of the audience engaging in any such conduct shall, at the discretion of the Board President or a majority of the Board, be subject to ejection from the meeting per Gov. Code Sect. 54954.3(c).

REMOVAL FROM THE SCHOOL DISTRICT BOARD ROOM:

(a) Any person who commits the following acts in respect to a meeting of the Arvin Union School District shall be removed from the Board Room per Gov. Code Sect. 54954.3(c).

(b) Disorderly, contemptuous or insolent behavior toward the Board or any member thereof, tending to interrupt the due and orderly course of said meeting;

(c) A breach of the peace, boisterous conduct or violent disturbance, tending to interrupt the due and orderly course of said meeting;

(d) Disobedience of any lawful order of the Board President, which shall include an order to be seated or to refrain from addressing the Board; and any other unlawful interference with the due and orderly course of said meeting. Individuals who require disability-related accommodations or modifications, including auxiliary aids and services, in order to participate in the Board meeting should contact the Superintendent's Office at least two days before the meeting date.

Board Approved July 19, 2011

Our Mission: Every Child Learning, Every Day, No Matter What It Takes!

Our Vision: The Arvin Union School District focuses on the educational, environmental and emotional needs of our community with a culture of unity and a dedication to student success. We provide equitable educational services to enhance all students' lives preparing for High School and beyond through a system of continuous improvement. We are accountable for financial stability, infrastructure maintenance and developing staff capacity for the achievement of student goals with a common direction produced through Trust, Transparency and Teamwork.

EQUITY STATEMENT

The Governing Board commits to provide an environment free from bias and discrimination and that protects students, staff, and educational partners from physical and emotional harm. The Board commits to ensuring that all educational partners uphold educational equity as an essential principle within our school system to be integrated into all policies, practices, operations, and processes in order to yield equitable educational outcomes for all students.

Any materials required by law to be made available to the public prior to a meeting of the Board of Trustees of the District can be inspected at the Arvin Union School District Office, 737 Bear Mountain Boulevard, Arvin, CA 93203 during normal business hours.

Please complete the "Request to Address the Board" form and provide it to the District's Administrative Secretary prior to the Board's "Adoption of the Agenda".

FIRST PUBLICATION: September 15, 2023

SECOND PUBLICATION: September 25, 2023

NOTICE OF BID

Notice is hereby given that the Board of Education for the ARVIN UNION SCHOOL DISTRICT, Arvin, California (Kern County), will receive Bid Number 2023-24-012 for the following:

School Furnishings, Office Furnishings and Accessories

Sealed bids must be delivered to the Arvin Union School District, Business Office, 737 Bear Mountain Boulevard, Arvin, California 93203 no later than 1:30pm on October 10, 2023.

The State Allocation Board (SAB) may make all or part of the funding for this project available and as a result, the contract award must be made in accordance with the SAB participation requirements for Disabled Veteran Business Enterprises (DVBE). A description of these requirements and the DVBE forms, which must be turned in with the bid, are contained in the project specifications.

Companies interested in bidding should request appropriate bid documents from the Business Office, (661) 854-6500.

The Board of Education reserves the right to reject any and all bids. No bidder may withdraw their bid for a period of sixty (60) days after the date set for the opening of bids. Refer to the formal bid documents and specifications for additional information, terms, and conditions.

ARVIN BID INSTRUCTIONS AND CONDITIONS

Arvin Union School District
Equipment and Supplies Bid

INSTRUCTIONS AND CONDITIONS - BID NUMBER 2023-24-012

1. PREPARATION OF BIDS

Bids must be submitted in ink or typewritten. Both unit price and extension (where applicable) for all line items must be shown where required on the bid form. Signature on bids must be in ink to be considered acceptable. Bid on each item separately. Prices should be stated in units specified hereon. Bidders are requested to submit their pricing the bid forms.

2. BID CONTENT

- Bid Instructions

4. ERRORS AND CORRECTIONS

No erasures permitted. Mistakes may be crossed out and corrections made adjacent but must be initialed in ink by person signing bid. Verify your bids before submission as they cannot be withdrawn or corrected after being opened or withdrawn specified time period has elapsed.

5. SUBSTITUTIONS AND SAMPLES

All items bid must conform to the specifications set forth in these bid documents. The District reserves the right to reject all bids that do not conform to the specifications. When bidding on brands other than those specified, the Bidder state on the bid the brand, quality, model number, or other trade designation on each item bid other than "as specified". The District requests that samples be provided no later than 48 hours after the opening of the bid. Samples shall be accompanied by the name of the bidder, bid number, bid item number, and cut sheets clearly describing the product. See the attached documents for requirements regarding samples and/or detailed specification sheets. At a minimum, descriptive technical literature fully describing the claimed "or equal" product must be attached to the bid. Suitability and valuation of "equals" rests in the sole discretion of the District. Where

samples are requested they must be furnished free. Samples will be returned at bidder's expense provided a request accompanies the samples and provided further that samples are not destroyed by tests.

6. SALES TAX

Do not include California State Sales or Use Taxes in unit prices. This tax will be added and paid for by the District. Do not include or add Federal Excise Tax as the District is exempt.

7. FAILURE TO BID

If you do not bid on any line item, please mark "no bid" in the space provided and sign it and return the bid, otherwise your name may be removed from the bidder's list.

8. ACCEPTANCE OF BIDS

Awards will be made on a unit and line item basis unless otherwise specified on bid form. The right is reserved to reject any or all bids and to accept or reject any line items thereon and to make any combination of line item awards. Bids may be rejected on grounds of non-responsiveness or non-responsibility. Bids are subject to acceptance at any time within sixty (60) days after opening of same unless otherwise stipulated.

9. PATENTS, ETC.

The vendor shall hold the Arvin Union School District, its officers, agents, servants, and employees harmless and free from liability of any nature or kind on account of use (by publisher, manufacturer, or author) of any copyrighted or non-copyrighted composition, secret process, patented invention, article or appliance furnished or used under this bid.

10. FAILURE TO FULFILL CONTRACT

When any contractor or vendor shall fail to deliver any article or service or shall deliver any article or service which does not conform to the specifications, the District may, at its sole discretion, annul and set aside the contract entered into with said vendor or contractor, either in whole or in part, and make and enter into a new contract for the same items in such manner as seems to the Board of Education to be to the best advantage of the Arvin Union School District. Any failure for furnishing such articles or services by reason of the failure of the vendor or contractor, as above stated, shall be a liability against such vendor and his sureties. The Board of Education reserves the right to cancel any articles or services which the successful bidder may be unable to furnish because of economic conditions, governmental regulations or other similar causes beyond the control of the bidder provided satisfactory proof is furnished to the Board or Education, if requested.

11. SIGNATURES

All bids must show the firm name and must be signed by a responsible officer or employee fully authorized to bind the organization to the terms and conditions herein. Obligations assumed by such signature must be fulfilled.

12. CANCELLATION FOR INSUFFICIENT OR NON-APPROPRIATED FUNDS

The bidder hereby agrees and acknowledges that monies utilized by the District to purchase the items bid is public money appropriated by the State of California or acquired by the District from similar public sources and is subject to variation. The District fully reserves the right to cancel this bid at any time and/or to limit quantities of items due to non-availability or non-appropriation of sufficient funds.

13. REQUIRED DELIVERY DATES (RDD)

Actual delivery of the equipment or services shall be coordinated with the District or contractor designated by the District but shall not exceed the required delivery dates (RDD) specified on the bid form for each particular product. The District, as a matter of bid non-responsiveness, shall reject all bids (regardless of price) that fail to indicate ability to deliver the product within the required time. **Give careful attention to any Required Delivery Dates (RDD) included in the Specifications or Bid Sheets.** Upon award of bid, supplier shall keep sufficient stocks of product and service material to insure prompt delivery and services schedules. There shall be no minimum quantities required in order for the District to place orders for needed items. **Bid all items F.O.B. shipping point, and specify if freight is a non-taxable or taxable line item as required by the State Board of Equalization unless otherwise directed by the District. Freight pricing, when provided by the vendor, shall include full-coverage transit insurance.** Freight inside delivery (possible multi-story, utilizing elevators) if directed by the District may be shown +as and an add. Installation, unpacking materials, assembly of furniture, set furniture in place, and disposal

for the packing material are to be shown as additional cost to the requesting district or agency.

14. BIDDER'S FACILITY/LOCATION

Considering that some of the items to be supplied under the contract may be picked up by the District and for economic reasons, the District reserves the right to limit the distance of the Bidder's facility to a radius not exceeding seventy five (75) miles from the following location:

Arvin USD
737 Bear Mountain Blvd
Arvin, CA 93203

15. PAYMENT

Prompt payment for equipment may be requested after actual delivery of goods to the required destination as outlined in the REQUIRED DELIVERY DATES (RDD) conditions. Payment for service contracts may be invoiced per the conditions set forth and agreed to in the service agreement.

16. STANDARD COMMERCIAL USE (Products Only)

The vendor, whether manufacturer, supplier, distributor or retailer, hereby certifies that the products offered under this bid have been placed in regular commercial use for a period of at least three (3) years and that adequate spare parts exist in the marketplace for the items sold. Submit all requests for deviations to this clause as an "or equal" deviation.

17. HOLD HARMLESS

The vendor shall save, defend, hold harmless and indemnify the District against any and all liability, claim, and costs of whatsoever kind and nature for injury to or death of any person and for loss or damage to any property occurring in connection with or in any way incident to or arising out of the occupancy, use, service, operations, or performance under the terms of this contract, resulting in whole or in part from). the negligent acts or omissions of vendor, and subcontractor, or any employee, agent, or representative of vendor and/or subcontractor.

18. AWARD OF BID

Award of this bid shall be made by individual line item or groups of line items to the lowest-priced responsible bidder (for each item or group) who is fully responsive to the terms of this solicitation. A bidder must deliver the items within the required delivery date (RDD) in order to be declared responsive to this bid. The District may consider prompt payment discounts (only terms of 2%/20 days or better will considered) and other rebates offered on the bid form in determining lowest net cost.

The District also reserves the right to make multiple awards or no award at all and further reserves the right to reject any and all bids and to waive any irregularity or discrepancy associated with this bid.

19. WARRANTY/QUALITY

The supplier, manufacturer, or his assigned agent shall guarantee the product or service performed against all defects or failures of materials and workmanship for minimum period of one (1) year from the actual delivery date.

Where applicable, all merchandise must be warranted to be in compliance with California energy, conservation, environmental, educational, and products liability standards.

20. PRICING - TERM OF CONTRACT

Minimum contract term is one (1) year. Quoted prices must stay in effect for six (6) months after award of bid and may be extended upon mutual consent of District and vendor for an additional four (4) one year periods in accordance with provisions contained in the Education Code, Sections 17596 (K-12) and 81644 (Community Colleges). Price increases may be negotiated subject to existing local market conditions, and as determined by the Los Angeles Producer Price Index (PPI), but may never exceed five percent (5%). In the event of a general price decrease the District reserves the right to revoke the bid award unless the decrease is passed on to the District.

21. MULTI-YEAR EXTENSIONS

Subject to the provisions of Paragraph 17 (above), and pursuant to Education Code, Sections 17596 and 81644, this bid may be extended (by mutual consent expressed in writing) for up to (4) additional one (1) year increments (total potential bid life of 5 years from Board of Education award).

22. NO MINIMUM OR MAXIMUM QUANTITIES, ORDER CHARGES, OR LIMITATIONS UPON NUMBER OF ORDERS

The District anticipates contract term requirements for the supplies and commodities as listed in the quantities shown on the bid form. The District, however, does not guarantee orders in these amounts nor shall the District be required to limit its orders to only those figures. This is an indefinite-quantity bid. Bidders shall not specify minimum or maximum quantities or charges for specific order types. Unlimited orders within the term of the contract shall be allowed to the awarding district at prices quoted.

23. TECHNOLOGY CLAUSE

As technology advances, it is understood that improved or enhanced products may supersede existing products in both price and performance and yet be essentially similar. This request for bids seeks to address the rapid advances in technology by allowing functionally similar or identical products that may be introduced in the future, during the term of this bid, to be included under the general umbrella of compatible product lines and are thus specifically included in this bid document.

24. E-COMMERCE (B2B) CLAUSE

The advent of electronic commerce (E-Commerce) and the development of Business to Business (B2B) internet sites have created certain opportunities for public entities and business. As the originator and author of this bid document, the Arvin Union School District and other sponsoring agencies authorize and encourage qualified firms to list the products represented in the final award of this bid on internet sites, subject to the approval of the awarded vendor.

25. FEDERAL PROCUREMENT REQUIREMENTS

Project may be funded in part or in total with Federal Funds.

City of Arvin, City of Bakersfield, County of Kern are jurisdiction areas of Arvin USD.

If State of California prevailing wage rates are higher than Federal Davis-Bacon rates, project to be bid utilizing State of California prevailing wage rates as mandated by California bid laws and regulations.

Awarded contractor cannot be on the US General Services Administration List of Parties Excluded from Federal Procurement or Non-Procurement Programs.

Specifications and/or bid sheets are attached.

Please note: Purchases from this may be reimbursable by the State of California. Please follow the DVBE guidelines addressed in this document. Failure to do so will result in disqualification!

This single page portion of bid packet is for Arvin Union School District information only. Information will be utilized to determine bidder compliance, and may be used as part of scoring matrix.

Depending on funding of the product or the product type being purchased by Arvin Union School District, prevailing wage labor rates may apply. The requesting district or agency will need to advise at time of request for confirmation of pricing if prevailing wage rates are required.

CALIFORNIA STATE CONTRACTORS LICENSE

Bidders should be made aware there are products that may require a California State Contractors License. The license class required could be a C61/D24, C61/34, C61/D48 or CI5. Contractor License Number must be held by Company bidding. Bidders shall provide the contractor license numbers and classification below at time of bid opening.

Contractor License Number	<u>422359</u>	Classification	<u>c-61/D24, C61/D48</u>
Contractor License Number	<u> </u>	Classification	<u> </u>

NONCOLLUSION DECLARATION**

State of California
County Of Kern

I, Gregory R. McDermott, being duly sworn, declare that I am President of Sierra School Equipment Company the party making the foregoing bid that the bid is not made in the interest of, or on behalf of, any undisclosed person, partnership, company, association, organization, or corporation; that the bid is genuine and not collusive or sham; that the bidder has not directly or indirectly induced or solicited any other bidder to put in a false or sham bid, and has not directly or indirectly colluded, conspired, connived, or agreed with any other bidder or anyone else to put in a sham bid, or that anyone shall refrain from bidding; that the bidder has not in any manner, directly or indirectly, sought by agreement, communication, or conference with anyone to fix the bid price of the bidder or any other bidder, or to fix any overhead, profit, or cost element of the bid price, or of that of any other bidder, or to secure any advantage against the public body awarding the contract of anyone interested in the proposed contract; that all statements contained in the bid are true; and further, that the bidder has not, directly or indirectly, submitted his or her bid price or any breakdown thereof, or the contents thereof, or divulged information or data relative thereto, or paid, and will not pay, any fee to any corporation, partnership, company association, organization, bid depository, or to any member or agent thereof to effectuate a collusive or sham bid.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

Dated this 9th day of October, 20 23 at Bakersfield California.

**Arvin Union School District
WORKERS' COMPENSATION CERTIFICATION**

Labor Code Section 3700:

Every employer except the State shall secure the payment of compensation in one or more of the following ways:

- (a) By being insured against liability to pay compensation in one or more insurers duly authorized to write compensation insurance in the State.
- (b) By securing from the Director of Industrial Relations a certificate of consent to self-insure, which may be given upon furnishing proof satisfactory to the Director of Industrial Relations of ability to self-insure and to pay any compensation that may become due to his employees.

I am aware of the provisions of Section 3700 of the Labor Code which require every employer to be insured against liability for worker's compensation or to undertake self-insurance in accordance with the provisions of that code, and I will comply with such provisions before commencing the performance of the work of this contract.

Date: 10/9/23

Signature: 

Name/Role Gregory R. McDermott, President

(In accordance with Article 5 (commencing at Section 1860), Chapter 1, Part 7, Division 2 of the Labor code, the above certificate must be signed and filed with the awarding body prior to performing any work under this contract.)

**Arvin Union School District
DRUG-FREE WORKPLACE CERTIFICATION**

This Drug-Free Workplace Certification form is required from all successful Bidders pursuant to the requirements mandated by Government Code section 8350 et seq., the Drug-Free Workplace Act of 1990. The Drug-Free Workplace Act of 1990 requires that every person or organization awarded a contract or grant for the procurement of any property or service from any state agency must certify that it will provide a drug-free workplace by doing certain specified acts. In addition, the Drug-Free Workplace Act of 1990 provides that each contract or grant awarded by a state agency may be subject to suspension of payments or termination of the contract or grant, and the contractor or grantee may be subject to debarment from future contracting, if the contracting agency determines that specified acts have occurred.

Pursuant to Government Code section 8355, every person or organization awarded a contract or grant from a state agency shall certify that it will provide a drug-free workplace by doing all of the following:

- a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensation, possession or use of a controlled substance is prohibited in the person's or organization's workplace and specifying actions which will be taken against employees for violations of the prohibition;
- b) Establishing a drug-free awareness program to inform employees about all of the following:
 - 1) The dangers of drug abuse in the workplace;
 - 2) The person's or organization's policy of maintaining a drug-free workplace;
 - 3) The availability of drug counseling, rehabilitation and employee-assistance programs;
 - 4) The penalties that may be imposed upon employees for drug abuse violations;
- c) Requiring that each employee engaged in the performance of the contract or grant be given a copy of the statement required by subdivision (a) and that, as a condition of employment on the contract or grant, the employee agrees to abide by the terms of the statement.

I, the undersigned, agree to fulfill the terms and requirements of Government Code section 8355 listed above and will (a) publish a statement notifying employees concerning the prohibition of controlled substance at the workplace, (b) establish a drug-free awareness program, and (c) require that each employee engaged in the performance of the Contract be given a copy of the statement required by section 8355(a) and requiring that the employee agree to abide by the terms of that statement.

I also understand that if DISTRICT determines that I have either (a) made a false certification herein, or (b) violated this certification by failing to carry out the requirements of section 8355, that the Contract awarded herein is subject to termination, suspension of payments, or both. I further understand that, should I violate the terms of the Drug-Free Workplace Act of 1990, I may be subject to debarment in accordance with the requirements of section 8350 et seq.

I acknowledge that I am aware of the provisions of Government Code section 8350 et seq. and hereby certify that I will adhere to the requirements of the Drug-Free Workplace Act of 1990.

In signing below, CONTRACTOR covenants that it has complied with the signature requirements described in Paragraph 4 of the Information for Bidders.

**Arvin Union School District
TOBACCO-FREE ENVIRONMENT CERTIFICATION**

PROJECT/CONTRACT NO.: School Furnishings, Office Furnishings and Accessories Bid between Arvin Union School District ("District") and Sierra School Equipment Company ("Contractor" or "Bidder").

This Tobacco-Free Environment Certification form is required from the successful Bidder. Pursuant to, without limitation, 20 U.S.C. section 6083, Labor Code section 6400 et seq., Health & Safety Code section 104350 et seq., Business and Professions Code section 22950 et seq. and District Board Policies, all District sites, including the Project site, are tobacco free environments. Smoking and the use of tobacco products by all persons is prohibited on or in District property. District property includes school buildings, school grounds, school owned vehicles and vehicles owned by others while on District property. The prohibition on smoking includes the use of any electronic smoking device that creates an aerosol or vapor, in any manner or in any form, and the use of any oral smoking device for the purpose of circumventing the prohibition of tobacco smoking. Further, Health & Safety Code section 11362.3 prohibits the smoking or use of cannabis or cannabis products in any place where smoking tobacco is prohibited.

I acknowledge that I am aware of the District's policy regarding tobacco-free environments at District sites, including the Project site and hereby certify that I will adhere to the requirements of that policy and not permit any of my firm's employees, agents, subcontractors, or my firm's subcontractors' employees or agents to use tobacco and/or smoke on the Project site.

**Arvin Union School District
FEDERAL DEBARMENT CERTIFICATION**

PROJECT/CONTRACT NO.: 2023-24-012 between the Arvin Union School District ("District") and
Sierra School Equipment Company ("Contractor" or "Bidder") ("Contract" or
"Project").

1. Bidder certifies to the best of its knowledge and belief, that it and its principals:
 - a. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by any Federal department or Board;
 - b. Have not within a three-year period preceding this bid been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
 - c. Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and
 - d. Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.
2. Where Bidder is unable to certify to any of the statements in this certification, Bidder shall attach an explanation to this certification.
3. Bidder agrees to include the following certification in all subcontracts, for all lower tiers:

"Debarment and Suspension Certification – By submission of its proposal, the contractor (or vendor, or consultant, depending on the transaction) certifies to the best of its knowledge and belief that it and its principals are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency in accordance with 2 CFR 200.213 and 2 CFR 180."

**Arvin Union School District
IRAN CONTRACTING ACT OF 2010 CERTIFICATION**

(Public Contract Code §§ 2200-2208)

To comply with the Iran Contracting Act of 2010, complete one of the options below. This Certification must be submitted at the time a bid is submitted or a contract is renewed. (Public Contract Code ("PCC") § 2204(a).) Please note that California law establishes penalties for providing false certifications, including civil penalties equal to the greater of \$250,000 or twice the amount of the contract for which the false certification was made; contract termination; and three-year ineligibility to bid on contracts. (PCC § 2205.)

OPTION #1 - CERTIFICATION

I, the official named below, certify I am duly authorized to execute this certification on behalf of the bidder or proposer identified below, and the bidder or proposer identified below is not on the current list of persons engaged in investment activities in Iran created by California Department of General Services ("DGS") and is not a financial institution extending twenty million dollars (\$20,000,000) or more in credit to another person/vendor, for 45 days or more, if that other person/vendor will use the credit to provide goods or services in the energy sector in Iran and is identified on the current list of persons engaged in investment activities in Iran created by DGS. (PCC § 2204(a).) The DGS list of Entities Prohibited from Contracting with Public Entities in California Per the Iranian Contracting Act of 2010 may be accessed at: List of Ineligible Businesses.

GRANTEE COMPLIANCE WITH ECONOMIC SANCTIONS
IMPOSED IN RESPONSE TO RUSSIA'S ACTIONS IN UKRAINE**

On March 4, 2022, Governor Gavin Newsom issued Executive Order N-6-22 (EO) regarding sanctions in response to Russian aggression in Ukraine.

The EO is located at <https://www.gov.ca.gov/wp-content/uploads/2022/03/3.4.22-Russia-Ukraine-ExecutiveOrder.pdf>. The EO directs all agencies and departments that are subject to the Governor's authority to take certain immediate steps, including notifying all contractors and grantees of their obligations to comply with existing economic sanctions imposed by the U.S. government in response to Russia's actions in Ukraine, as well as any sanctions imposed under State law.

This correspondence serves as a notice under the EO that as a contractor or grantee, compliance with the economic sanctions imposed in response to Russia's actions in Ukraine is required, including with respect to, but not limited to, the federal executive orders identified in the EO and the sanctions identified on the U.S. Department of the Treasury website (<https://home.treasury.gov/policy-issues/financial-sanctions/sanctions-programsandcountry-information/ukraine-russia-related-sanctions>). Failure to comply may result in the termination of contracts or grants, as applicable.

Please note that for any agreements or grants valued at \$5 million or more, a separate notification will be sent outlining additional requirements specified under the EO. Please contact Chris Davis at chdavis@arvin-do.com if you should have any questions.

State of California Required
Disabled Veteran
Qualification Forms and Information

Please note: Purchases from this bid may be reimbursable by the State of California. Please follow the DVBE guidelines addressed in this document. Failure to do so will result in disqualification!

DVBE INSTRUCTIONS

Steps / Instructions

Document the GFE efforts on the forms in this package entitled "Good Faith Effort".

Do not delay until the final days before your bid is due to start this process.

1. Dial (661) 854-6507 (if no answer, leave voicemail with caller's name, company name, company address, telephone number plus area code, District's bid number) to obtain assistance with any of the following:
 - a. A referral to another state agency that provides DVBE listings and publication resources
 - b. Assistance in completing the DVBE forms in this package.
 - c. Answers to questions about DVBE participation and/or GFE documentation requirements.
2. Contact other state AND federal agencies AND local DVBE organizations for assistance in identifying potential DVBE service providers or suppliers.
 - a. Contact one or more California state agencies. The Department of General Services, Procurement Division (DGS-PD), Office of Small Business and DVBE Services (OSDS) qualifies as one of these contacts. Verbally contact DGS at (800) 559-5529 or (916) 375-4940 during normal business hours to obtain a list of certified DVBEs. This information can also be accessed by searching the online database at www.pd.dgs.ca.gov/smbus. Begin the search by completing the search form. (Hint: Enter an * to search all, click on Disabled Veteran Business Enterprise DVBE to narrow your search.)
 - b. Search the U.S. Small Business Administration's (SBA) Central Contractor Registration on-line database at <https://www.sam.gov/portal/public/SAM/> to identify potential DVBEs (Hint: Use the Search term DVBE). Before claiming use of a CCR firm, verify the named DVBE is registered with DGS.
 - c. Enter on the form entitled "Good Faith Effort": Date/time of contact; name of organization contacted; contact method; and telephone number, email, or Internet address. Print out and attach a copy of each Internet website page visited (e.g. DGS' and federal SAM search to prove contacts made via the Internet.)
3. Unless GFE advertising is placed by the Construction Manager, advertisements for DVBE service providers, subcontractors or suppliers must be placed in at least:
 - a. One "trade" publication related to a trade or industry, and
 - b. One "focus" publication whose ads are specifically distributed and focused to reach DVBE firms, or
 - c. A single publication that qualifies as both a "trade" and "focus" publication. See DGS' DVBE Resource Packet for a listing of applicable publications.
 - 1) Ad placement may be specifically directed to publications that distribute their ads to businesses in the geographical areas where the work will be performed.
 - 2) Ads should appear in publications 10-14 calendar days prior to the date the bid or proposal response is due to be submitted.
 - 3) Give potential subcontractors/suppliers ample time (approximately 3-5 working days) to respond to the ad(s), while allowing sufficient time to seriously consider each firm that submits a response.
 - 4) Ads should contain information similar to the following:

[Enter name of bidding firm]
Is seeking qualified DVBE vendors to provide
(Enter description/list of services/supplies that qualify.)
in [Enter geographical service areas/locations, if applicable]
for Project Name and Bid Number Contact: [Enter a contact name, address,
telephone and fax number, and/or email address]
Submit qualifications/bids by: [date/time]
 - 5) Ads placed in general circulation newspapers including the S.D. Union or the Reader are not acceptable.
 - 6) Document the GFE efforts on the forms in this package entitled "Good Faith Effort". Indicate, in Step 3 on the Good Faith Effort form, the publication date, whether the publication is a trade publication, a focus publication or both and whether ad copy or written ad content is attached.

**GFE Steps /
Instructions
(continued)**

**Document the GFE
efforts on the forms in
this package entitled
"Good Faith Effort".**

**Do not delay until the
final days before the
bid is due to start this
process.**

**Participation and GFE
forms appear in the
pages that follow.**

4. Transmit direct solicitations or invitations to bid to potential DVBEs, identified in Steps 2 and/or 3, by way of mail, telephone, email, fax, or other method.
 - a. Submit a *one or more examples of direct solicitation*. Solicitations should contain: company name; contact name, address, telephone and fax number (if applicable), District's bid name and number; a description of commercially useful goods and/or services for which subcontractors are sought; location of service area; and response date.
 - b. If contact with DVBE firms is verbal or by telephone, document in writing the date of contact, person contacted, and business/subcontract opportunities discussed.
 - c. Submit a list of DVBE firms to whom direct solicitations were transmitted (i.e., DVBE bidders list). Include each DVBE firm's name, mailing address, contact name/title (if applicable), telephone/fax number, and email address (if applicable).
5. Show that DVBE firms that responded to the ad(s) and/or direct solicitations were considered. Bidding firms are encouraged to achieve full or partial DVBE participation. Review the Program Preference section of the bid document for information about the DVBE Incentive that is available to eligible bidders/proposers that achieve participation.
 - a. List each DVBE firm that responded with interest to the bidding firm's ad(s), telephone/fax/email contacts, or direct solicitations. If no responses were received, indicate "none", as instructed in Step 5 on page 3.
 - b. For each DVBE listed in Step 5 on page 3, indicate if the bidding firm:
 - 1) *WILL USE* the DVBE to perform a commercially useful function. For each DVBE that will be used, do the following: Enter the name of the DVBE on the form entitled "Actual DVBE Participation". Indicate whom the DVBE will contract with, the commercially useful function the DVBE will provide or perform. Attach a copy of the DVBE's current DGS certification.
 - 2) *WILL NOT USE* the DVBE after giving consideration to such things as the DVBE's qualifications, availability when needed, capacity to perform/deliver the full range of services/supplies, location or proximity to the service area, results of reference checks, and/or the nature of the services offered by the DVBE or the nature of the goods that can be supplied by the DVBE, etc. For each DVBE firm that will not be used, indicate, in Step 5 on page 3, the business reason(s) for choosing not to use the DVBE.

If awarded the contract, the Contractor must faithfully use each DVBE identified for use and listed on the form entitled "Actual DVBE Participation" and provide a statement as called for in the Certification of Compliance with DVBE Policy contained in the Bid Documents.

Actual DVBE Participation

Page 1

NAME OF DVBE FIRM IDENTIFIED FOR USE (Prime is to enter its own name if the Prime is a certified DVBE)	FIRM THAT DVBE WILL CONTRACT WITH (Prime is to enter "self" if the Prime is a certified DVBE)	COMMERCIALLY USEFUL FUNCTION TO BE PERFORMED OR PROVIDED BY THE IDENTIFIED DVBE	DVBE % Claimed	Tier (See legend below)

DVBE % Claimed:

Enter the percentage level of actual DVBE participation achieved, even if the amount or participation achieved is less than a full three percent (3%) of the total bid amount. Participation may be expressed as a partial/fractional decimal percentage. Do not enter dollar figures in the "DVBE % Claimed" column.

TIER = 0 = Prime Contractor

2 = Subcontractor/Supplier to a Level 1 Subcontractor/Supplier

1 = Subcontractor/Supplier to the Prime Contractor

3 = Subcontractor/Supplier to a Level 2 Subcontractor/Supplier, etc.

Attach to this form, a copy of the current DVBE certification issued by DGS for each DVBE listed in the first column. If a new or renewed certification request was recently approved by DGS, but confirmation of DVBE certification has not yet been received, place a footnote next to the DVBE's name and indicate on this form "DVBE Cert Pending" or "DVBE Cert to Follow".

GOOD FAITH EFFORT

Steps 1 and 2

Show the date and form of contact with AUSD **and** show the contacts made with one or more other California state agencies **and** the Federal SBA **and** one or more California local DVBE organizations (see DGS' Resource Packet).

DATE OF CONTACT	TIME OF CONTACT	NAME OF AGENCY OR ORGANIZATION CONTACTED	CONTACT METHOD (Enter voice mail, internet access, or name of person contacted)	PHONE NUMBER, EMAIL OR WEB ADDRESS
9/27/23	4:29PM	Arvin Union School Dist.	Chris Davis	chdavis@arvin-do.com
9/27/23	3:23PM	Imperial Valley Small	Faxed Request	(760) 312-9838
09/27/23	3:21PM	Amerivet Logistics	Faxed Request	(800) 489-4101
09/27/2023	3:22PM	Amador County	Faxed Request	(209) 223-2297
09/27/23	3:18PM	Jim Brisco Enterprises	Faxed Request	(209) 676-4610
9/27/23	4:16PM	Federal Procurement	Online Search	www.fpds.gov
9/27/23	4:18PM	CA DGS	Online Search	www.dgs.ca.gov
<ul style="list-style-type: none"> Attach one copy of each Internet website page that is visited as proof of this portion of the good faith effort. 				

Step 3

Show proof of advertising in one trade and one DVBE focus publication, **OR** one publication qualifying as both a trade and a DVBE focus publication. Be certain to attach the CM's advertisement if advertisement was made by Construction Manager.

NAME OF PUBLICATION SOURCE	PUBLICATION DATE(S)	TYPE OF PUBLICATION Check the one that applies.			COPY OF AD ATTACHED	AD CONTENT ATTACHED
		Trade	Focus	Both	Check the one that applies	
Challenge News	09/27/23 - 10/1/23	X	X		X	

Step 4

Show proof that direct invitations to bid were transmitted to potential DVBEs by way of mail, email/fax, telephone, or other method.

A. At a minimum attach, to this form, one or more examples of invitations to bid or solicitations that were transmitted directly to potential DVBEs. Bidding firm's may attach:

- One or more examples of the direct solicitations used to solicit bids from potential DVBE subcontractors/suppliers, **and/or**
- One or more copies of the narrative content of an emailed invitation to bid that was transmitted to potential DVBE subcontractors/suppliers **or** one or more copies of a faxed invitation to bid that was transmitted to potential DVBE Subcontractors/suppliers, **and/or**
- A description of the verbal dialog held with a potential DVBE subcontractor/supplier via telephone or personal meeting, including date of contact, person spoken to, and potential business opportunities discussed.

- B. Attach to this form a copy of the DVBE bidder list. This is the list of certified DVBE firms to whom direct solicitations or invitations to bid were transmitted and may include the DVBE firms that responded to the bidding firm's published ad(s).
- Include each certified DVBE firm's name, mailing address, email address (if applicable), telephone and fax number.
- (Continued on the next page)*

Step 5

Show that the bidding firm has considered the interested DVBE firms that responded to the bidding firm's ad(s), direct solicitations, and/or personal contacts. If no responses were received from DVBEs, indicate "None" on the first line of Column 1.

NAME OF DVBE(S) THAT RESPONDED (This column is self-explanatory)	INDICATE YOUR PROPOSED USE OF EACH DVBE (Complete the appropriate column below and show percentage use, if applicable)		REASON(S) FOR NOT CHOOSING TO USE THIS DVBE (Enter a business reason for not selecting each firm identified in Column 2B)
	COLUMN 2A Will Use __ Percent	COLUMN 2B X = Will Not Use	
COLUMN 1			COLUMN 3
	%		
	%		
	%		
	%		
	%		
	%		

Completion Instructions

For each entry in Column 2A, transfer the firm's name and claimed percentage value of use to the form entitled "Actual DVBE Participation". Complete Column 2A, only for those DVBEs that the bidding firm intends to subcontract with. An entry in Column 2A will impose an obligation on the bidding firm to use the DVBE firm identified for the percentage value claimed. DVBE participation may be expressed as a partial/fractional decimal percentage.

Place an "X" in Column 2B for each interested DVBE that the bidding firm does not intend to use.

Complete Column 3 for each "X" placed in Column 2B. In Column 3, indicate the business reason(s) for electing not to use the DVBE firm.

Sole authority rests with AUSD to determine whether or not a bidder/proposer has successfully documented actual DVBE participation and/or whether a bidder/proposer has made an adequate GFE to achieve participation. Bidders/proposers may, at their sole option, choose to submit both forms in this package (documenting both full participation and a GFE) as insurance against a finding that the actual participation claimed is unacceptable.

Forms are to be submitted with your bid documents.

**REQUEST FOR QUALIFICATIONS AND PROPOSALS FOR
DSA INSPECTION SERVICES RFQ/P #2324-Bonds05**

NOTICE IS HEREBY GIVEN that the Alum Rock Union School District ("District") is requesting qualified persons, firms, partnerships, corporations, associations, or professional organizations to provide comprehensive and professional DSA inspection services to the District for renovation projects ("Project," "Projects" or "Project(s)") relating to the District's facilities development of its public schools under the Measures "J" and "I" Bonds Program ("Program"), including but not limited to: Russo/McEntee Academy; Sheppard Middle School; McCollam Elementary School; George Middle School; Adelante I TK-8 School; Ocala Middle School; Cassell Elementary School; Renaissance Academy at Fischer Middle School; Adelante II TK-8 School; Aptitud TK-8 School; Renaissance Academy at Mathson Middle School and San Antonio Elementary School. The comprehensive DSA inspection services will include, but not be limited to: on-site inspection services of the Project and all inspection-related activities. Perform special inspections or oversee special inspections by specially approved inspectors. Perform continuous inspection of the Project during all stages of construction. Comply with all the requirements of a DSA project inspector referenced in DSA IR A-7, DSA IR A-8, DSA PR 13-01, DSA PR 13-02 and DSA 152 Manual. Complete a Division of the State Architect (DSA) Form 103. Identify all non-compliant work as work on the project progresses.

At this time the District is requesting qualifications from respondents interested in being considered for the Projects noted above under this Program. The selected firms will be invited to interview. After the interviews, the Selection Committee will identify the firms/teams that can provide the greatest overall benefit to the District.

Respondents to this Request for Qualifications ("RFQ/P") should mail or deliver Five (5) bound copies, One (1) unbound copy, and One (1) electronic copy on flash drive of their Statement of Qualifications ("SOQ"), as further described herein, to:

**Mr. Marc Freitas
Director of Bonds
2930 Gay Avenue, San Jose, CA 95127**

ALL RESPONSE "Statement of Qualifications and Proposal for DSA Inspection Services" ARE DUE BY 2:00 P.M., Monday, October 2, 2023, 2:00 p.m. and clearly marked RFQ/P No. 2324-Bonds05. Each firm is responsible for the delivery of their proposals. If the proposal is delivered late or to the wrong address, by any delivery method, the bidder bears full responsibility.

FAX OR EMAIL RESPONSES WILL NOT BE ACCEPTED. Proposals received after the above stated time and date will be returned to vendor unopened.

All proposals received as part of this solicitation become the property of the District and shall be considered public record. The cost to prepare and submit the proposals is at the sole expense of each firm. Each SOQ must conform and be responsive to the requirements set forth in this RFQ/P.

Questions must be submitted Mr. Freitas at marc.freitas@arud.org and Deborah Slivkoff at dslivkoff@cumming-group.com on or before 4:00:00 P.M. on Tuesday, September 26, 2023. Answers will be emailed and posted on the District website by 4:00:00 P.M. on Thursday, September 28, 2023.

The District reserves the right to reject any and all proposals and to waive informalities and minor irregularities in any proposal reviewed. The District may reject any proposal that does not conform to the instructions herewith. Additionally, the District reserves the right to negotiate all final terms and conditions of any preliminary agreement entered into with the DSA Inspection Services firm. The District makes no representations that any contract will be awarded to any respondent.

Contact with any individual(s) in the District, other than the individual(s) specifically named herein, is prohibited, and may result in rejection of the proposal.

Copies of RFQ/P #2324-Bonds05 can be obtained by visiting:

Office of Electronic Health Record
MODERNIZATION

Click here for more information

WHAT VETERANS NEED TO KNOW ABOUT

CHANGES TO HOW VA KEEPS YOUR MEDICAL RECORDS

VA IS TRANSITIONING TO A NEW ELECTRONIC HEALTH RECORD

In May 2018, the Department of Veterans Affairs (VA) began a 10-year effort to migrate Veteran health data into a modern electronic health record (EHR) that will give VA providers secure access to a patient's complete medical history from the time they entered military service through their transition to Veteran status and beyond.

How VA's Electronic Health Record Modernization (EHRM) effort will affect each individual Veteran depends on two primary factors: whether their records (prior conditions, lab results, etc.) already exist in a digital form and when EHRM is being implemented in their region.

REQUEST FOR QUALIFICATIONS AND PROPOSALS FOR CONSTRUCTION MANAGEMENT SERVICES RFQ/P #2324-Bonds04

NOTICE IS HEREBY GIVEN that the Alum Rock Union School District ("District") is requesting qualified persons, firms, partnerships, corporations, associations, or professional organizations to provide comprehensive and professional construction management services to the District for renovation projects ("Project," "Projects" or "Project(s)") relating to the District's facilities development of its public schools under the Measures "J" and "I" Bonds Program ("Program"), including but not limited to: Russo/McEntee Academy; Sheppard Middle School; McCollam Elementary School; George Middle School; Adelante I TK-8 School; Ocala Middle School; Cassell Elementary School; Renaissance Academy at Fischer Middle School; Adelante II TK-8 School; Aptitud TK-8 School; Renaissance Academy at Mathson Middle School and San Antonio Elementary School. The comprehensive construction management services will include, but not be limited to: Project construction oversight, reporting, and support; pre-construction support including cost estimating, value engineering, and constructability reviews; pre-construction support; strategic construction sequencing and staging; optimization of staging and/or work consolidation; and may include other construction management for Projects and Program planning and support.

At this time the District is requesting qualifications from respondents interested in being considered for the Projects noted above under this Program. The selected firms will be invited to interview. After the interviews, the Selection Committee will identify the firms/teams that can provide the greatest overall benefit to the District.

C.W.Driver

BUILDERS SINCE 1919

C.W. Driver has been chosen by the California State University, Dominguez Hills ("CSUDH") as Design Builder for the **Affordable Housing and Dining Commons Project** ("Project"). In order to submit a subtrade Bid for any portion of the work on the subject project, subcontractors must be prequalified based upon the following Prequalification Process. At this time, C.W. Driver, Inc. intends to prequalify subcontractors for the trades described below.

Project Description:

The scope of CW Driver's contract for this project includes the demolition and removal of the existing East Campus Academic Complex modular classroom village, design and construction of a new five-story, 365 bed student housing building in 77,549 s.f. constructed in post-tensioned concrete, a single story, 17,961 s.f. Dining Commons, constructed in structural steel with 315 indoor seats and 40 outdoor seats, and surrounding site development paving and landscaping.

Demolition & Grading, Finish Carpentry & Millwork, Waterproofing & Roofing, Sheet Metal, Doors, Frames, & Hardware, Overhead Coiling Smoke Curtains, Curtain Wall, Storefront, Glass & Glazing, Tiling, Acoustical Ceilings and Walls, Flooring, Painting, Misc. Specialties, Window Treatments, Elevators, Trash Chutes, Site Concrete, AC Paving & Striping, Landscaping & Irrigation, and Site Utilities.

Prequalification Deadline:

Completion of the Prequalification submission, including all the above documents, is due by September 25, 2023 at 5:00 pm.

Submit your responses via email to Mark Vondran at mvondran@cwdriver.com. Responses must be received by CWD no later than 5:00 pm.

THE KERN HIGH SCHOOL DISTRICT BID REQUEST

Notice is hereby given that electronic sealed bids will be received by the Undersigned for Bid No. 5830 -- Purchase of ¼ Ton Trucks.

All bids must be submitted online at www.kernhigh.org by 2:00 p.m. on Wednesday, September 27, 2023. Please refer to the specifications for online bidding instructions.

The Bid Specifications and General Requirement Forms to be used for bidding on this project are available at no expense on the Kern High School District website at www.kernhigh.org. In the event that you are unable to download please email sandy.castorena@kernhigh.org

The Board of Trustees Kern High School District reserves the right to reject all bids and/or waive any irregularities in a bid.

Kern High School District
Michael Zulfa, Ed.d.
Associate Superintendent, Business

Agent for Office of Public-School Construction

INTRODUCTION

GENERAL INFORMATION

To allow for maximum flexibility in the selection of furniture that meet the diverse requirements throughout the sponsoring California public school districts, bidders are requested to list a percentage discount on manufacturer(s) entire furniture line in addition to the specific model of products that are listed in this bid. This discount will apply to the manufacturer's current and future retail pricing at the time orders are placed.

If you are offering more than one discount for a particular manufacturer, please enclose or attach discount structure with your bid response.

Awards will be made according to the lowest price quoted meeting exact specifications for each line item of the Bid. Where brand names have been used, the technical specification associated with the product is hereby incorporated in its entirety. Awards may be made on an item-by-item basis. Bidders must be either manufacturers or factory authorized distributors for brands they are quoting, and must be able to show proof of same, if required by the sponsoring districts.

Successful bidders should supply a complete, current line of price and product literature for each award when requested. When requested it will be the responsibility of each awarded bidder to provide the lead agency (Arvin Union School District - Business Office) or other requesting agencies with updates in pricing, product literature, and delivery information as they become available from the manufacturer(s).

EXAMINATION OF BID DOCUMENTS

Bidders shall thoroughly examine and be familiar with the specifications. The failure or omission of any bidder to receive or examine any bid document(s), forms, instruments, addendum or other document there existing shall in no wise relieve any bidder from obligations with respect to this bid or to the contract. The submission of a bid shall be taken as prima facie evidence of compliance with this section.

Carefully read the Instructions and Conditions section of this bid!

Addendum Noted: _____, _____, _____ . (List each addendum by number.)

A-1 VISUAL SYSTEMS

A-1 VISUAL

BULLETIN BOARD

Series 100 Institutional Type ½" Thick Vinyl Tackboard with ¾" Aluminum Frame

Vinyl Fabric: To be selected from manufacturer's standard vinyl fabrics, but not necessarily limited thereto. Indicate additional cost for special match color.

Size: 4'H x 8'W

Warranty: LIMITED WARRANTY

A-1 Visual Systems' merchandise is warranted to the original purchaser for a period of one year from the due date of purchase against defects in the material or workmanship as to the board/cabinet components. The word "defect," as used in this warranty, is defined as imperfection which impairs the utility of this product. This warranty is expressly limited to the replacement of board/cabinet components having defects. If the board/cabinet is defective within the terms of the warranty A-1 Visual Systems will furnish a replacement board/cabinet component at no cost. No assembly labor is included. All A-1 Visual Systems' Porcelain-On-Steel writing surfaces are guaranteed not to wear for the life of the building in which it was originally installed. This warranty applies under conditions of normal use, but does not apply to defects that result from intentional damage, negligence and unreasonable use or exposure. All implied warranties arising under state law are limited in duration to the one year period of those warranty. Some states do not allow limitations on how long an implied warrant last, so the above limitations may not apply to you. Liability for incidental or consequential damages excluded to the extent exclusions is permitted by law. Some states do not allow the exclusions or limitations of incidental or consequential damages, so the above limitation or exclusions may not apply to you.

This warranty does not apply to:

- Damage caused by a carrier other than the Seller (for commercial orders only).
- Normal wear and tear or acts or omissions of parties other than Seller (including user modification, improper use or installation of Products).
- COM or other third party materials applied to Products.
- Dramatic temperature variations or exposure to unusual conditions.
- Changes in surface finishes, including colorfastness due to aging or exposure to light.
- Except as specifically noted above, textiles and upholstery supplied by A-1 Visual Systems.
- Natural variations occurring in wood, marble, and leather shall not be considered defects, and the Seller does not guarantee the colorfastness or matching of the colors, grains or textures, or surface hardness of such materials. The Seller also does not guarantee the colorfastness of fiberglass panel surfaces.

DISCLAIMERS

THE EXPRESS WARRANTIES CONTAINED IN THIS SELLING POLICY ARE THE ONLY WARRANTIES THAT A-1 VISUAL SYSTEMS MAKES AND TAKE THE PLACE OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTIES OF MERCHANTABILITY AND FITNESS FOR PARTICULAR PURPOSE AND ALL OTHER WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

ADVANCE TABCO

WORK TABLE

Features: Top is furnished with 1-5/8" sanitary rolled rim edges on front & back and square side edges. To reinforce and maintain a level working surface, 24" wide tables are supplied with TWO hat channels and 30" and 36" wide tables are supplied with THREE hat channels. Pre-engineered welded angle adapters insure ease of future drawer installation. Aluminum die cast "leg-to-shelf" clamp secures shelf to leg eliminating unsightly nuts & bolts. Undershelf is adjustable.

CONSTRUCTION: All TIG welded. Exposed weld areas polished to match adjacent surfaces. Entire top mechanically polished to a satin finish. Top is sound deadened. Roll formed embossed galvanized hat channels are secured to top by means of structural adhesive and weld studs. Gussets welded to support hat sections.

MATERIAL: SS-SERIES: Stainless Steel Legs & Undershelf

- TOP: 14 gauge stainless steel type "304" series.
- SHELF: 18 gauge stainless steel.
- LEGS: 1 5/8" diameter tubular stainless steel. 1" adjustable stainless steel bullet feet. Stainless steel gussets.

Size: 30"D x 48"W x 35.5"H

3-COMPARTMENT SINK

FEATURES: Backsplash has tile edge for ease of installation. Sink bowls are 3/4" coved corner and meet NSF requirements. Rolled Rim Edge for additional strength. Sink Bowls are 14" deep for greater capacity. Adjustable front-to-back cross-bracing

MATERIAL: 1 5/8" diameter stainless steel legs with 1" adjustable stainless steel bullet feet. Entire unit is 16 gauge 304 stainless steel. Gussets - stainless steel.

MECHANICAL:

- Supply is 1/2" IPS hot & cold.
- Faucet holes on 8" centers.
- Faucets are not included (see accessories).
- Waste drains are 1 1/2" IPS S/S basket type, located in center of sink bowl, and are included.

CONSTRUCTION: All TIG welded. Welded areas blended to match adjacent surfaces and to a satin finish. Gussets welded to a die-formed reinforced plate.

Size: 24"D x 90"W x 43"H

Bowl Size: 18" x 18"

WARRANTY: Warranty applies in the 48 contiguous United States only. ALL WARRANTY WORK MUST BE AUTHORIZED BY THE FACTORY BEFORE ANY WORK IS PERFORMED. Work performed without prior authorization shall be covered under this warranty only at the sole discretion of Advance Tabco. At no time will expenses to be paid under warranty exceed the original cost of the item. Routine maintenance and wear items are not covered by warranty. Repair parts are sent by surface transportation. Any expedited freight charges will be at the expense of the end user.

Warranty applies only under conditions of normal use and does not apply to defects which result from negligence, misuse, freight damage, improper installation or accidents. Warranty does not include any coverage for loss of business, damages, freight or other miscellaneous expenses incurred due to the defect or in servicing the unit. This warranty is made in lieu of all other warranties express or implied and no additional warranties express or implied, including one of merchantability or fitness for a particular purpose are given. If defects are the result of freight or handling damage your first recourse MUST be to notify the delivering freight carrier of the damage. If possible any damage should be noted on the delivery receipt at the time of delivery. Defects due to freight damage should be referred to the freight carrier for correction and compensation (this applies regardless of who was responsible for paying the freight charges or selecting the carrier). Hot Food and Refrigerated Tables and Drop-Ins are warranted for 12 months from the date of shipment from the factory or 6 months from the date first placed into service (whichever comes first) and include the following terms: Applies only to parts directly related to the electric, gas or refrigeration components of covered items (see below for all other parts) Covers parts and labor during the warranty period (refrigeration components include labor coverage for 12 months from date of shipment or 3 months from date placed into service, with parts covered as described above). Labor performed after hours, as overtime, on weekends or on holidays is not covered by this warranty (end user may authorize and pay such expenses directly to service agency if desired) Includes travel up to 100 miles round trip or 2 hours of travel time (additional travel will be at the end users expense) Refrigeration Compressors for Tables and DropIns are eligible for additional optional warranty coverage (if purchased): Must be purchased at the time the covered unit is ordered from the factory Valid for 60 months from the date of shipment from the factory Covers parts only (no labor, no freight). Applies only to the compressor unit Excludes the cost of refrigerant Refrigerated underbar equipment (Glass Frosters, Bottle Coolers, Back Bar Refrigeration) is warranted for 24 months from the date of shipment from the factory and includes the following terms: Covers parts and labor during the warranty period. Labor performed after hours, as overtime, on weekends or on holidays is not covered by this warranty (end user may authorize and pay such expenses directly to service agency if desired). Includes travel up to 100 miles round trip or 2 hours of travel time (additional travel will be at the end users expense). Compressors only are warranted for a total of 60 months parts only (36 months parts after the initial 24 month parts and labor coverage). Ware Washing Machines are warranted for 12 months from the date of shipment from the factory and include the following terms: Covers parts and labor during the warranty period. Labor performed after hours, as overtime, on weekends or on holidays is not covered by this warranty Includes travel up to 100 miles round trip or 2 hours of travel time (additional travel will be at the end users expense). Any repairs or service conducted other than by an authorized service agent will void this warranty. All Advance Tabco items not mentioned above (including parts not otherwise covered for hot food and refrigerated units) are warranted free of defects in workmanship and materials for 90 days from the date of shipment from the factory. Warranty includes parts only (no labor). At Advance Tabco's discretion we may repair or replace the defective item.

ALUMINUM SEATING

ALUMINUM SEATING

SQUARE PICNIC TABLE

Aluminum Seating picnic tables are manufactured of high quality commercial-grade, all-aluminum structure (alloy 6063-T6) with anodized or powder coated seats and tabletops. Table frames are made from 2" square tubing and 2"x2" & 2"x3" angles.

Aluminum Seating picnic tables can be left outdoors year after year under the most strenuous weather conditions. The welded understructure is well-capable of withstanding rugged park and playground use. All tables may be anchor bolted to concrete.

Table length can be customized anywhere from 6'-0" to 30'-0" to meet your exact needs.

Square Tabletop Size: 37" x 37"

Warranty: 5 Year Warranty

AMERIKOOLER

WALK-IN SPECIFICATIONS

1. GENERAL: Walk-in coolers and freezers shall be built with a modular panel system design for accurate and rapid field assembly. Construction shall be approved by National Sanitation Foundation Standard No. 7 and shall bear the NSF Listed Seal.

2. PANEL CONSTRUCTION

2.1 Panel shall have 4-inch thick extruded polystyrene foam (XPS) core insulation, bonded under strict controlled parameters to metal skins providing a structural panel.

2.2 All panels shall be assembled placing the tongue into the groove of the (XPS) core insulation of the adjacent panel.

2.3 Walk-in wall, ceiling, door and floor panels shall be connected to each other using non-corrosive thermoplastic cam-action locking panel fasteners, using a pull tension force of 600 pounds. Locking panel fasteners are operated from the interior using a hexagonal wrench. All fastener holes are sealed with a vinyl cap plug. Hexagonal wrench shall be supplied inside the hardware box.

2.4 Panel joints shall have a NSF compression gasket applied to all panels on the interior and exterior edges of the tongue, providing an airtight seal.

3. INSULATION

3.1 Insulation shall be 4 inches thick, UL Class 1 rigid extruded polystyrene (XPS) foam, with a minimum density of 1.5 PCF (pounds per cubic foot). It shall be closed cell, void-free and high performance, with high resistance to water absorption (Hydrophobic, per ASTM C272). XPS insulation shall have a 50 year R-value warranty.

3.2 Insulation R-value is measured per the requirements in U.S. CFR Title 10 Chapter 11 Subchapter D Part 431, using the ASTM C518 method for Walk-in Coolers and Freezers.

3.3 XPS Panel Core 20 (AK-XPS4) and XPS ULTRA SL (AK-XPS4 ULTRA) rigid extruded polystyrene foam insulations shall be Federal Energy Independence & Security Act (EISA) compliant effective January 1, 2009, and Department of Energy (DOE) Compliance Certified effective July 1, 2017.

3.4 AK-XPS4 for cooler wall, ceiling, door and floor panels shall have a minimum R-value of 27.2

3.5 AK-XPS4 freezer floor panels shall have a minimum R-value of 30.4

3.6 AK-XPS4 ULTRA for freezer wall, ceiling and door panels shall have a minimum R-value of 32.4

3.7 Surface burning characteristics for AK-XPS4 and AK-XPS4 ULTRA, according to ASTM E84/UL 723, shall have a Flame Spread of 15 or less, and Smoke Developed of 165 or less.

4. FLOOR CONSTRUCTION

4.1 Floor panel construction shall be 4 inches thick.

4.2 The joint between the floor and wall panels shall be 4½" thick and shall form a NSF ½-inch radius.

4.3 FLOOR PANELS & ALTERNATIVE FLOOR TYPES:

4.3.1 Foot traffic standard floor panels, with .050 thick smooth aluminum finish bonded to the insulation. Panels are designed to support uniformly distributed loads of up to 600 pounds per square foot.

4.3.2 Rolling rack reinforced floor panels with .050 thick smooth aluminum finish bonded to ½-inch plywood underlayment and to the insulation. Panels are designed to support uniformly distributed loads of up to 1200 pounds per square foot.

4.3.3 Hand trucks, rolling racks and beer keg reinforced floor panels with 22 gauge textured stainless steel finish bonded to ½-inch plywood underlayment and to the insulation. Panels are designed to support uniformly distributed loads of up to 1500

pounds per square foot.

4.3.4 Hand pallet jack, dollies and carts reinforced floor panel with 22 gauge textured stainless steel finish-bonded to ¾-inch plywood underlayment and to the insulation; with additional load-bearing capacity structural reinforcement with an overlay of .090 thick aluminum diamond-tread plate over the finished floor panel (shipped loose). Panels are designed to support uniformly distributed loads of up to 2,600 pounds per square foot.

4.3.5 Floorless coolers shall be supplied with PVC extruded vinyl screeds, with a NSF ½-inch radius to allow for easy cleaning. Screeds are designed to sit flat on a leveled finished floor and be anchored to the concrete floor.

4.3.6 Built-in mass insulated floor shall be constructed on the job site. It shall consist of 8" depressed, above a 2" thick concrete sub-slab. Insulated floor shall consist of 4-inch thick rigid extruded polystyrene (XPS) sheets, placed in four layers of 1" X 48" X 96" (to suit temperature requirements), with staggered joints, over a .004" polyethylene vapor barrier. Add a minimum of 4-inches of reinforced concrete wearing floor over a .004" polyethylene vapor barrier on top of the insulation. Adequate ventilation or other heat source shall be provided beneath the sub-slab.

5. PANEL FINISH

5.1 26-gauge corrosion resistant stucco embossed acrylic coated Galvalume steel (Acrylume) standard on the interior and exterior of wall, ceiling and door panels and the exterior of floor panels.

6. DOOR CONSTRUCTION

6.1 Entrance door shall be swing type and flush, infitting, self-closing with magnetic seal.

6.2 Door and door jamb shall be 4-inches thick and constructed to incorporate a heavy duty PVC molded non-heat conductive perimeter frame.

6.3 Chrome plated door hardware shall include two spring-assisted, easy lift-off super cam-rise hinges, a deadbolt locking handle with key and padlocking provision, with inside emergency release, plus a spring activated door closer for smooth and reliable door closure.

6.4 Door jamb shall include a digital LED thermometer and on-off pilot light switch for each entrance door. Jamb to have a clear opening of: 36"W x 76"H or 36"W x 80"H

6.5 Top and sides of door shall be provided with a NSF approved thermoplastic gasket with magnetic core for a positive seal against the magnetic stainless steel polished (No. 4) channels on door jamb. The bottom of the door shall be sealed with a NSF approved double sweep gasket designed to seal with the threshold.

6.6 Each door panel shall include an interior vapor proof light fixture with globe, mounted on the center-top of the jamb. Door jamb shall be prewired with materials and using guidelines approved by Underwriters Laboratories. Door shall be field wired to surface mounted light fixture junction box.

6.7 Trim strip between door panel and building wall shall be provided with the same exterior metal skin as the door jamb, where shown on drawings.

6.8 Freezer doors shall include a low voltage anticondensate heater cable. Heater cable shall be factory wired to an energy-efficient heat sensing regulating thermostat to prevent condensation.

6.9 Freezer door jamb shall include a heated pressure relief vent, which is factory mounted.

6.10 Freezer doors that open to ambient temperature shall have an interior and exterior NSF approved double sweep gasket designed to provide extra bottom seal with the threshold.

7.0 CEILING PANELS

7.1 Ceiling panel construction shall be 4-inches thick.

7.2 Optional joint construction between the ceiling and wall panels shall be 4½" thick and shall form a ½- inch radius for easy cleaning.

8.0 APPROVALS

- 8.1 Department of Energy (DOE) Compliance and Certified: effective July 1, 2017.
- 8.2 Energy Independence and Security Act (EISA) Compliant: effective January 1, 2009.
- 8.3 Certified construction to NSF Standard No. 7.
- 8.4 UL certified panels, when tested in accordance with ASTM E84/UL-723. Panels shall bare the UL label.
- 8.5 Hydrophobic insulation, when tested in accordance to ASTM C272.
- 8.6 Insulation Self Ignition Temperature of 896 degrees F; and Flash Ignition Temperature of 734 degrees F, when tested in accordance to ASTM D 1929.
- 8.7 Door panel shall be factory pre-wired with materials and guidelines approved by Underwriters Laboratories. Door panel shall bear NSF label on the exterior of jamb.
- 8.8 City of Houston Fabricator's Certification No. 694.
- 8.9 Oregon Component Insignia of Compliance No. M-PFC688.
- 8.10 New York City Approval MEA113-87-M.
- 8.11 Miami-Dade County, Outdoor Hurricane High Velocity Wind (170 mph), approval pending.

9.0 WARRANTY

- 9.1 Manufacturer shall provide a written warranty to the owner stating the product is free from defect or workmanship under normal use and service.
- 9.2 50-year R-value warranty on panel insulation.
- 9.3 15-years on wall and ceiling panels, 5 years on door and floor panels, and 1 year on component parts.
- 9.4 See limited protection warranty document for complete information.

10. SITE CONDITIONS

- 10.1 The walk-in should be installed in a well ventilated location. A minimum of 2" clearance shall be required between walk-in and building walls, for proper air circulation.
- 10.2 Floor panel and PVC vinyl floor screeds are designed to sit flat on a leveled finished floor.

ARIZONA UMBRELLA

ARIZONA UMBRELLA

THE 701 ALUMINUM UMBRELLA

Arizona Umbrellas & Tabletops has a long history of manufacturing maintenance-free umbrellas & tabletops. Using the same original design, our umbrellas have been in continuous production since 1956. Style and science come together to create beautiful & durable Aluminum Umbrellas. The umbrella canopy is made up of 40 aluminum vanes, powder coated to your choice of colors.

Color Options: Offer a variety of in stock color options: Forest Green, Lemon, Parchment, Red, Royal Blue, Taupe, Terra Cotta, and White. Custom color options available for additional cost.

Patented Swivel: Aerodynamically designed, their strength is in the patented Swivel. It's the only one of its kind that permits the canopy of the umbrella to easily swivel into the wind, rather than being stationary and causing updrafts. Our umbrellas have been known to withstand hurricane conditions.

Warranty: The manufacturer warrants its products to be free from manufacturing defects in materials or workmanship when used, maintained, and stored under normal commercial use. This warranty applies to the original buyer from the date of purchase. The warranty period is one (1) year. This guarantee excludes vandalism, high winds, and acts of God.

1 – 20	\$ 161.94
21-40	\$ 160.32
41-60	\$ 158.72
61+	\$ 157.13

ONE POSITION COMPUTER TABLES

Table Top: Standard tabletops are 1-3/16" thick, 3-ply particleboard core including a top surface of .050" thick high-pressure laminate, and a backing sheet .020" thick for balanced construction. High-pressure laminate has a low-glare finish resistant to scratches, fading, and staining in accordance with NEMA standards. Tabletops are banded on exposed edges with a 1-3/4" thick x 2"W solid-oak external undercut chamfered edge band applied to the table core after lamination of the face plastic. The edge band is beveled at a 39° angle with 3/8" radius bullnose at the leading edge. Square and rectangular tabletop edge bands are mitered at all four corners with corners radiused 1/8". Note: All Standing-Height Tables are made with an apron. All Sitting-Height Tables are made without an apron to allow adequate leg clearance.

Table Legs without Apron: Legs are 2-1/2"W, square shape, glued-up face to face from three solid-oak blanks. All glue joints are tight and smooth. All vertical edges receive a 1/4" radius. Legs receive a horizontal vein line 5/32"W x 3/32"D on the two outside faces of the leg positioned 3-11/32" below the top of the legs. An identical vein line is positioned 3-1/4" above the bottom of the leg. At the bottom of this vein line the two back sides of the leg taper to a dimension of 1-7/8" x 1-7/8" at the bottom of the leg. Tables are without an apron, with legs attaching to the tabletop by means of a 5" square x 5/16" thick steel plate. Plates are painted flat black and have no sharp edges. The plate is attached to the leg by a 5/16" x 2-1/2" machine bolt engaging a 5/8" diameter barrel nut inserted in the leg. The steel plate is attached to the tabletop by five 5/16" x 1" machine bolts engaging internally and externally threaded bushings embedded in the underside of the tabletop. Leg plates are positioned behind and hidden by the extended edge band. Edge bands extend 1/2" below the tabletop. Each leg has a 1-1/2" diameter adjustable glide mounted in a recessed tee-nut. The glide is

further recessed into the leg by means of a countersunk boring which accepts the upper two-thirds of the glide. Additional leg(s) added to the center of the table for extra support are 2-1/4"square with a 1/2" radius on vertical edges.

Privacy Panel: Privacy panels are 10"H, constructed of 1" thick veneer-core plywood. Exposed panel edges are banded with 1.6mm solid oak. The privacy panel attaches securely to the tabletop by screws passing through the tabletop and into the privacy panels. Privacy panels are finished to match the table edge band. Privacy panels are designed to obscure wires exiting computer equipment and to eliminate incidental tampering.

Electrical: Tables receive 3" grommets in the tabletop for wire passage, and J-channel wire managers are mounted under the tabletop to hold excess wires. Grommets are ABS, black plastic with notched removable cap. J-channel is 18-gauge steel with electrostatically applied black powder paint.

Wood Species: Oak.

Size: 27.5" H x 32.75" W x 26.75" D

Warranty: Brodart warrants that the Furniture designed and manufactured by it will be free of defects in material and workmanship for a period of twenty-five (25) years for furniture and five (5) years for seating.

WARRANTY: Limited Warranty. Products manufactured by Byrne Electrical Specialists, Inc. (Byrne) are warranted to be free from defects in material and workmanship under normal use and service for a period of one (1) year from the date of manufacture. Byrne will refund the price of the defective product, repair or replace, at its option, products which prove to be defective within the warranty period, if product is repaired or replaced it will be shipped F.O.B. Byrne's facility. Byrne warranty shall be voided by any repair, alteration, or modification by persons other than the employees of Byrne, or those who are expressly authorized by Byrne to make such repairs, and by any abuse, misuse or neglect of the products or by use not in accordance with the Byrne published instructions. The remedies for any failure of the Byrne products to meet its warranty specified herein shall be those remedies stated herein and no other; these remedies being exclusive remedies as a condition of sale irrespective of the theory upon which any claim might be based, including negligence, breach of contract or strict liability. The determination whether a defect exists shall be made solely by Byrne. Except as provided in this paragraph, Byrne makes no warranty, express or implied, by operation of law or otherwise, including any warranty of merchantability or fitness for any particular purpose. Byrne shall not be liable on any claim for defective goods which is not made within thirty (30) days after such goods have been received by Buyer. This warranty does not cover any assemblies or parts not manufactured by Seller. IF THE GOODS ARE MADE ACCORDING TO BUYER'S SPECIFICATION, SELLER DOES NOT WARRANT THE ADEQUACY OR APPROPRIATENESS OF SUCH SPECIFICATIONS, OR THAT THE GOODS, EITHER ALONE OR AS COMBINED WITH OR INTO OTHER PRODUCT, WILL SATISFY OR COMPLY WITH INDUSTRY OR GOVERNMENTAL CODES, STANDARDS, SPECIFICATIONS, REGULATIONS OR REQUIREMENTS. ALL RISK AND LIABILITY ASSOCIATED WITH ANY SUCH NONSATISFACTION OR NONCOMPLIANCE IS HEREBY EXPRESSLY ASSUMED BY BUYER.

CABOT WRENN

SHIELD SIDE CHAIR

Shield Side Chair – 40”H x 20.5”W x 25.5”D

Finish: Grade A, Finishes to be selected from manufacturer's standard colors, but not necessarily limited thereto. Indicate additional cost for special match color.

WARRANTY: 5 Year Warranty

Subject to the limitations set forth below. Cabot Wrenn warrants to the original purchaser all products in this price list to be free from defects in material and workmanship for a five (5) year period from the date of shipment. This five (5) year warranty applies to all products sold and installed by a Cabot Wrenn authorized agent for normal commercial single shift service and normal care. Cabot Wrenn will, at its discretion, replace, repair locally, repair at its factory, or return the purchase price of any Cabot Wrenn merchandise that, upon inspection by Cabot Wrenn, is deemed to be defective, without charge to the original purchaser. This warranty does not apply to defects in components not manufactured by Cabot Wrenn such as upholstery materials, pneumatic cylinders, and casters. Customer's Own Material (COM/COL) or any other non-standard material selected by the customer is not warranted. This warranty does not apply to damage resulting from accident, alteration, misuse, abuse by customer or any third party, or the unauthorized repair by anyone other than Cabot Wrenn or its named representative(s). That is, Cabot Wrenn's warranty is only valid if products are given proper use and care. Cabot Wrenn assumes no responsibility for product damages resulting from improper installation, user modification, or natural color changes, variations, or movements that occur over time.

It is expressly understood and agreed that the buyer's sole and exclusive remedy for any and all losses or damages resulting from nonconforming goods, or from any other cause, shall be the repair or replacement of defective parts, and Cabot Wrenn shall not be liable for damages or injury to persons or property, nor for replacement of the entire commercial unit, if repair or replacement of defective parts can reasonably render the unit conforming.

All warranty claims must be made in writing by the original purchaser. Purchasers may be required to produce the invoice or other evidence to establish that a claim is within the warranty period. No person, firm, or corporation is authorized to assume for Cabot Wrenn any liability in connection with the sale or installation of Cabot Wrenn product except as stated above.

Compliance with applicable laws, regulations, codes, certifications, and manufacturing standards are disclaimed if this product is misused, improperly installed or modified in any respect (including without limitation, any change in components affecting stability, load capacity or load distribution) after shipment from the manufacturer or after manufacturer-approved assembly.

The warranty described in this agreement is in lieu of all other warranties. THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE AND ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, ARE EXCLUDED FROM THIS AGREEMENT. The warranty described in this agreement shall be the sole and exclusive remedy for any and all losses or damages resulting from non-conforming goods or from any other cause. CABOT WRENN DISCLAIMS AND SHALL NOT BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES OF ANY SORT.

CAMBRO

CAMSHELVING – STARTER UNITS

Camshelving Premium Series is designed to withstand the harshest storage environments food service has to offer. Incredibly simple to assemble and maintain, Premium Series allows operators to quickly and easily create custom configurations. Designed for high volume food service operations, Premium Series holds up to 2,000 lbs (910 kg) per unit, with removable traverses and shelf plates to adjust heights and clean completely. Shelf plates are protected by molded-in antimicrobial Camguard and can be safely run through commercial dishwashers. The shared post design allows units to share a single post in a straight line without losing weight-bearing capacity. Optional corner connectors allow L-shape, U-shape, and T-shape shelving with minimal loss in capacity. Premium Series holds up to the toughest demands in food service, offering a hygienic, truly lifelong solution to storage.

- Lifetime guarantee against rust and corrosion
- Ideal for freezers, coolers, walk-ins, or dry storage
- Available with 4 or 5 sets of traverses (4 or 5-shelf units)
- Choose from all vented shelves or vented with one solid shelf
- Shelf plates easily wipe clean or fit through a commercial dishwasher
- Vented shelves allow for maximum airflow around perishable products
- Designed to share posts, simplifying assembly and maximizing storage space
- Weight capacity:
 - 800 lbs (365 kg) per 24-48" (61-122 cm) shelf
 - 600 lbs (272 kg) per 54-72" (137-183 cm) shelf
- Maximum 2,000 lbs (910 kg) per unit
- Made from smooth composite plastic wrapped around solid steel cores
- Antimicrobial protection permanently molded into shelf plates
- NSF Component listed
- Made in USA

Size: 72"L x 72"H x 18"D

VERSA FOOD BAR

Combatting a rise in childhood obesity and ensuring fresh fruits and vegetables are available does not have to be a battle. The Versa Food Bar is ideal for offering cold Grab n' Go items such as salads, sandwiches, beverages and snacks. This non-electric mobile vending solution includes sneeze guards to maximize safety and ergonomic molded-in handles on both ends to ensure easy maneuvering. Operators have the ultimate flexibility to customize a Versa Food Bar with a variety of optional accessories for holding, organizing, and holding cold items safely 4+ hours. Designed from durable rotomolded material that is rust, dent, and break resistant. Whether looking to maximize space, improve traffic, or add merchandising opportunities, the Versa Food Bar has you covered!

- Made from durable all-weather material that wipes clean
- Equipped with four non-marking swivel casters with brakes
- Drain faucet to connect to a hose for drainage and easy cleaning
- Sneeze guards fold down for efficient storage
- Designed with thick CFC-free foam insulation
- Rust, dent, and breakage resistant
- 5 ft. models hold four GN 1/1 food pans

- 6 ft. models hold five GN 1/1 food pans
- Versa Food Bar Ultra Series includes two (2) cabinets holding up to 50 lbs. (22,7 kg) per compartment 18"H x 17½"W x 21"D (45,7 X 44,5 X 53,3 cm) per cabinet, 3.83 ft³ (0,11 m³)
- NSF listed

Color: To be selected from Manufacturer's standard finishes.

Size: 82"L x 42.5"W x 62.75"H

Bowl Size: 18" x 18"

WARRANTY: Cambro offers a 5 year pro-rated warranty against damage or defects found in excess to normal wear and tear on our Camtrays®, Camtread® trays and Dinnerware. Commercial Electrical Equipment models hold a one year warranty.

Non-skid Versa Camtrays, Tongs, Polycarbonate food storage pans, all high heat material products, squares, rounds and lids have a 2-year pro-rated warranty. Camshelving® and Camshelving Elements Series have a one year warranty on workmanship and a lifetime limited warranty against rust and corrosion, excluding mobile posts. For all other Cambro products, Cambro warrants to the original buyer a three-year pro-rated warranty unless otherwise noted. If product proves defective during this time, Cambro grants a pro-rated credit of the original price toward replacement product.

The warranty applies on all Cambro products only when used under normal foodservice industry conditions.

LIMITED ORIGINAL COMMERCIAL ELECTRICAL EQUIPMENT WARRANTY

Cambro Manufacturing warrants its new product(s) to be free from defects in material and workmanship for a period of one (1) year from the date of shipment from authorized Cambro distribution locations.

This Warranty is subject to the following conditions and limitations:

1. This warranty is limited to product(s) sold by Cambro Manufacturing to the original user in the continental United States and Canada. For International Warranty Claims contact your local Cambro Representative.
2. The Liability of Cambro Manufacturing is limited to the repair or replacement of any part found to be defective. Parts and labor required for preventative maintenance or cleaning are not covered under this warranty.
3. Cambro Manufacturing will bear normal charges incurred in the repair or replacement of a warranted piece of equipment within 50 miles (80 kilometers) of an authorized service agency. Time and travel charges in excess of 50 miles (80 kilometers) will be the responsibility of the person or firm requesting the service. All labor to repair and/or service the warranted unit(s) shall be performed during regular working hours. Overtime premium will be charged to the buyer and is NOT covered by this warranty.
4. Charges incurred by delays or operating restrictions that hinder the service technician's ability to access or perform service to equipment in question are NOT covered by this warranty. This includes Institutional, Correctional, Military, and Marine facilities.

5. Cambro Manufacturing will bear no responsibility or liability for any product(s) which have been mishandled, abused, misapplied, misused, subjected to harsh chemical action, damaged by flood, fire, or other acts of nature, field modified by unauthorized personnel or which have altered or missing serial numbers.

6. Cambro Manufacturing does not recommend or authorize the use of any product(s) in a non-commercial application, including but not limited to residential use. The use or installation of any product(s) in non-commercial applications renders all warranties, express or implied, including the warranties of MERCHANTABILITY and FITNESS FOR A PARTICULAR PURPOSE, null and void, including any responsibility for damage, costs and legal actions resulting from use or installation of product(s) in any non-commercial setting.

7. Adjustments such as calibrations, leveling, tightening of fasteners or utility connections normally associated with the original installation are the responsibility of the dealer or installer and not that of Cambro Manufacturing. Improper installation includes, but is not limited to, use of inadequate electrical wiring and/or insufficient or improper voltage.

8. Replacement part(s) which are replaced in the field by Cambro authorized service technicians ONLY will be warranted for the duration of the equipment warranty or 90 days effective from date of installation, whichever is greater. This warranty is for part(s) cost only and does not include freight or labor charges.

9. This states the exclusive remedy against Cambro Manufacturing relating to the product(s), whether in contract or in tort or under any other legal theory, and whether arising out of warranties, representations, instructions, installations or defects from any cause. Cambro Manufacturing shall not be liable, under any legal theory, for loss of use, revenue or profit, or for substitute use of or performance, or for incidental, indirect, or special or consequential damages or for any other loss or cost of a similar type.

10. THIS WARRANTY AND THE REPRESENTATIONS AND TERMS SET FORTH HEREIN ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES AND LIABILITIES, INCLUDING BUT NOT LIMITED TO, OTHER WARRANTIES, EXPRESS OR IMPLIED, OF MERCHANTABILITY AND FITNESS FOR PARTICULAR USE AND CONSTITUTES THE ONLY WARRANTY OF CAMBRO MANUFACTURING WITH RESPECT TO THE PRODUCT(S).

DAKTRONICS

DAKTRONICS

MS-2113 PORTABLE MULTISPORT SCOREBOARD

PRODUCT

Daktronics MS-2113 portable multisport scoreboard displays period time to 99:59, HOME and GUEST scores to 99, and PERIOD to nine to score a variety of indoor and outdoor sports. During the last minute of the period, the clock displays time to 1/10 of a second. Scoreboard is attached to four-wheeled cart with adjustable height.

SCOREBOARD

General information

- 1.1..1 Dimensions (with fully-extended cart): 5'-2" (1.58 m) high, 4'-7" (1.4 m) wide, 0'-8" (203 mm) deep
- 1.1..2 Weight (with cart): 150 lb (68 kg)
- 1.1..3 Power requirement: 300 W
- 1.1..4 Color: Semi-gloss black

Construction

- 1.1..5 Alcoa aluminum alloy 5052 for excellent corrosion resistance
- 1.1..6 Scoreboard face and perimeter: 0.063" (1.60 mm) thick
- 1.1..7 Scoreboard back: 0.050" (1.27 mm) thick

Digits

- 1.1..8 LED color: Red
- 1.1..9 All digits: 8" (203 mm) high
- 1.1..10 Seven bar segments per digit

Captions

- 1.1..11 Vinyl applied directly to scoreboard face
- 1.1..12 HOME and GUEST captions: 5" (127 mm) high
- 1.1..13 PERIOD caption: 4" (102 mm) high
- 1.1..14 Color: white

Horn

- 1.1..15 Vibrating horn mounted inside the scoreboard cabinet behind face
- 1.1..16 Sounds automatically when period clock counts down to zero
- 1.1..17 Sounds manually as directed by operator

Power Cord

- 1.1..18 Cord is 8' (2.44 m) long
- 1.1..19 Cord plugs into a standard grounded outlet to charge batteries or operate scoreboard

Accessory Equipment

(SELECT ONE ACCESSORY IN BRACKETS PER NUMBER OR DELETE ENTIRE NUMBER)

- 1.1..20 [Custom team name caption in place of HOME]
- 1.1..21 [Custom team name caption in place of GUEST]
- 1.1..22 [Baseball caption panels]
- 1.1..23 [Segment timer caption panels]
- 1.1..24 [Volleyball caption panels]
- 1.1..25 [Metal front cover for extra protection]
- 1.1..26 [1'-0" (305 mm) high by 4'-4" (1.32 m) wide ad panel for top of scoreboard]
- 1.1..27 [Standalone Time of Day (scoreboard acts as a clock when control console is unplugged/off)]

SCORING CONSOLE

Console is an RC-200 wireless handheld controller
Scores multiple sports using changeable keyboard inserts
Operating range of 10-500' (3-52 m)

Console includes:

- 1.1..28 2.4 GHz spread spectrum radio with 64 non-interfering channels
- 1.1..29 Rechargeable battery provides 8-10 hours of operation on full charge
- 1.1..30 Durable ABS plastic enclosure to house electronics
- 1.1..31 Sealed membrane water-resistant keyboard
- 1.1..32 128x64 LCD to verify entries and recall information currently displayed
- 1.1..33 Carrying/operation case with belt clip, wrist and neck strap

Control Console: RC-200 Wireless handheld controller

DARRAN

Features & Benefits:

- 1 piece molded plywood shell with 11 layers
- Chair edges are finished
- Base is polished chrome
- Quality detailing at affordable price
- Ships fully assembled for installation ease
- Made in USA
- Welltech Finish Technology compliant with ANSI/BIFMA X7.1 - Low VOC Emissions
- MAS Certified Green
- Veneer: Maple, 25% upcharge for Tech Walnut

Finish Color: To be selected from manufacturers standard options, but not necessarily limited thereto. Indicate additional cost for special match color.

Size: 17.5" W x 21" D x 45.5" H

WARRANTY: Limited Lifetime Warranty

DARRAN Furniture, Inc. ("DARRAN") warrants that each piece of furniture manufactured in its North Carolina facilities will be free from defects in material and workmanship for as long as the original purchaser owns and uses the products.

Subject to the limitations and exclusions herein, DARRAN, at its discretion and as the sole remedy under the DARRAN Limited Lifetime Warranty, will replace or repair a defective product or components with comparable product or components free of charge. This warranty is made only to the original purchaser from an authorized DARRAN dealer, for as long as that original purchaser owns and uses the product.

Limitations: Use/Care

- Warranty is limited to normal single shift use.
- Warranty is limited to generally accepted care and maintenance of natural wood products and environments.
- Natural wood surfaces are subject to denting, scratching, and gauging if not properly used and cared for. Warranty is subject to use and care in accordance with the use and care instructions provided in the Product Care section of this site (including, but not limited to, the care and maintenance guide downloads linked thereon), available at www.darran.com/productcare, which are incorporated herein by reference.

Limitations: Materials/Components

- Laminates, Veneers / Finishes / Hardwoods – 10 years
- Electrical lamps, Ballasts, Transformers – 3 years
- Fabrics, pneumatic lifts, foam – 5 years
- Custom products built to customer specifications – 3 years
- Seating foam padding – 5 years
- Seating metal accents, glides – 10 years
- Seating wood frame – 10 years
- Seating High Use Items – 5 years

(High Use Items include, but are not limited to, table arms, electrical components, ganging mechanisms, pneumatic lifts, and polymer based components)

- Fabric / Leather - 3 Years

Warranty Exclusions

- Damage identified as carrier or installer related.
- Normal wear and tear of wood products during course of ownership.
- Color, grain, or texture of natural wood materials, laminates and other covering materials.
- Damages or failures resulting from misuse, abuse, negligence, improper care, modifications, or relocation.
- Non-Commercial use or locations.
- So-called "ghost" indentions and similar damage caused by the failure to use appropriate desk or writing pads.
- C.O.M. (Customer's Own Material) specified by the customer.
- Damages to seating products caused by contact with tables, desks, or other surfaces.
- Textiles (which may be subject to a separate warranty from the textile manufacturer).

All Warranty Claims are subject to DARRAN-approved inspections. Disputes may involve independent 3rd party evaluation.

DELFLECTO

DEFLECTO

PREMIUM GLASS CHAIR MAT 48" X 60" RECTANGLE

Product Features:

- Smooth-glide, scratch-resistant surface cleans easily
- Made of extremely durable, 1/4" thick, crystal-clear, tempered glass
- Exceptional clarity enhances the look of any office and allows fine flooring to shine through
- Eco-friendly chair mat made from sand and recycled glass, not oil
- Size: 48" x 60"

WARRANTY: Deflecto, LLC ("Deflecto") warrants its premium glass chair mats to be free from defects in workmanship and materials at the time of shipment to the original purchaser and/or date of original purchase. Should a Deflecto glass chair mat break or crack under normal usage and proper application, we will replace the chair mat or refund the purchase price at our discretion, upon proof of purchase for as long as you own the chair mat. This limited warranty does not include shipping charges and processing charges to and from the factory and/or distribution facility. Product replacement or refund of purchase price are the sole remedies provided under this limited warranty. Deflecto is not responsible for consumer abuse, misuse, or mishandling of the product. The use of the chair mat in conjunction with a chair having metal chair casters, hard chair casters meant for carpeted surfaces or casters with surface contact of less than one-half inch in width are not covered under this limited warranty. This limited warranty does not cover damage arising from negligence, improper use or application, fire, house pets, wet mopping, excessive dryness, excessive exposure to moisture, sand, dust, dirt and/or other sharp or abrasive objects or furniture. Deflecto does not recommend use on unclean or concrete surfaces, use on newly-installed/newly- varnished or painted flooring, or use on custom flooring without checking with floor manufacturer and/or treatment specialist prior to use.

DESIGNFORM

DESIGNFORM

FLOYD BAR STOOL

Steel frame construction featuring a wood veneer seat and seat back.

Frame Material: Steel

Metal Color: To be selected from manufacturer's standard Metal Options B, but not necessarily limited thereto. Indicate additional cost for special match color.

Wood Veneer: To be selected from manufacturer's Wood Options D, but not necessarily limited thereto. Indicate additional cost for special match color.

Size: 20.75" W x 41.5" H

Seat Height: 29.75" H

WARRANTY: All of Designform Furnishings products are commercially rated unless otherwise noted. Designform Furnishings warrants its products to be free from defects in material and workmanship for as long as the original customer owns and uses the product under normal use conditions for a period of three years from the shipment date. If a product is defective, and if written notice and accompanying photos of the defect is provided, Designform Furnishings, at its option, will replace or repair the defective part or product. If the defective product is no longer available then a comparable product(s) option will be provided. All claims under this warranty must be made by the original purchaser within thirty days of the alleged defect.

If a product is defective, and if written notice and accompanying photos of the defect are provided, Designform Furnishings, at its option, will replace or repair the defective part or product at its discretion. If the defective product is no longer available, then a comparable product(s) option will be provided. All claims under this warranty must be made by the original purchaser, within thirty days of the alleged defect.

This warranty does not apply to defects from normal wear and tear, accidents, negligence, abuse, shipment, handling, storage or environmental conditions. Products with any wood components will not be covered under warranty due to the product being used outdoors or in a non-conditioned environment where temperature and humidity levels fall outside of acceptable limits. This warranty is the customer's sole remedy for product defect.

Designform Furnishings will not be liable for lost profits, replacement rental costs, labor costs for removal and installation of the product, other costs of repair or replacement, or any other direct or indirect costs resulting from any defects in material or workmanship. Our liability under this warranty is limited to repair or replacement of the defective item(s) only.

Doug Mockett & Company

DOUG MOCKETT & COMPANY

OVO WIDE LECTERN WITH SMOOTH ETEX FINISH

Adjustable CPU holder is suspended from underneath the desk, keeping it off the ground for easy access and opening up floor space below. Designed specifically for smaller CPUs, this version holds from 3" to 5" wide and 10" to 16" high.

Brackets are easily assembled and adaptable to suit any CPU for the perfect fit.

Finishes: Metallic Silver, Matte Black and Greige.

WARRANTY: Doug Mockett & Company stands 100% behind everything they sell you. They strive to ensure the finest quality and craftsmanship in all of their parts. If you are not satisfied for any reason, let them know. If they cannot satisfy you, they will accept back all items sold to you (excludes custom made-to-order items and items which are cut to size) and give you a 100% credit or refund, freight included. Regular wear and tear is to be expected, but if an item no longer performs as expected, they will replace it at any time. Returns received after extended periods based on usual wear and tear will be subject to discretionary review. Items that are used outside of their intended use are also subject to review for credit. Parts are intended for indoor use only - outdoor usage may void warranty.

Note some finishes may have a slight variance and may not look identical - this also applies to parts that are hand-made, including leather accessory items that are hand-stitched. Also, drawings provided are meant to serve as a guide only; we recommend waiting to receive parts before cutting or drilling furniture since all parts have a 1/32" tolerance unless otherwise specified. Also note some parts are manufactured to Metric standards, and the conversion to Standard Imperial may be subject to that tolerance.

E.R.G.

BRANDON FLIP TOP TABLE

Tabletops: Tabletop core is CARB Phase I & Phase II Compliant. Laminate, wood veneer and phenolic backing are glued with water-based adhesives. Ultra-lightweight tables have an exceptionally strong manufactured MDF top made from 100% recovered and recycled wood fiber with at least 25% post-industrial recycled fiber; the balance consisting of recovered waste fiber. Ultra-light tables are 18% lighter than standard tables.

Brandon T Bases:

- Column: 2" round 14 gauge
- Base: 2" round 14 gauge – 16", 22" and 26" spreads
- Plates: 6" x 8" or 8" x 8" square 12-gauge stamped steel, 5" x 5" 12-gauge stamped steel (Flip-Top or Folding)

Glides: Adjustable steel glides

Flip-Top Mechanism: Durable all-steel construction with a spring-loaded release handle and a safety catch to maintain flipped-up position.

Finish: Choice of standard powder coat colors

Edge Selection: PVC T-Mold Edge

Laminate Selection: To be selected from manufacturer's Group 1 laminates, but not necessarily limited thereto. Indicate additional cost for special match color or premium fabric.

Size: Item #BR3060: 60"W x 30"D x 29"H.

Size: Item #BR2472: 72"W x 24"D x 29"H.

Warranty: LIFETIME WARRANTY - ERG International warrants to the original purchaser of new products to be free from defects in material, workmanship and specification for a LIFETIME under conditions of normal use and maintenance. If a defect causes failure of the product or a portion of the product, ERG International at its sole discretion will either repair or replace the defective product at no charge to the original purchaser. This warranty policy covers furniture frames, chair frames and shells (poly/wood), soft seating frames, stationary table bases, occasional tables, beam and cluster frame and shells, springs, legs and structural components. When ordering from ERG International tops and/or bases ONLY, ERG's standard warranty will be null & void. ERG will not be held liable for any tops or bases used in conjunction with another manufacturer's top or base.

10 Year Warranty: ERG International warrants to the original purchaser of new products to be free from defects in material, workmanship and specification for a period of ten (10) years under conditions of normal use and maintenance, except as noted below. If such a defect causes failure of the product or a portion of the product, ERG International at its sole discretion will either repair or replace the defective product at no charge to the original purchaser. This warranty policy includes chair and table control mechanisms, pneumatic cylinders, casters and any other additional options. Plastic, laminate, power/data worksurface products, adjustable height table bases and solid surface materials are not covered by ERG International but are covered only by the original manufacturer's warranty.

One Year Warranty: Laminate Self-Edge on conference and occasional tables are covered for one year due to the decreased durability of laminate self edge. (ERG does not offer self-edge on cafe or training tables.)

Chair Weight Levels: All chairs* are rated level tested and warrantied for 350 lbs. All lounge seats are tested at 500 lbs per seat. The Teriana Midsize is rated at 500 lbs. All Bariatric seating is rated at 750 lbs. *Foray Wood Leg and Elliot Wood Leg - max weight is 250 lbs.

Fabric Note: Normal wear and tear over the course of ownership, including fabric puddling or damage from sharp objects is not covered by this warranty. The content of certain fabrics can cause puddling and wrinkling over which ERG has no control. Differences in climate and humidity can affect fabrics. ERG will not assume responsibility when this happens, or if customer uses non-approved cleaning solutions. For Fabric warranties, see specific textiles vendor.

Warranty Policy Notes: Any repairs made by the customer must receive specific authorization in the form of an RGA Number from ERG International, before being executed on location by purchaser. The cost of any repair must be approved by ERG International prior to any repair being completed. If at any time, the ERG product is altered or abused, then warranty is null and void. No freight charges will be paid by ERG for replacement or repairs of any parts after one (1) year of service. There are no warranties except as stated above whether expressed or implied, including but not limited to any warranty of merchantability or fitness for any particular purpose. ERG International shall not be held liable for consequential or incidental damage arising from any product defect.

GRATNELLS

 MARKERHUB TROLLEY

The MakerHub is a multi-functional resource trolley that promotes collaborative working in STEAM activities in the classroom. The trolley is supplied with two standard sized interchangeable whiteboards and four Gratnells deep F2 trays for easy access to learning resources. A handy trolley that promotes group work and facilitates presentation by students, the MakerHub also creates a flexible teacher hub that can be moved anywhere in the classroom.

Features

- Can be used with Gratnells Deep Trays and two magnetic whiteboards (600 x 900mm)
- Compatible with StopSafe runners for enhanced safety
- Braking castors for easy manoeuvrability
- Steel frame, runners and trays are 100% recyclable
- Available in antimicrobialFinish: To be selected from manufacturer's standard finishes, but not necessarily limited thereto. Indicate additional cost for special match color.

Finish: To be selected from manufacturer's standard finishes, but not necessarily limited thereto. Indicate additional cost for special match color.

WARRANTY: Gratnells LLC guarantees the goods against defects in materials and workmanship for a period of five years from the date of delivery. Any such defect must be notified to the Company in writing as soon as the defect becomes apparent and the Company agrees to restore defective goods to satisfactory working order or replace the same within the above period free of charge save where such goods are separately covered by another manufacturer's guarantee. Such repair or replacement will be the absolute limit of the Company's liability and the Company will not be liable in any circumstances whatsoever for loss or damage of any kind suffered by the buyer of any Third Party unless the same shall relate to personal injury or death and only then if the same shall arise out of the Company's negligence. Save as aforesaid the Company shall be under no liability whatsoever in regard to the goods supplied to the Customer. The Company does not warrant or guarantee that the goods will be fit for the Customer's specific purpose unless exact details of such purpose have been notified in writing to the Company prior to the Company's acceptance of the Customer's order. Certain Gratnells Frames, Carts and Trays are guaranteed against faulty materials or workmanship for a period of 60 calendar months from the date of purchase subject to the following conditions and exceptions: The alleged faulty product is returned to Gratnells head office together with proof of purchase. The product has not been handled negligently or used otherwise than in accordance with its instructions or recommended use. This guarantee does not apply to: Faults caused by natural wear and tear including cosmetic damage, scratches, dents, chips or other damages to the finish of your product unless such damage results from defects from materials and workmanship and is reported within 30 days from the date of purchase. Damage resulting from accident, alteration, misuse, abuse, fire, flood, acts of God, improper installation, or use of consumables or cleaning products not suitable for use. This guarantee does not cover any claims for consequential loss or damage. Your statutory rights are not affected.

HON

VOLT TASK CHAIR

Customizable comfort, distinctive styling and an affordable price point make Volt the family of task seating that supports your body and your budget. The stylish V-shaped back design can be specified in fabric, leather or breathable mesh, giving you more control over your look and feel. The personalized controls and generously proportioned seat and back deliver greater comfort and are designed support to a wider variety of users. Volt delivers the look you desire, the comfort you demand, and the quality you expect. That's the power of practicality.

- Optional synchro-tilt control provides a smooth, natural recline.
- Optional height-adjustable arms provide a custom fit.
- Optional mesh back offers breathable support.
- Task stools feature an adjustable footring for additional lower body support.
- One-touch seat height adjustment easily moves the seat up and down.
- Tilt tension controls the rate and ease of recline.
- Tilt lock allows the user to lock out the tilt function.
- 360-degree swivel provides freedom of movement in any direction.
- Select models available in hundreds of quality HON fabrics.
- Warranted for users up to 275 lbs.

10700 SERIES DOUBLE PEDESTAL LAMINATE WOOD DESK

The versatile 10700 Series offers a wide selection of layout configurations—making it easy to get the clean, cohesive look your office needs. Designed to withstand frequent moving and reconfiguration, the 10700 Series boasts contract grade high pressure laminate and a durable inner frame construction. Whatever the look you go for, this all-around performer is a smart choice.

- Contoured, solid wood accents and waterfall shaped edges combine form and function for lasting comfort.
- Make the most of both large and small spaces with flexible storage options that work well together.
- With a variety of mixed materials to choose from, you can customize your look to perfectly match your aesthetic.
- Available in eight woodgrain patterns, our laminate desks are the definition of scratch-, spill- and stain resistant durability.
- Worksurfaces and end panels feature contract-grade scratch, stain and spill resistant laminate over durable 1 1/8" solid core high-performance particleboard; resists warping.
- Contoured hardwood trim; stained to match laminate.
- User friendly waterfall-shaped edges and round corners.

- 3" round cord management grommets, for routing and hiding wires and cables, are located in the tops of desk, credenza, and return shells. Grommets also serve as anchor points for stack-on storage and organizers.

INDIANA FURNITURE

EXECUTIVE DOUBLE PEDESTAL DESK BOW TOP

Product Features:

- Bow Top
- Recessed Front
- Letter Width Locking Pedestals
- Box/Box/File in Left Pedestal; File/File in Right Pedestal
- Wire Management from Pedestal to Kneespace
- Black Utility Tray for Box Drawer

Laminates: Exposed surfaces are produced from wood grained and solid color laminates fused to a particle-board core. Each laminate offers lasting beauty, superior resistance to normal wear, and easy maintenance. Eight textured laminates are included in the color palette.

Tops: Tops are 1" thick thermally-fused laminate (TFL) or high-pressure laminate (HPL) using 3mm PVC rims on profiled edges and 1 mm PVC rims on self-edges. Grain direction runs left to right unless noted.

Chassis construction: TFL chassis are fastened by screws, glue, and heavy-duty metal fasteners assuring maximum strength. Units ship assembled unless noted. All units ship with leveling glides. All desks, non-lateral credenzas, and returns have wire management access from pedestal to knee space.

Drawers: All drawer fronts are 3-ply construction, $\frac{3}{4}$ " thick with matched grain. Drawer sides, back, and front are wood grain vinyl wrapped, $\frac{1}{2}$ " thick. Box and file drawers have $\frac{1}{8}$ " thick hardboard bottoms. Lateral file drawers feature $\frac{1}{4}$ " thick bottoms. 5-sided drawer construction allows for easy removal of drawer fronts.

Drawer suspensions: Box and file drawers have full extension, progressive action slides with precision steel ball bearings. All suspensions have a lifetime warranty.

Filing hardware: All file drawers are standard with filing systems designed to accommodate a variety of filing requirements. Letter width file drawers provide letter filing front to back, and letter or legal filing side to side. Lateral file drawers provide legal or letter filing front to back or side to side.

Locking: All desks, credenzas, returns, and files feature standard locking. Removable lock cylinders allow for units to be re-keyed at a later date if required. Units ship randomly keyed as standard. Lock cores match pull color.

Laminate: To be selected from manufacturer's standard colors, but not necessarily limited thereto. Indicate additional cost for special match color.

Edge: To be selected from manufacturer's standard edge options.

Pull Options: To be selected from manufacturer's standard pull options.

Metal Frame Options: Aluminum or Chrome

Size: 72"W x 36-30"D x 30"H

WARRANTY: Subject to the limitations set forth in this warranty, Indiana Furniture Industries, Inc. ("Indiana Furniture") warrants to the original purchaser all product in this price list ("Product") to be free from defects in material and workmanship given normal use for a 12-year period from the date of manufacture. During the applicable warranty period, Indiana Furniture, as its sole obligation, will repair or replace (in Indiana Furniture's sole discretion) any Product, part, or component covered by this warranty and sold after April 2, 2018, which fails under normal use as a result of a defect in material or workmanship. Normal use is defined as the equivalent of a single shift, 40-hour work week. Indiana Furniture will repair or replace the defective Product, part, or component with a comparable Product, part or component.

Warranty periods are limited for certain Products and parts as follows:

- 12-year Warranty (from the date of manufacture)
 1. Seating Mechanisms
 2. Veneers
 3. Laminates
 4. Casters and Glides
- 5-year Warranty (from the date of manufacture)
 5. Triple Play Series
 6. Electrical components
 7. Pneumatic Cylinders
 8. Textiles, Foam, and Decorative Trim
 9. Swivel Arm Pads
 10. Keyboard kits
 11. Lighting
- 2-year Warranty (from the date of manufacture)
 12. All Sit-To-Stand Mechanisms
- 1-year Warranty (from the date of shipment)
 13. Charge Spots
 14. Sparks

THIS WARRANTY DOES NOT COVER:

- Damage caused by a carrier or third party
- Normal or routine wear and tear
- Appearance, durability, quality, behavior, colorfastness or any other attribute of customer's own materials or any non-standard Indiana Furniture material (including CF Stinson, Maharam, Mayer, Momentum, UltraFabrics) specified by the customer and applied to a Product
- Color, grain or texture of wood, laminate and other covering materials
- Changes in wood or fabric color due to aging or exposure to light
- Damage or failure resulting from modification, alteration, misuse or abuse of a Product
- Defect or damage arising out of coverage of Product tops with glass or other foreign materials

As the manufacturer of the Product, Indiana Furniture stands behind its craftsmanship and pledges to do everything it can to reasonably resolve, as quickly as possible, any problems you may have with the Product within the terms and conditions of this warranty. If you encounter a defect covered by the foregoing warranty, you should contact the dealer from whom you purchased the Product. If the dealer is unable to resolve your warranty issues, you should contact Indiana Furniture. Please ensure that you have all of the pertinent facts when contacting the dealer or Indiana Furniture, including the model number and factory order number from the inspection label attached to the Product. INDIANA FURNITURE IS NOT PROVIDING, AND SPECIFICALLY DISCLAIMS, ANY OTHER WARRANTIES FOR THE PRODUCTS, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR

FITNESS FOR A PARTICULAR PURPOSE. INDIANA FURNITURE SHALL NOT BE LIABLE TO THE PURCHASER OR ANY THIRD PARTY FOR CONSEQUENTIAL, INCIDENTAL, INDIRECT OR SPECIAL DAMAGES, INCLUDING, WITHOUT LIMITATION, DAMAGES ARISING OUT OF OR RESULTING IN ANY MALFUNCTIONS, DELAYS, LOSS OF PROFIT, INTERRUPTION OF BUSINESS, PERSONAL INJURY, BODILY INJURY, DEATH, DISMEMBERMENT, OR PROPERTY DAMAGE.

INSINKERATOR

INSINKERATOR

DISPOSER

This small-capacity model has a powerful 1 HP motor to handle well over 100 persons per meal. Like all InSinkErator® foodservice disposers, it delivers superior performance, quiet operation, maximum energy efficiency and long service life. Designed for continuous operation in locations such as restaurants and assisted living facilities.

FEATURES

- Corrosion Resistant Stainless Steel
- 3/4" rubber mounting above grinding chamber isolates sound and eliminates vibration. Mounting is enclosed in chrome plated covers for sanitation and appearance.
- 1 HP Induction Motor, 1725 RPM's, totally enclosed to provide protection against outside moisture. Controlled power air flow cools motor for efficiency and longer life. Built-in thermal overload protection.
- Stationary and rotating shredding elements made from cast nickel chrome alloy for long life and corrosion resistance, designed for reverse action grinding.
- Double-tapered Timken roller bearings provide a shock absorbing cushion.
- Triple lip seal protects motor from water damage. Secondary spring-loaded oil seal provides double protection against water and loss of grease.
- All Stainless Steel and Chrome plated. Paint-free for lasting sanitation.
- What's Included: 1 Mounting/Bowl Assembly, 1 Electrical Control, 1 Syphon Breaker, 1 Solenoid Valve, and 1 Flow Control Valve. The standard Flow Control Valve will be sent with the unit unless the optional valve is specified.

WARRANTY: In-Sink-Erator® Commercial Products are warranted against defects in material and workmanship for one year from the date of installation. The warranty includes parts and labor, provided the service is performed by an In-Sink-Erator® Factory Authorized Service Center. This warranty does not apply if a disposer failure is due to: faulty or improper electrical installation, faulty or improper plumbing installation, product abuse or misuse, accidental damage, grinding elements jammed by foreign objects, clogged drain lines, improperly sized unit (as specified by In-Sink-Erator®).

COMPUTER WORKSTATIONS

Computer Lab Workstations features stations that are 30"D and 60"W without panels above the worksurface. Perimeter Style is meant to be used against a wall and does not have a lower back panel on the workstation to allow access to existing building electrical outlets. Lecture Style is designed to be used in rows and has a lower back on the workstations. Lecture Style includes option for 8 wire electrical system.

Worksurface: High Pressure Laminate with PVC or "T" Mold Edge. Colors to be selected from standard factory finishes. Worksurfaces to be based on 1" increments. All worksurfaces to be 1 ¼" thick.

Frames: Tube and joint construction based on 1" increments for width depth and height. Colors to be selected from standard factory finishes.

Vertical Panels: Melamine vertical panels with exposed edge. Colors to be selected from standard factory finishes.

Chase: Four styles of chase available: full height sliding door chase, suspended chase with fixed doors, suspended chase with sliding doors, and full height fixed chase.

Glides: All table, desk, and computer workstations frames should have an adjustable height glide that is screwed into a steel insert.

Grommets: 3" wire grommets available in worksurface, side vertical panels, and back vertical panels.

Electrical: Eight (8) wire electrical system with duplexes (up to 4 circuits) or Motion Connect 2 Power can be used on most Interior Concepts products. Both systems available for additional costs if not included in product code.

Warranty: Interior Concepts warrants its products to be free of defects in materials and workmanship to the original purchaser during the warranty period. This warranty extends from the date of installations and is based on normal usage of the product. This warranty does not apply to possible damage caused by misuse or field modifications of the product made after installation. This warranty does not cover normal wear of the product such as laminate chipping or the soiling and fading of fabrics.

KI FURNITURE

KI FURNITURE

GRAZIE 4 LEG ARMLESS STACK CHAIR

Grazie seating delivers ergonomic comfort with Perfect Pivot™, a patented frictionless mechanism that exactly mirrors natural movement to provide the ultimate in sitting comfort. The supportive contoured back flexes sideways—twisting when you twist for a comfortable, long-term sit. Grazie offers true ergonomic flex motion throughout the full seating line. Grazie seating includes: 4-leg and sled base stack chairs, café stools, task chairs and task stools as well as three tablet arm options for 4-leg and sled base chairs.

- 4-Leg Frame Legs are 7/8" o.d. x 13-gauge tubular steel. A double ring of 7/16" diameter steel wire forms the cross member. The fixed backrest mechanism structure is formed of 1/2" diameter steel wire. All joints are welded.
- Injection-molded polypropylene back, seat and shroud
- Legs are made from 7/8" OD x 13 gauge tubular steel
- Outer backrest supports formed from 1" diameter tubular steel are inserted into sockets molded into backrest and allow for 15 degrees of movement
- Frames are finished in either backed-on applied 30 degree gloss epoxy powder-coated paint or bright nickel-chrome plating

Color: To be selected from manufacturer's standard finishes and colors

Frame Finish/Color: To be selected from manufacturer's standard finishes and colors.

Dimensions: 22 3/16" W x 21 5/16" D x 32 5/8"H

KNOLL

Panel Specifications

Dividends Horizon Panels

Dividends Horizon is a furniture system comprised of a wide variety of panels, hanging components, storage, screens and freestanding desks. At the heart of the system is a universal panel frame. The universal frame is an open design that accepts many styles of panel inserts. These include:

- Monolithic Fabric Insert
- Monolithic Laminate Insert
- Tiled Fabric Insert
- Tiled Laminate Insert
- Painted Steel
- Perforated Steel
- Embossed Steel
- Window Kits
- Markerboard

Panel Dimensions:

- Widths: 15", 18", 24", 30", 36", 42", 48" and 60"
- Heights: worksurface height, 36", 42", 50", 57", 64" and 78"◆
- Thickness: 3"

Panel Frame Options

Dividends Horizon offers two panel frame options, which are selected depending on the customer's aesthetic and functional needs. Both frames are available in preconfigured and built-to-spec panels. Topway panel frames feature an integral top cable trough and are used with D1 style stack frames. Full View frames have no top trough, leaving a larger window opening in the top position. Full View frames are used with D2 style stack frames.

Panel Frame Construction

Panel frames are robotically welded and consist of vertical channels, horizontal rails and panel feet with leveling glides.

- Topway trough: 22-gauge roll-formed steel (topway frames only)
- Vertical channels: 16-gauge roll-formed steel with 5/8" integral slotted standard with adjustments in 1-1/2" increments
- Horizontal rails: 15-gauge roll-formed steel
- Panel feet: extruded aluminum
- Leveling glides: Steel threads with 2-1/4" height adjustment and 1-1/2" diameter nylon foot

Preconfigured Panels

Dividends Horizon panels can be specified "Preconfigured" in various styles including:

- Monolithic Panel
- Tiled Panel
- Beltway Panel

Monolithic Panel Components

Monolithic panels provide a single fabric or laminate insert per panel side. Preconfigured Dividends Horizon panels are shipped complete with panel frame, base components, top cap, panel to panel connection hardware and one full height panel insert per side.

Tiled Panel Components

Individual tiled panels allow for a “segmented” aesthetic. Individual tile supports create separation within the panel frame. “Preconfigured” Dividends Horizon panels ship complete with panel frame, base components, top cap, panel to panel connection hardware, tile supports and tiles.

Beltway Panel Components

Beltway panels allow for electrical and/or data to be accessed above worksurface height. Beltway electrical/data can be specified on one or both sides of a panel. “Preconfigured” Dividends Horizon beltway panels ship complete with panel frame, base components, top cap, panel to panel connection hardware, beltway panel inserts, beltway covers, and beltway insert supports.

Base Options

- Base Raceway
- Open Base
- Tile to the Floor

Stack Frames

Dividends Horizon stack frames increase the overall height of a standard panel. The stack frame is available in three panel heights, 14", 21" and 28". Dividends Horizon stack panels may be attached to standard 36", 42", 50", 57", 64" and 78" high panel. Maximum stacking height above a base panel height is 28".

Panels

Dividends Horizon panels are specified by component for all applications including monolithic, tiled, beltline and all combinations. Panels and components are not shipped assembled.

Modular Panel Connections

Modular panel connections are made from two parts: Universal Panel Connection Hardware and Panel Top Connectors. Panel connection hardware includes:

- Lower connectors: 14 gauge steel cactus style connectors
- Upper frame connector: Die cast wedge block with 7" torx head screw

Panel Top Connectors, depending upon application, are either 11 gauge stamped steel or 1/4" HSLA steel.

Panel Attachment

The lower cactus style connectors engage the lower frames of adjacent panels. The upper wedge block engages the upper frames. The connection is secured by tightening the upper connector's tension screw.

Panel-to-Panel Top Cap Transition

Top cap transitions fill the gap between panel top cap sections in straight panel-to-panel configurations.

- Construction: Trim-color black when used with veneer top caps
- Size: 1" wide by 3" deep
- Attachment: Snaps between top cap sections in straight, same-height panel configurations

Top Cap

Top cap is included with preconfigured panels.

- Construction: Panel top caps are trim colored and are either radius or flat metal. Veneer top caps are techgrain veneer over radius or flat metal substrate.
- Attachment: Snaps onto the trough of a topway panel frame. Retainer clips are used to attach the top cap to the top rail of a full view frame.

Panel End Trim

Panel end trim matches the aesthetics of the panel top cap. It is used to end a panel run and for high-low, panel-to-panel applications. Panel end trim is ordered separately from panels. Included with the panel end trim are panel end trim brackets. Three panel end trim options are available:

- Radius Metal
- Flat Metal
- Thin Profile Flat

Construction: End trims are trim colored with a die cast aluminum end cap. Panel top caps and end trim are either extruded aluminum or roll formed steel. Metal trim is extruded aluminum with powder coat finish. All metal trim have a powder coat finish.

Attachment: Panel-mount brackets are fastened to the panel with thread-forming screws into pre-punched holes. End trim snaps onto panel mount brackets. The panel end top cap snaps over the panel end trim and panel top trim.

Post Connectors

Post connectors are required for all “L”, “T”, and “X” configurations. For same-height applications, post connectors are available as an assembly and include the post, vertical trim and top cap.

For high-low panel-to-post applications, post connectors are specified by component.

Post and Post Component Construction

- Post: 3" square extruded aluminum
- Metal Post Cover: 18 gauge steel with powder coat finish
- Post Top Cap: Powder coated metal in Knoll core colors

Attachment: Post connectors use the universal panel connection hardware from adjacent panels

Electrical and data access: Posts have cut-outs that match the wire and cable access channels provided by panel frames. This allows wire conduits and datacables to be routed through the post at the topway, beltway and base raceway.

Electrical and Communications

Dividends Horizon provides a logical approach for planning and installing electrical systems and communication cables. Power is installed along the base raceway with access available in both the base raceway and optional beltway.

Topway Panel Frame Electrical

Allows data cables to be routed horizontally and vertically within the panel.

- Interior dimension: 2 1/2"H x 3/4"W

Cables can be routed along the tops of panels, routed through the interior of panels and along both the beltway and base raceway. The primary channel for distributing cable is provided in the horizontal topway along the top of panels. The topway allows cables to be easily laid-in during initial installation and additional cables to be added as required. It also separates data from power to reduce the chance of interference. A vertical wire pathway is provided in the center of the topway. This allows cables to be run vertically through the interior of the panel to the beltway or base raceway without the use of exterior cable managers

Beltway Electrical

Provides duplex receptacle and data port access at desk-height level.

- Exterior dimension: 4 1/4"H x 3"D
- Interior dimension: 3 1/2"H x 2 3/4"D
- Height from floor: 32 3/4" to center of beltway cover
- Beltway cover construction: Trim-color painted steel
- Beltway cover attachment: Snaps onto beltway panel insert supports
- Duplex access: 30" and wider beltway covers have two duplex knockouts per panel side (18" and 24" wide beltways do not have duplex knockouts)
- Duplex location: Knockouts located 12" on center from each end of cover
- Data access: All beltway covers (except 30 wide) have one center-located data port knockout per panel side
- Additional data access: In panels 30" and wider, the two duplex knockouts can be used as additional data ports when the beltway is not used for duplex receptacles.
- Power capacity: One power module per panel (single or double-sided).

Panel Base Options

Dividends Horizon panels are available with three base options:

- Base Raceway
- Open Base
- Tile-to-Floor.

Overall panel heights, tile configurations and application rules are the same for all three base options.

Base Raceway

Provides duplex receptacle and data port access at base height. Base Raceway panels feature two roll formed steel raceway covers, which are available with or without electrical/data knockouts.

- Exterior dimension: 5"H x 2 15/16"D
- Interior dimension: 5"H x 2 7/8"D
- Dataport Knockout dimension: 1 3/8"H x 2 5/8"D
- Construction: Paint-colored 22-gauge roll-form steel cover
- Duplex access: 24" and wider base raceway covers have two duplex knockouts per panel side (18"W panels do not have duplex knockouts)
- Duplex location: 9" on center from each end
- Data access: All base raceway covers have one center-located data port knockout
- Additional data access: In panels 24" and wider, the outer knockouts can be used as additional data ports when the raceway is not used for duplex receptacles
- Power capacity: One power module or jumper

Note: Knockouts are standard unless specified without.

Open Base panels feature two extruded aluminum feet positioned at the end of each panel. A

horizontal trim is located below the bottom tile.

Tile-To-Floor panels eliminate the raceway cover and access on one side, replaced by a fabric or steel tile extended to the floor. A heavy gauge steel internal raceway cover protects the raceway contents and the tile from deflecting when hit by shoes or vacuum cleaners. The other side of the panel features a raceway cover, available with or without electrical/data knockouts. If needed, use one-sided electrical and one-sided base cable trays with this base option.

Panel Run Supported by Panels at One End

- Minimum of an “L” panel connection on one end
- Maximum number of panels in run: 4
- End of panel run must be supported by a pedestal, panel-mounted Open Leg Support, C-leg Support or any height pane

Panel Run Supported by Panels at Both Ends

- Minimum of an “L” panel connection on both ends (see Formulas 2 and 3 below)
- Maximum length panel run: 12’
- Maximum number of panels in run: 4
- Both ends of panel run must be supported by matching height panels (see Formulas 2 and 3 below)
- Panel run must be floor supported every 8’ with a pedestal, panel mounted Open Support Leg or C-Leg support

High Density Storage

If hanging more than one overhead component vertically per panel side the following is required:

- Panel must be supported by matching height return panels on both ends of the panel

Color: Color to be selected from manufacturer's standard colors, but not necessarily limited thereto. Indicate additional cost for special match color.

WARRANTY: Seller warrants to the original Purchaser only that the Products Seller manufactures and sells to Purchaser are free of defects in workmanship and materials, during the applicable warranty period set forth below. Warranty period set forth below is for 24-hour, 7 days a week, multi shift use (includes parts and labor to repair). Should any failure to conform with this limited warranty appear to a Product listed below during the applicable warranty period from the date of shipment, Seller shall, upon prompt written notice, repair or replace, at its option and costs, the affected part or parts.

This warranty does not apply to:

- Normal wear and tear or acts or omissions of parties other than Seller (including user modification, improper use or installation of Products).
- COM or other third-party materials applied to Products. Products not installed by or under the auspices of a Knoll Dealer, or Knoll's white glove agent network.
- Dramatic temperature variations or exposure to unusual conditions.
- Changes in surface finishes, including colorfastness due to aging or exposure to light.
- Except as specifically noted above, textiles and upholstery supplied by KnollTextiles (consult current KnollTextiles price list for applicable warranty).
- Natural variations occurring in wood, marble, and leather shall not be considered defects, and the Seller does not guarantee the colorfastness or matching of the colors, grains or textures, or surface hardness of such materials. The Seller also does not guarantee the colorfastness of fiberglass panel surfaces.

KnollTextiles Products

Knoll warrants to the original purchaser that all textiles products under normal wear and tear shall

meet the specifications listed in the current KnollTextiles Price Catalogue under each product's name, including lightfastness, durability and flame retardant rating for a period of one (1) year with remedies as follows: should any failure to conform with this limited warranty appear on the textile product during the first year after the date of shipment, upon prompt written notice Knoll will repair or replace, at its option, the affected textile, including upholstery materials only. KnollTextiles cannot guarantee consistency of color between dyelots.

This warranty does not apply to:

- Acts or omissions of parties other than Knoll.
- User modification.
- Unusual atmospheric or environmental conditions.
- Abnormal use of textile including cuts, spills, or other misuse of product.

Spinneybeck Leather and Filzfelt Products

Spinneybeck leather and Filzfelt products carry a one (1) year limited warranty from the date of shipment against manufacturing defects. For purposes of this warranty, manufacturing defects do not include normal wear, user modifications, acts or omissions of persons other than Spinneybeck, improper cleanings, adverse environmental conditions, surface blemishes, and/or other characteristics considered natural. Natural characteristics include, but are not limited to: healed scars, nicks and fat wrinkles. Leather that does not perform properly due to application is Your responsibility, as Spinneybeck does not guarantee workmanship. Because leather is a natural product, Spinneybeck cannot guarantee consistency of color between dyelots.

LIST INDUSTRIES

LIST INDUSTRIES

METAL CUBBIE UNITS

All work shall be fabricated in ample time so as to not delay construction process.

Materials: Steel: All sheet steel used in fabrication shall be prime grade free from scale and imperfections and capable of taking a heavy coat of high gloss baked enamel.

Fasteners: Cadmium, zinc or nickel-plated steel; bolt heads, slot-less type; self-locking nuts or lock washers.

Equipment: Hardware: Hooks of cadmium plated or zinc plated steel or cast aluminum.

Number Plates (if required): To be polished aluminum with not less than 3/8" high etched numbers attached with two aluminum rivets.

Fabrication: All cubbies shall be of steel components, factory-assembled, of all MIG welded construction, in multiple column units to meet job conditions. Assembly of bodies by means of bolts, screws, or rivets will not be permitted. Welding of knockdown style cubbie construction is not acceptable. Grind exposed welds and metal edges flush and make safe to touch. WOOD CUBBIES WILL NOT BE ACCEPTED FOR THIS PROJECT.

Finishing: All cubbie units to be cleaned and coated after fabrication with a seven-stage zinc/iron phosphate solution to inhibit corrosion, followed by a coat of high-grade enamel electrostatically sprayed and baked at 325 degrees Fahrenheit for a minimum of 30 minutes to provide a tough durable finish.

Color to be selected from manufacturer's standard list of colors.

CUBBIE UNIT TYPES - VENTILATION SCHEDULE: Cubbies shall be **SUPERIOR** ALL-WELDED CUBBIE UNITS".

Classroom Cubbie Units:

Type: Two-Person Backpack Cubbie Unit Size: 15" wide x 16" deep x 48" high

Ventilation: Sides: Solid, Backs, Tops, Bottoms and Shelves: Solid

Frame / Vertical Side Panels: Shall be of 18-gauge solid sheet steel framed by 16 gage hollow "T" tubular sections and channel frame members designed to enclose all four edges of the side panel with the entire assembly MIG welded to form a rigid frame for each cubbie unit. The channel frame members are welded to the front and rear vertical frame members to create and anchor bearing surface of 1-1/4 inches wide x the depth of the cubbie at each side panel.

Center Partitions: Shall be of 16-gauge cold rolled sheet steel securely welded to the underside of the lower backpack shelf, unit back, and unit bottom. The front of the partition is to be rolled tight to conceal the edge of the sheet steel and insure rigidity.

Integral Frame Cubbie Base: 16 gage formed sheet steel with double return flanges at the front and shall be continuous across the entire cubbie unit.

Flat Tops: Shall be formed of one piece of 16 gage cold rolled sheet steel and shall be an integral part MIG welded to each vertical side panel frame member and be continuous to cover the full width of a

multiple cubbie unit.

Backpack Shelves: Shall be 16 gage sheet steel, have double bends at front and shall MIG welded to the side and center partition.

Backs: Shall be 18-gauge cold rolled sheet steel, be continuous to cover a multiple framed unit and be welded to each vertical side panel.

GUARANTEE - WARRANTY: Submit upon completion of the work, in the form prescribed under section 00670 - GUARANTEE FORM, covering all defects in materials and workmanship excluding finish, damage resulting from deliberate destruction and vandalism under this section for a period of 10 years from the date of final acceptance by the owner.

Buy American – Manufacturer must provide documentation that the product complies with the “Buy American” clause.

LTI, INC.

SERVING COUNTER

Top - Top to be 30" wide and fabricated from a minimum of 14 ga. stainless steel with square turndown on all sides and corners fully welded, ground and polished. Top to have #4 satin finish and with all edges having a #7 hi-lite finish.

Hot Food Units - Provide with dry/moist electric hot food wells to be bottom mounted and have a 12x 20 die stamped opening with ¼ raised beaded edge. Interior pan to be 304 stainless steel, deep drawn with coved corners and fully insulated with fiberglass insulation. Each hot food well to use a 500 watt at 208V heat source, or 661 watt at 120-240V heat source, with solid state digital controls for maximum energy efficiency. All switches and controls to be fully accessible. All wells are wired to a circuit breaker for current overload protection.

TempestAir® Cold Pans - Cold pans to be 18 gauge stainless steel fully welded construction with ¼coved corners. The cold pan shall be pitched to a 1 drain, which is extended to a valve below the base. All cold pans shall be furnished with urethane insulation on bottom and all four sides of pan. The pan shall be fully separated from the counter top by a full perimeter breaker strip. Cold pans are to allow for a full steam table pan 6 deep. Temp-est Aire cold pan shall be 9 deep and include a patented forced air refrigeration system. Cold pan includes low velocity fans and an advanced cold wall design operating on R-449A refrigerant. Cold pan will meet or exceed NSF7 standards while allowing food pans to remain flush to the counter top.

Body (MF) - Body to be seamless molded fiberglass (F.R.P.) with smooth exterior surfaces and rounded corners. To be constructed by a hand lay-up process with four layers of 1.5 oz continuous strand fiberglass mat, plus a 24 oz layer of woven roving on the bottom for added strength. Fiberglass to be flame retardant per specification ASTM E-162 having a flame spread of 25% or less. Body interior to be reinforced at each end with 4 wide, 12 gauge galvanized channels welded to form integral U frame for maximum stress relief.

WARRANTY: All LTI equipment is covered with a 1-year parts and labor warranty, excluding:

- QuickSwitch, TempestAir and ThermalWell technologies have a 2-year parts and labor warranty.
- All K-12 market segment purchases include a 2-year parts and labor warranty and 5-year compressor parts only warranty.
- All self-contained refrigeration equipment comes standard with a 5-year compressor parts only warranty.
- All SpecLine by LTI fiberglass bodies are fully warranted against defects in materials or workmanship for a period of five years.
- Other extended warranties are available for purchase at time of sale.
- Other components are warranted for one year from the date of purchase by the original user and only to the original purchaser provided it is installed and operated in accordance with the instructions supplied with the unit.
- Warranty period commences with the date of installation, or six (6) months from

date of shipment from factory, whichever is sooner.

- Warranty covers all products used in United States and Canada.
- The warranty includes travel time to location, not to exceed 100 miles round trip, or two hours total travel time.

LTI foodservice equipment, unless otherwise indicated, is fully warranted by the manufacturer against defects in materials or workmanship for a period of one year from the date of purchase by the original user and only to the original purchaser provided it is installed and operated in accordance with the instructions supplied with the unit.

LYON METAL

LYON METAL PRODUCTS

METAL LOCKERS

Lyon's multi-door 11204D industrial storage cabinet is perfect for your storage needs! Our 48-inch-wide cabinet with 4 doors is ideal for either your warehouse or manufacturing facility. You will find Lyon cabinets in places such as auto dealership service shops or on the floor of a machine shop. These heavy-duty steel cabinets are the toughest in the industry. Lyon proudly manufactures these industrial storage cabinets in the USA! These strong all-welded cabinets ship assembled and ready to use.

HEAVY-DUTY CONSTRUCTION: The all-welded 11204D industrial storage cabinet features 14-gauge steel construction. Each of the heavy-duty steel doors include two 5/16-inch diameter brass-pin hinges. These hinges allow easy opening and closing of the doors while maintaining the door alignment. Our secure 3-point locking system includes a 3/8-inch latch rod on the doors that engages at both the top and bottom. The 3/16-inch latch plate secures the door when the handle is in the closed position. Our sturdy aluminum handles also include a 3/8-inch thick hasp. Easily add your own padlocks to secure each door closed on this welded 14-gauge cabinet. All of our industrial metal storage cabinets feature a durable powder coat paint finish that will stand up to harsh use.

ADJUSTABLE CABINET SHELVES: The 11204D industrial storage cabinet includes 1 steel shelf behind each door. Lyon's shelves can hold your heaviest item. Each shelf offers a payload capacity of 1,450 lbs. Store heavy equipment such as motors and pumps along with your other heavy tools. These shelves are fully adjustable on 3-inch centers. Simply bolt the shelves into the welded keyhole slots at the needed height. This lets you easily change your shelf spacing when your storage needs change.

FORKLIFT BASE: Lyon welds 4-inch-high legs under each heavy-duty steel cabinet to create a forklift base. This space below the 11204D industrial storage cabinet allows a forklift to easily move the cabinet to where it is needed in your warehouse or facility. The 4-inch base also provides more toe room below the welded steel cabinet when the doors are open.

Because we designed these to hold so much, the uses for these 4 door storage cabinets is endless. Simply set the cabinet in place and you are ready to get organized.

Dimensions: 48" W x 24" D x 82"H

Finish: To be selected from manufacturer's finish options.

WARRANTY: Most Lyon products are warranted against defects in materials and workmanship for 1 year from delivery date of product when used in accordance with Lyon's specifications and/or operating instructions. Lyon will repair or replace, at its option, any part found upon examination to be defective.

A written extended warranty is available upon review and request. Customizations to products may cause order to be ineligible for an extended Warranty Statement.

This warranty applies to the original purchaser only and the purchaser's sole remedy under this warranty is limited to the repair and replacement of the products and specifically excludes consequential, incidental or other damages directly or indirectly resulting from failure or loss of use of, or by, Lyon products. Damage from deliberate destruction and vandalism is excluded. The following items are warranted as stated:

Steel Lockers Lyon lockers are warranted against defects in material and workmanship for 1 year from delivery date of product, when used in accordance with manufacturer's specifications and maintenance procedure.* (This warranty applies to the original purchaser only, and purchaser's sole remedy under this warranty is limited to replacement or repair of the product and specifically excludes consequential, incidental or any other damages directly or indirectly resulting from failure or loss of use of Lyon products).

* Lock warranties are limited based on lock manufacturer's warranty and no warranty extension is available on lock warranties. Lock warranties are based on Lock order ship date and project ship date.

Cabinets Lyon cabinets are warranted against defects in material and workmanship for the life of the product for as long as the original purchaser retains ownership, possession and control of the product, and when product used in accordance with manufacturer's specifications and load capacities. Shelf capacities are based on evenly distributed loads. Concentrated (point) loads or impact (dropped) loads could fail shelves even though load may be considerably less than the allowable evenly distributed load shown and would not be covered under warranty.

Modular Drawer Cabinets Lyon warrants, only to the original purchaser, that its Modular Drawer Cabinets will remain free of defects in materials and workmanship for as long as the original purchaser retains ownership, possession and control of the product, when used in accordance with manufacturer's specifications and maintenance procedure.

Lyon Shelving and Rack Lyon warrants that its 2000 & 8000 Series Shelving, Rivet Rack, and Bulk Storage Rack will remain free of defects in materials and workmanship for as long as the original purchaser retains ownership, possession and control of the product, when used in accordance with manufacturer's specifications and load capacities. Shelf or Level capacities are based on evenly distributed loads. Concentrated (point) loads or impact (dropped) loads could fail shelves or levels even though load may be considerably less than the allowable evenly distributed load shown and would not be covered under warranty.

Pallet Rack Pallet Rack products by Lyon that are still the property of the original purchaser, are warranted to be free of defects in material and workmanship for 1-year when used according to agreed specifications and for ordinary applications for which the products were designed. This warranty does not apply to parts which, through normal use, require replacement during the warranty period. The original purchaser must notify Lyon in writing as soon as any defect becomes apparent within fifteen (15) days.

Ergonomic Seating Lyon warrants all seating to be free from manufacturing defects for the life of the product when it is used in accordance with manufacturer's specifications and/or operating instructions. The life of the product is ten years for single shift users, five years for two shift users, and two-and-a-half years for three shift users, for users not weighing more than 250 pounds. Ergonomic sit-stands are warranted for five years.

Other Products Work surfaces and bench tops are warranted for 1-year against defects in materials and workmanship.

Limitations:

- The original purchaser must provide Lyon in writing the date of purchase, the original invoice number, and a description of the defect, prior to returning any product under a warranty

claim.

- Products purchased by Lyon such as casters, work surfaces, bench tops, pallet rack, and cantilever rack carry their manufacturer's warranty.
- If the product was damaged in transit, the original purchaser must file a claim with the carrier within five business days of delivery. This is not considered a warranty claim.

Lyon will not be responsible for charges of any repairs or alterations of the product unless made with Lyon's prior written consent. Routine replacement items such as safety clips, anchor bolts, and all parts that are replaced due to wear, misuse or abuse or etc. are not covered by this warranty.

MASTER LOCK

MASTER LOCK

GENERAL SECURITY COMBINATION PADLOCK

The Master Lock No. 1502 3-digit combination padlock has many enhanced security features like the exclusive BlockGuard® Anti-Shim technology, hardened steel shackle and double-reinforced stainless steel casing. Designed to fit lockers with a padlock eye of at least 5/16in (8mm) diameter, these locks provide multiple customization options to fit your needs.

- Patented BlockGuard® Anti-Shim Technology withstands attempts to violate the latch mechanism
- Includes combination chart to facilitate lock system administration
- 1-7/8in (48mm) wide double-reinforced stainless steel body withstands abuse
- 3/4in (19mm) tall, hardened steel shackle for extra cut resistance
- Easy 3-number dialing with automatic scrambling feature to prevent reopening of lock
- Optional color dials, customized dials, and locks sold in groups of combinations - see Catalog for details
- For supervisory key control option, consider model 1525

Body Width: 1-7/8"

Shackle Dimensions: 3/4in H x 1 3/8in W, 9/32in Thick

Warranty: Master Lock Company LLC ("Master Lock") grants the following warranty: If this product or any part of the product fails due to a defect in materials or workmanship at any time during the life of the product, Master Lock will, at its own discretion, repair or replace the product or part free of charge. Simply contact Master Lock at www.masterlock.com or 1.800.464.2088 for instructions on obtaining repair or replacement. Canadian customers please call 1.800.227.9599. Return of the defective product or part at the customer's expense, along with proof of purchase, may be required. This limited warranty applies only to defects in materials and workmanship, and does not cover products which have been abused, altered, damaged, misused, cut or excessively worn. THIS WARRANTY IS LIMITED TO REPAIR OR REPLACEMENT ONLY. This limited warranty does not cover labor for removing, reinstalling or refinishing the Product or part, or other materials removed, reinstalled or refinished in order to repair or replace the Product or part. TO THE EXTENT PERMITTED BY LAW, MASTER LOCK DISCLAIMS ALL OTHER IMPLIED OR EXPRESS WARRANTIES INCLUDING ALL WARRANTIES OF MERCHANTABILITY AND/OR FITNESS FOR A PARTICULAR PURPOSE. TO THE EXTENT THAT ANY IMPLIED WARRANTIES MAY NONETHELESS EXIST BY OPERATION OF LAW, SUCH WARRANTIES ARE LIMITED TO THE DURATION PROVIDED BY LAW.

METRO

INSULATED HOLDING CABINET

Product Specifications:

- Cabinet Material: .063" (1.8mm) aluminum, natural interior with .125" (3.2mm) aluminum chassis.
- Insulation Armour™: High Density Polyethylene (HDPE).
- Casters: Four casters with 5" (127mm) donut neoprene wheel, double ball bearing swivel, ball bearing axel, nickel plated, two with brake. 3" rubber casters on Under Counter models.
- Solid Doors: Fully insulated with 1" (25.4mm) fiberglass, double panel .063" (1.8mm) aluminum, brushed exterior, natural interior.
- Clear Doors: Extruded aluminum powder coated frame with .090" (2.3mm) polycarbonate window.
- Hinges: Field reversible, double hinged, 180° swing, with long-life nylon bearings.
- Gaskets: High temperature, door mounted, Santoprene gaskets.
- Latches: Polymer high-strength magnetic pull latch with lever-action release.
- Hand Holds: Molded into the Insulation Armour™ on all four corners.
- Universal Slides: 1/4" (6.4mm) dia. nickel-chrome electroplated wire, adjustable on 1 1/2" (38mm) increments.
- Lip Load Slides: 1 1/2"x1/2"x.063" (38x38x1.8mm) extruded aluminum channel slides, 1 1/2" (38mm) fixed spacing.
- Fixed Wire Slides: 1/4" (6.4mm) dia. nickel-chrome electroplated wire, welded on 3" (76mm) spacing. Not offered in Under Counter models.
- Drip Trough: Smooth polymer drip trough with catch pan.
- Holding Modules: Removable without tools, digital thermometer, recessed control dials, master on/off switch, "Power On" light, water pan, ball bearing blower forced air system, 7 1/2' cord, UL, CUL, and NSF Listed.
- Electrical and Performance:
 - Holding Module: 80°F (27°C) to 200°F (93°C) operating temperature range. Available: 120V 2000W & 1440W, 220-240V 1681-2000W.
 - Moisture Module: 80°F (27°C) to 200°F (93°C) operating temperature range. 35% RH at 160°F (71°C), 95% RH at 95°F (35°C). Available: 120V 2000W, 220-240V 1681-2000W.
 - Combination Module: 80°F (27°C) to 200°F (93°C) operating temperature range. 95% RH at 95°F (35°C). Available: 120V 2000W & 1440W, 220-240V 1681-2000W.
 - Clearance Requirements: 18" (46cm) away from any cooking equipment. AVOID contact with surfaces that exceed 200°F (90°C). Minimum clearance from enclosures is 1 1/2" (38mm) on sides and back, 1/2" (12.7mm) on top.

Size: 71"H

Color: Red, Grey, or Blue

Warranty: Product will be free from defects in material and workmanship under normal use, service and maintenance for a period of one (1) year from the date of shipment of the Product by Seller, unless otherwise specified by Seller in writing.

MITCHELL

PART 1 – GENERAL

- 1.1 SUMMARY A. Provide recessed mounted cabinet, table and bench system, complete as shown and specified. B. Coordinate work with work or other sections and specify exact wall measurements. C. Installation of Wall Mounted System is to be done by trained professionals only.

1.2 SUBMITTALS & REFERENCES A. ENGINEERING DRAWINGS: Submit cad cam drawings showing product details and dimension requirements. B. GREENGUARD CERTIFIED COMPONENTS: Mitchell tabletop components have won the GREENGUARD Indoor Air Quality Certification and the more stringent Children & Schools Certification SM by the GREENGUARD Environmental Institute (GEI). The laminate, backer and adhesive components have been tested for low emission of volatile organic compounds (VOC's). Mitchell uses certified components on its table products. C. Mitchell Wall Mounted Owner's Manual with parts list and troubleshooting guide. D. A long handled release handle/lever shall be provided to disengage the storage lock mechanism. E. The laminated table and bench surface shall be smooth and free from any mechanical devices that may cause an unsanitary condition to exist, or personal injury to occur. F. The cabinet shall be provided with six depth guides that will secure the table and bench in the cabinet. G. Recessed cabinets shall be manufactured with a 3" W right and left side flanges and 3-1/2" W top flange to overlap and cover the rough wall opening. H. Track Arm pins, tracks table/bench in cabinet channel, shall be spring loaded, 1/2" steel rod, end-capped with bronze oilite bearings. I. Table and bench aprons shall be constructed using cold rolled steel channel and shall be end-capped to eliminate sharp edges. J. SAMPLES: Submit the following... 1. Laminate: Wilsonart color brochure offering manufacturer's standard color selection. 2" x 3" sample of the laminate is available upon request. 2. Table/Bench Top: A 3" x 3" sample complete with laminate, backer board, core material and edge treatment is available upon request. 3. Steel Finish: Jet Black powder coat sample is available upon request.

1.3 PRODUCT HANDLING

Mitchell Recessed Wall Mounted Cafeteria Systems

PO Box 1156 1700 W. St. Paul Avenue Milwaukee, Wisconsin 53201 P. 414/342-3111 – 800/290-5960
F. 414/342-4239 - www.mitchell-tables.com

- 1.4 GUARANTEE: Submit in written warranty 5 years parts and 10 years welds.

Buy American – Manufacturer must provide documentation that the product complies with the "Buy American" clause.

PART 2 – PRODUCTS

2.1 MATERIALS

1. Particle Board: Tables shall have one single 3/4" sheet having a density of at least 45 PCF.
2. Edge Treatment: DuraEdge® Black, thermoplastic polyvinyl chloride, UV stable, smooth, and mechanically fastened to the core 6" O.C.
3. Steel: Cold Rolled ASTM A513.
4. Finish: Shall be electro statically applied Jet Black powder coat. The surface shall be washed clean

and acid rinsed prior to powder coat application.

5. Fasteners: Full threaded, hex head with 300 lbs. hold strength, placed 6" O.C.
6. Casters: 2" thick non-mar at table and bench ends and 2" thick non-mar swivel at table center legs.

2.2 FABRICATION

Model: RD-08-14-3012-S (Set-in Series) @ 14'-0" L folding table/benches with steel cabinet.

1. Table width shall be 28" or 30".
2. Table height shall be 27" or 29" (30" Special ADA)
3. Bench width shall be 10" or 12".
4. Bench height shall be 15" or 17".
5. Wheelchair accessible seating at table ends.

Design and operation of tables and benches

1. 20 contact points locking system positively locks single depth tables/benches to the cabinet. Six depth guide (top locks) locking points: Each cabinet pocket shall contain two each 2-1/4" 16-gauge folded steel depth guides which securely engages table and bench to the top of cabinet. ii. Six 1/2" steel, spring loaded tracking pins - two per table and bench (side locks) capped with bronze oilite bearings lock tables and benches into channels within the cabinet side walls. These pins also are guides when folding and unfolding tables and benches. iii. Six male and female (one per table/bench leaf) storage locks (base locks) fastened to the inner and outer leaves engage in the folded position securely locking the two halves of the table/bench together. iv. Two tamper resistant manually operated post locks (one each per center posts) shall have a low-profile housing with 1/4 turn actuation.
2. Automatic, anti-jackknife down locks on all tables and benches.
3. Tables and benches are removed from the stored position by disengaging the storage locks with the release handle (supplied.) Post locks must be unlocked before attempting removal.
4. In "down" position, table and benches can be removed from cabinet by releasing the hidden, spring loaded track arm pins from cabinet channels.
5. Lift assistance built-in to Tables shall have fully enclosed torsion bars that provide 35 lbs. of lift assistance and also control the table's downward movement to the floor. ii. Benches (12', 13' and 14' models) shall have hydraulic gas cylinders.
6. Table/bench assemblies shall have multifunction locking hinge assemblies that automatically lock the table/bench in the down position, provide anti-jackknife protection and secure the top of the assemblies in the cabinet when stored.
7. Each table and bench has 14-gauge tubular brace rods that are adjustable providing the proper leg orientation with both the top and the floor.

MANUFACTURING

1. Table and bench tops shall be constructed using a 3/4" particle board core with the DuraEdge® treatment and core materials will be laminated with NEMA approved high pressure laminate and a balancing backer sheet.
2. Table and bench understructure shall be unitized integrating each component for additional strength. Parallel 1-3/4" steel channel aprons with rolled edges and safety end caps shall be reinforced with steel gussets.
3. Benches shall have a 16-gauge steel hat channel fastened to the center of each bench leaf for added support.
4. Table and bench legs shall be fabricated using 14-gauge round and square tubing. Retention clips

shall be used for all legs at the center of the top tubes for added safety. Table and bench end legs shall have 2" thick non-mar stationary wheels. Table center legs shall have 2" thick non-mar swivel casters. Bench center legs shall have nickel plated glides. Table end legs shall be recessed providing 360° seating when table is detached from cabinet.

5. Cabinets shall be constructed of 16 gauge cold rolled steel. Bottom sill shall be constructed of 14 gauge cold rolled steel. Nine components shall be mechanically fastened together for easy component replacement. All cabinet assemblies are shipped fully assembled for quick installation. Front posts shall be seamed at edge to prevent scraping of table and bench. Cabinets are finished with a powder coat finish (Jet Black color.) Optional colors are available as an upcharge.

PART 3 – EXECUTION

3.1 SUBSTRATE CONDITIONS A. Inspect site where the cabinet will be installed and confirm conditions are acceptable. 1. Coordinate with responsible party in field to perform corrective work on unacceptable mounting surfaces. 2. Beginning of work by factory authorized installer shall be considered as acceptable of conditions as they exist.

3.2 INSTALLATION A. Installation shall be conducted by authorized and Mitchell trained personnel who will install cabinet, table and bench system according to manufacturer's written instructions, as shown, and as specified.

3.3 ADJUSTMENTS A. Installation adjustments shall be initially completed by factory authorized personnel.

3.4 CLEANING AND MAINTENANCE: A. Keep site clean and free from accumulation of debris especially at sill area. B. Laminate surface may be cleaned with any detergent or spray cleaner. C. Follow regular maintenance guidelines outlined in owner's manual. D. Replacement parts are readily available through the Customer Service Department of Mitchell Furniture Systems, Inc., Milwaukee, WI.

UL Listed: All tables, benches and cabinets to be UL Listed. Assuring you that the system has been tested for both safety and durability by complying with the rigorous standards established by Underwriters Laboratories.

MOORECO

CREATOR ADA RECTANGLE DESK

Accommodate different abilities and needs with ADA-compliant desks. Choose from the ADA Square, ADA Triangle, ADA Rectangle, or ADA Half Round shapes to make your spaces more user-friendly.

Use alone, or join the Hierarchy Creator Desks together in a number of ways to fit your needs. The highly versatile desk's ergonomic shapes provides flexibility and workspace comfort.

Tops are 1-1/4" thick with tubular steel legs in black or platinum with a chrome insert. Choose from a variety of laminate colors and T-mold edge band options. Tops and edge band are also customizable.

Legs are adjustable from 22" to 32"H in 1" increments. Or opt for youth height legs for adjustability from 12" to 18" to accommodate younger users (note: ADA shapes are no longer ADA compliant when used with the youth height leg inserts).

Standing height legs available for 27" to 42" height adjustment.

Finish: To be selected from manufacturer's standard available finishes, but not necessarily limited thereto. Indicate additional cost for special match color.

WARRANTY: 12 Year Limited Warranty

NATIONAL RECREATION SYSTEMS

NATIONAL RECREATION SYSTEM

NON-ELEVATED STANDARD LOW RISE BLEACHER ALUMINUM ANGLE FRAME

PART 1 - GENERAL

1.01 SECTION INCLUDES

- A. Design and fabrication of Non-Elevated angle frame bleachers

1.02 QUALITY ASSURANCE

- A. Manufacturer: National Recreation Systems, Inc.
1300-D Airport North Office Park, Ft. Wayne, IN, 46825
- B. Manufacturer Qualifications: Manufacturer must have a minimum of ten years' experience in the design and manufacture of bleachers.
- C. Welders must conform to AWS standards.
- D. Source Quality Control: Mill Test Certification.
- E. Codes and Standards: 2012/2015 International Building Code / ICC 300 2012.

1.03 WARRANTY

- A. Warranty shall guarantee bleachers to be free from defect in materials and workmanship for a period of 1 year under normal use. Warranty period shall begin on date of completion for projects installed by manufacturer, or its subcontractors, OR warranty period shall begin on date of final delivery on projects installed by others.
- B. Anodized finish of plank extrusions shall be covered by a 5 year warranty against loss of structural strength or finish deterioration due to exposure to weather conditions or UV rays. Discoloration of mill finish aluminum due to galvanic reaction not covered.

1.04 PRODUCT LIABILITY INSURANCE

- A. Product liability insurance is carried for the life of the product in the amount of \$ 2,000,000.

1.05 ENGINEERING

- A. Engineering certifications and calculations by a Registered Professional Engineer will be provided upon request at an additional fee.

PART 2 – PRODUCTS

2.01 ACCEPTABLE MANUFACTURER

- A. National Recreation Systems, Inc.

2.02 DESIGN

- A. Applicable Codes:
 - INTERNATIONAL BUILDING CODE (IBC), 2012/2015 EDITION / ICC 300 2012
 - Except handicapped requirements
- B. Design Loads:
 - 1. Live Loads: Uniform loading - Structure = 100 psf
Uniform loading - Seat and Foot plank = 120 plf
 - 2. Sway Loads: Perpendicular to seats = 10 plf
Parallel to seats = 24 plf
 - 3. Guardrail Loads: Uniform vertical load = 100 plf

Uniform horizontal load = 50 plf
Concentrated horizontal load = 200 pounds

4. *Wind Loads: Basic design wind speed = 150 mph (exposure "B")

*Note: Bleacher must be anchored to meet wind loads above

2.03 NON-ELEVATED ANGLE FRAME BLEACHERS

A. Quantity and Size: Shall consist of 1 unit(s) 3 rows high x 15 long.

Net seating capacity per unit 30 (excluding aisles, based on 18" per seat).

B. Framework: Prefabricated aluminum angle spaced at 6' - 0" intervals joined by means of aluminum angle cross bracing.

C. Shop connections: Welded to meet AWS standards and local code requirements

D. Rise and Depth Dimensions: 6" vertical rise and 24" tread depth, row one seat is approximately 11-1/2" in height.

E. Seats: Nominal 2" x 12" anodized aluminum with anodized end caps.

F. Treads: Nominal one (1) 2" x 10" mill finish aluminum with anodized end caps on all rows.

2.04 MATERIALS / FINISHES

A. Framework:

1. Aluminum: Structural fabrication with aluminum alloy 6061-T6 mill finish. Each frame shall be unit-welded, using metal inert gas method, under guidelines by the American Welding Society. After fabrication all steel is hot dipped galvanized to ASTM A-123 specifications. All crossbracing and horizontal bracing shall be aluminum alloy 6061-T6 mill finish.

B. Extruded Aluminum:

1. Seat planks: Aluminum alloy 6063-T6, clear anodized 204R1, AA-M10C22A31, Class II With a wall thickness nominally .078" for impact and deformation resistance.
2. Tread and Riser Planks: Aluminum alloy 6063-T6, mill finish. With a wall thickness nominally .078" for impact and deformation resistance.

C. Accessories:

1. Channel End Caps: Aluminum alloy 6063-T6, clear anodized 204R1, AA-M10C22A31, Class II.
2. Hardware: Bolts and Nuts shall be hot dipped galvanized.
3. Hold Down Clip Assembly: Aluminum alloy 6063-T6 mill finish.
4. Joint Sleeve Assembly: Aluminum alloy 6061-T6, mill finish.

PART 3 – EXECUTION

3.01 INSTALLATION

A. Install bleacher unit in accordance with manufacturer written instructions and shop drawings.

Note: Building codes may vary from site to site. The customer is responsible for verification of local code requirements.

174. National Recreation System #NB-0315ALRSTD, Non-elevated Standard Low Rise Bleacher, Aluminum Angle Understructure, 3 Rows, 15' L Net Seating Capacity of 30

NEW AGE INDUSTRIAL

NEW AGE INDUSTRIAL

LIFETIME SERIES PAN RACKS

Designed to endure the rigors of around-the-clock usage, these units are ideal for use in the foodservice, hospitality, and healthcare industries, including correctional facilities and educational institutions.

Runners support pans and trays from the bottom, providing equal load distribution for “worry-free” transport. Ribbing on the guides allows pans to slide on and off with ease, minimizing the galling or flaking that can occur with heavy usage.

- The all-welded bases are reinforced at each corner with a heavy caster plate.
- Each plate is threaded to allow the caster to be bolted to the plate, not the framework. (Preserving the structural integrity of the rack and making caster replacement easier.)
- Ergonomic uprights feature a user-friendly radius that is easy to grip.
- Guides are welded both horizontally and vertically, totaling five inches of welds per angle.
- Extra gussets are used where crossbars meet uprights; An additional vertical weld adds another layer of strength compared to our Heavy Duty models.
- Lifetime Guarantee against material defects and workmanship.
- Lifetime Guarantee against rust and corrosion.
- NSF Certified

Size: 26”L x 21.5”W x 73”H

Warranty: Product will be free from defects in material and workmanship under normal use, service and maintenance for a period of one (1) year from the date of shipment of the Product by Seller, unless otherwise specified by Seller in writing.

NIGHTINGALE

NIGHTINGALE

MXO 5900 MIDBACK OFFICE TASK CHAIR

Product Features:

- Memory height and position gas lift always return the chair to a uniform height and position.
- Swivel-tilt mechanism.
- Waterfall seat design gently slopes away from the legs, minimizing pressure on the thighs and promoting good posture.
- ENERSORB™ foam conforms to the body when the user sits, reverting to its original form when the user gets up.
- Contoured fixed-height armrests are designed to fit under standard table height.
- ABLEX™ mesh backing moves with the body and allows air to pass freely, making it comfortable in all environments.
- Dual-layer standard Mystic fabric is perforated for exceptional airflow. Its four-way stretch moves perfectly with the ENERSORB™ foam for added comfort and durability.
- Five-prong heavy-duty nylon base. 2" mag wheel carpet casters. Optional polished aluminum base available.
- Patented

Armrests: Fixed height armrests.

Base: 5 prong heavy duty nylon base.

Casters: 2" carpet casters.

Fabric: Fabric to be selected from manufacturer's standard Grade 2 fabric options.

Size:

- Overall: 25"W x 24"D x 35.5"-38.5"H
- Seat Height: 17"- 20"
- Seat Width: 19"
- Seat Depth: 18.5"
- Back Width: 19"
- Back Height: 18"

WARRANTY: The Lifetime Limited Warranty applies only for NIGHTINGALE products listed herein, and manufactured after January 1st, 2019, and applies to products delivered to customers in Canada and the United States of America. Under the NIGHTINGALE Warranty, all claims must be made within the time period specified herein. This Warranty begins with the date of purchase from the Nightingale Dealer by the original purchaser, and applies as follows: • Lifetime Limited: all non-moving metal parts. • 10 Years: Control mechanisms, casters, pneumatic cylinders, self-skinned urethane parts, and plastic shells. • 5 Years: Upholsteries. The NIGHTINGALE Warranty is based on normal use within a normal commercial office setting of single shift, eight (8) hours per day, five (5) days per week, by individuals of 275 lbs or less. Some natural variations occurring in wood, leather, or other natural materials are inherent to their character and are not considered defects. Nightingale Corp. does not warrant the colorfastness or matching of colors, grains, or textures of these materials. Additionally, a Customer's Own Material (COM) selected by, and used at the request of, a customer, is not warranted.

Size: 30"D x 42 1/8"W x 30"H

Warranty: NOVA's Limited Lifetime Warranty - NOVA Solutions warrants that its products are free from defects in materials and workmanship given normal use and care for the lifetime of service; proof of delivery being the only official document accepted by NOVA for any claim. In the event that a product is used more than normal use, the applicable warranty period may be reduced. This warranty is made by NOVA Solutions for the original customer for as long as the original customer owns and uses the product. NOVA Solutions' warranty is only valid if the products are given normal and proper use and installed in accordance with NOVA Solutions' installation and/or application guidelines, and installed by an authorized NOVA Solutions' dealer or agent. NOVA Solutions assumes no responsibility for repairs to products sustaining damage resulting from end-user modifications, attachments to a product, misuse, abuse, alteration, or negligence. This warranty is subject to the limitations, exclusions, and other provisions provided below: • Twenty-five years: Thermofused laminate • Twenty years: Drawer slides • Ten years: Locks • Five years: Downview technology with flat panel monitor Flat Panel Display Security Arm, high pressure laminate, casters, fabrics, electrical components, PVC extrusions, adjustable surface mechanisms, and accessories. • Three years: The Trolley™ E and The Trolley™ EXL with Intelligent Motion Technology and NOVALinked™ Components: Three years for parts and repair labor plus optional extended warranty available for purchase. Additional installation labor charges may not be covered by this warranty. Variation in finishes is characteristic, in terms of color & texture, and does not constitute a defect. • Five years: Electric Lift for Sit-Stand Units: Five years for parts and repair labor. Additional installation labor charges may not be covered by this warranty. Variation in finishes is characteristic, in terms of color & texture, and does not constitute a defect. As your manufacturer, we stand behind our quality products and will do everything possible to resolve any problems that might arise within the terms of this warranty.

OFFICE MASTER

OFFICE MASTER

TEACHERS CHAIR

Armless task chair with upholstered seat, upholstered back, five-star base with carpet casters, pneumatic lift, pivot backrest, back height adjustment and back depth adjustment.

Fabric: Fabric to be chosen from manufacturer's standard Grade 1 fabrics.

Size:

- Overall width: 25"
- Overall height: 33" - 41"
- Back: 17" w x 15" h
- Seat: 18" w x 18" d
- Seat height: 16" - 21"

WARRANTY: OM (formerly Office Master, Inc.) warrants to the original purchaser that its products are free from defects in materials and workmanship for the applicable warranty period, as indicated below. Should any item fail, OM will – at its sole discretion – repair or replace, with a comparable product or part, any item found to be defective as a result of normal commercial use (i.e., a single 8-hour shift, 5 days per week). This warranty does not apply to items subjected to abuse, misuse, neglect, alteration, or damage caused by shipment, storage, accident, fire, flood, or act of God. Unless otherwise specified, all models not classified as budget or 24/7 or heavy-duty are covered under a 12-year limited warranty on all structural components as defined below. 7-Unless otherwise specified, all models classified as budget or 24 /7 or heavy-duty are covered under a 7-year limited warranty on all structural components as defined below. Within a given model's applicable warranty period, all structural components, including gas cylinders, wood, metal and plastic parts (i.e., chair frames, bases and control handles) are guaranteed against structural failure when under normal commercial use. All OM seating comes with a default 250 lbs. weight capacity limit unless otherwise specified by OM. For all models, consumable items (i.e., casters, glides, etc.) are covered by a 5-year normal commercial use warranty. OM in-stock upholstery & foam cushions are covered by a 5-year normal commercial use warranty. Normal wear and tear on fabrics such as wrinkling, dirt accumulation or gathering is not covered. Natural, minor variations may exist in color, surface, grain or texture of upholstery materials. As a result, any such variations are not warranted. COM/ COL and graded-in fabrics are not covered.

PLATINUM VISUAL

PLATINUM VISUAL

MTS SERIES HEIGHT ADJUSTABLE CHALKBOARD WITH 1" MAPRAIL

Product Features:

- Porcelain-on-steel writing surfaces with a lifetime warranty.
- All extrusions are manufactured with high-quality aluminum alloy to exacting specifications.
- Heavy-duty aluminum extrusions come standard in clear satin anodized. Also available in optional dark bronze anodized or a variety of powder coated finishes.
- Boards adjust in 2" increments.
- Mix and match writing and tackable surfaces.
- Support standards sold separately.

MARKERBOARD AND CHALKBOARD MATERIALS

- Steel Face Sheets: Writing surface will be Writanium® 28-gauge steel face with porcelain enamel finish fused to the steel sheet using a continuous coil process.
 - Markerboard and Chalkboard surface shall be fused at a temperature of 1450° and 1200°, respectively.
 - The gloss of the writing surface will not increase more than three units when subjected to wearability tests specified in testing procedures for 30 hours.
- Core Material: 1/2" particleboard.
- Backing Material: .005" aluminum backing sheet.
- Metal Trim and Accessories: 6063 aluminum alloy with a T5 temper.
- Adhesive: As recommended by manufacturer for project conditions.

PORCELAIN-ON-STEEL MARKERBOARDS AND CHALKBOARDS

- Provide Markerboards and Chalkboards for project from manufacturer's MTS Series.
 - Metal trim and accessories: MTS Series aluminum extrusions with clear satin anodized finish.
 - Chalktray CR315: Standard continuous solid chalktray with ribbed section and smoothly curved and polished ends.
 - Map Rail MR411: Standard 1" high continuous rail with colored cork insert as follows:
 - End stops: One pair per Map Rail.
 - Map hooks: One every 2' of Map Rail.
 - Roller brackets: One pair per Map Rail.
 - Flag holder: One per room.
 - Frame CH210: Standard channel frame with 3/4" face with wrap around corners and miters.
 - Wall Standards: Single ST100 or Double ST200 punched with 3/8" x 1" slot 2" on center. Standards to be installed exactly 4'-0" on center. Height to be 72", 84" or 96" high.
 - Locking Device LD100: Spring loaded locking installed in upper corners of board.
 - Size: Available sizes 4' high x 4' wide or 4' high x 8' wide as shown on drawings.
 - Color: As selected from manufacturer's standard colors.

INSTALLATION

- Comply with manufacturer's installation instructions.
- Where visual display boards must be partly assembled at project site, use factory-supplied H-

bar to maintain proper alignment.

- Install visual display boards level and plumb, keeping perimeter trim aligned in accordance with manufacturer's recommendations.

Color: To be selected from manufacturer's standard colors, but not limited thereto.

Size: 4" W x 5" H

WARRANTY: For the lifetime of the original installation, Platinum Visual Systems warrants that the porcelain-on-steel finish, under normal conditions of use, shall not exhibit excessive fading of color, crazing, cracking or flaking. Platinum Visual Systems warrants the following products for ten years from the date of sale: Colored Cork Tackboards; Vinyl Tackboards; Fabric Tackboards; Natural Cork Tackboards; and Cork Roll Stock. Our obligation under these warranties is limited to supplying, free of charge, new products for the defective goods, or at our option, refunding the purchase price thereof, with due allowance made for the service rendered by such products. All products are sold and warranted only pursuant to our published terms and conditions of sale. We are not responsible to the user for any consequential, incidental or special damage resulting from improper use or installation. Platinum Visual Systems reserves the right to modify or discontinue any of our warranted products. Warranty does not cover the cost, removal or reinstallation.

RICHARDS WILCOX, INC.

TIMES 2 LETTER STARTER

System shall be a High Density, Multimedia Rotary Filing System manufactured by Richards-Wilcox, Inc., Aurora, Illinois, and known as Times-2 Speed Files. No other manufacturers' product shall be accepted as an equal.

Components:

1. Base and Rotor Bottom Assembly shall be constructed of 12 GA or greater Drawing Quality Cold Rolled Steel. Said Base and Rotor Bottom shall be connected with a minimum $\frac{1}{2}$ " diameter carriage bolt. A locknut shall secure assembly and an oil impregnated bronze bushing will provide permanent lubrication to carriage bolt rotation. Press-formed raceways in both Base and Rotor Bottom shall capture ball bearings and protect rotating components from excessive or unusual wear, burnishment and fatigue. All ball bearings shall be a minimum of $\frac{5}{9}$ " diameter, fabricated from high carbon steel and maintained at equal spacing with a flanged ball cage. Letter-size units shall use a minimum of 22 ball bearings; Legal/EDP-size shall require a minimum of 44 ball bearings. Raceways and ball bearings shall be dynamically and permanently lubricated. Diameter of raceways shall be minimum 22" for letter-size and 28" for Legal/EDP-Size Units. Smaller diameter raceways shall not be acceptable due to their inability to provide stability of unit during unbalanced loading and/or rotation. No heat (welds) shall be applied to rotation surfaces of the Base and Rotor Bottom. Springs included in the Base Design shall be capable of stopping a fully loaded unit without requiring tension adjustment at any time. Operator assistance shall not be required to stop or relocate the interior rotating cabinet.
2. Rotor Bottom shall have functional storage shelf integrated into its design. Four independently adjustable leveler glides shall be provided to allow for proper leveling of units. Any anchoring required by State, Local and National Codes shall be accomplished by securing cabinets to the floor with the manufacturer provided anchoring system. Wall anchoring shall not be acceptable. Separate bases shall be available for Starter and Add-on units and such bases shall be secured to each other to eliminate racking of units during rotation. Further, the addition of units shall be possible on either the right or left sides.
3. A Positive Position Control (Foot Pedal) system shall be utilized with each cabinet, delivering complete operator control of Spring-Loaded, Automatic Self Centering Mechanism. A detent system shall not be acceptable. A Dual Foot Pedal option shall be available to allow access to the cabinet from both sides. Said foot pedal shall be one-piece cast aluminum designed to prevent pedal failure as well as slippage of operator's foot during operation.
4. Doors, Center Panel and Rotor Top shall connect to and lock together to form one monolithic, structurally sound cabinet.
 - A. Doors shall consist of an outer door free of projections, handles, bevels, allowing for decorative laminates or fabric finishes. Inner Door shall be slotted (louvers) in $\frac{1}{4}$ " increments to allow for the acceptance of accessories required to store various media. Outer and Inner Door shall be welded together.
 - B. Center Panel shall be triple-flanged to meet the Inner Doors and Rotor Bottom. The Door to Center Panel connection will be made with fasteners at the Inner Door and Rotor Bottom. Length of fasteners shall be spaced $5\frac{1}{2}$ " on center.
 - C. Rotor Top shall snap and lock into place with no visible fasteners. Rotor Top shall include an oil-impregnated bronze bushing allowing permanent stabilization and lubrication of cabinet.
5. Revers Beveled Posts, Vinyl Door Strips and Standard Locks shall complement the

appearance of the unit and be integrated into the unit. Vinyl Door Strips shall integrate into Posts without the use of fasteners and be available in matching and/or complementary colors. Posts shall function for either Starter or Add-on units. Locks shall be standard, keyed alike or different. Locks shall be upgradeable (at additional cost) to touch pad, badge swipe (with or without logging system) and other state-of-the-art security applications. Further, lock must be able to establish and maintain “free spin” position of Base and Rotor Bottom (ADA Compliance).

6. End panels shall attach to either Starter or Add-on Unit as may be required by configuration of units.
7. Canopy Top shall fasten securely to posts with bolt and/or project engineered fastener. Further, Canopy Tops must fasten to each other, when applicable, using appropriate fasteners. Fasteners shall be designed to eliminate movement of posts during rotation of cabinet.
8. Painted Surfaces shall be furniture quality epoxy-polyester hybrid powder coat finishes free of all volatile cure-reaction products. No air-dry paint of any type will be utilized. All vertical and horizontal seams shall meet highest fabrication standards and only highest quality steel shall be used in the fabrication of the cabinet and its components.
9. There shall be an extensive offering of accessories available including, but not limited to the following: wall closing strips, extended canopy tops, closed backs, high-security astragals, rollout reference shelves, rollout hanging folder frames, top tab rollout drawers, rollout CD/DVD/Microfiche/Film drawers, card drawers, adjustable reversible shelves, recessed shelves, various size dividers and magnetic followers, dual-pedal kits, conversion kits, specialty racks. (Shelf spacing shall be user-adjustable without the use of tools). Manufacturer shall be capable of creating new accessories reflecting storage requirements of user. Each accessory shall utilize four-point support to securely attach to rotating interior cabinet.
10. All steel used in the fabrication of the aforementioned Rotary Filing System shall meet ASTM A620 standard for all Cold-Rolled Drawing Quality Steel required in base components and ASTM A366 standards for all other steel parts. The following minimum steel grades (gauge) shall be utilized for the respective application.
 - A. Base and Rotor Bottom 12 GA
 - B. Base Cover 16 GA
 - C. Fixed Bottom Shelf 18 GA
 - D. Shelf Dividers 20 GA
11. Warranty: Manufacturer’s Warranty shall include a minimum Limited Lifetime Warranty on the empty unit. For the balance of the equipment components, a warranty of seven (7) years applies. Lifetime shall be defined as “the length of time of ownership by the original purchaser.”
12. Qualifications: Manufacturer must demonstrate participation in a minimum of five projects of similar size and scope within the past year. Further, manufacturer must document installations of projects of similar size and scope within the past five years. Manufacturer shall also have a minimum of 10 years experience manufacturing Multimedia Rotary Filing Systems meeting the specifications hereto ascribed.

Slots are located 3/8" from top, leaving a solid ring for added strength. One additional set of slots at 3' high. All tube surfaces have protective anodized coating.

METAL FINISH: Chrome or Black

Size: 3' H x 1/2" W (Outside Diameter)

WARRANTY: S&K Theatrical Draperies, Inc. warrants that the goods manufactured and sold by it will be of the kind and quality described in the order or contract and will be free of defects in workmanship for a period of one year from the date of the invoice. In addition all products are guaranteed against defects in materials for thirty (30) days from the date of the invoice. Except as expressly stated herein, S&K Theatrical Draperies, Inc. makes no representations or warranties, either express or implied, of any kind with respect to products sold on the S&K Theatrical Draperies website. Should any failure to conform to this warranty appear within the above mentioned periods, S&K Theatrical Draperies, Inc. shall, upon notification thereof and substantiation that the purchase price for the goods has been paid in full, that the goods have been stored, installed, and maintained in accordance with S&K Theatrical Draperies, Inc. recommended and standard industry practice, and that no modification, substitution or alteration have been made to the goods without S&K Theatrical Draperies, Inc. written approval, correct such defect by suitable repair or replacement. S&K Theatrical Draperies, Inc. reserves the right, in its sole discretion and for its sole benefit without waiving any of the conditions precedent to the effectiveness of its foregoing warrant obligation, to inform the end user of the goods that the purchaser hereunder has failed to pay the purchase price for the goods and that, as a result, S&K Theatrical Draperies, Inc. shall not be obligated to honor its warranty obligation hereunder. To permit S&K Theatrical Draperies, Inc. to determine how to correct such defect, seller shall return the allegedly defective goods FOB seller's factory for inspection. Any such goods replaced or repaired by S&K Theatrical Draperies, Inc. shall be returned to buyer FOB seller's factory. Upon prior written approval of S&K Theatrical Draperies, Inc., company shall be responsible under this limited warranty only for shipment of any replacement parts FOB seller's factory. The warranty granted herein shall not become effective until the goods have been paid in full. The warranty does not apply to unusual, unique, untested or unconventional use and application. The warranty does not apply to goods not used in accordance with the original stated intent or to products that have been altered, modified or replaced without written authorization from S & K Theatrical Draperies, Inc.

SAMMIC

VEGETABLE PREPARATION MACHINE

A perfect cut

- High precision adjustments to obtain a uniform and excellent-quality cut.
- It can be fitted with a wide range of discs and grids of the highest cutting quality. Combining these accessories together to obtain more than 70 different types of cuts and grating grades.

Built to last

- Made from stainless steel and food-grade materials of the highest quality: stainless steel motor block and food-grade aluminium head.
- High power asynchronous motor.

Maximum comfort for the user

- Ergonomic design: product sliced in one single movement.
- Lateral product output: requires less space on the worktop and guides the product, avoiding splashes.
- The electronic command panel is very intuitive.

Maintenance, safety, hygiene

- Lever and lid easily removable for cleaning purposes.
- Combination of safety systems: head, cover, power switch.
- Appliance certified by NSF International (regulations on hygiene, cleaning and materials suitable for contact with foods).
- 100% tested.

Size: 15.4"W x 16"D x 21.4"H

Warranty: The warranty begins on the purchase date of the guaranteed equipment. This date figures on the corresponding purchase invoice and gives you the right to: A 12 month warranty for any spare part or defective component. Dispatch and return carriage are always at the cost of the client. 12-month guarantee from invoice date, including labour cost and travel expenses, in case of product defect. Before installation of the machine, read the instruction manual which is attached to the same. In the case of any incident within the guarantee period, do not dismantle anything; consult an authorized installer. The product warranty will become invalid if any technical intervention in the same takes place by non-authorized personnel as well as for manipulating data on the invoice or registration plate. Sammic Corp is not responsible for any breakages produced by an incorrect installation, incorrect use or negligence on the part of the user.

SCHOLAR CRAFT PRODUCTS

4300 LARGE STUDENT DESK

FRAME: Constructed of 1" 18 gauge tubing with a stretcher tube of 3/4" 18 gauge steel inserted into the rear legs and then welded for durability. Gas shield metal arc welding of joints provides exceptional strength. Wheelchair accessible. ADA compliant.

TOP: Oversized top is 20" x 36" Melsur™ 5/8" solid plastic.

METAL FINISH: Bright nickel chrome plating meets all present requirements for noncorrosive and abrasion resistant finishes.

GLIDES: High shoulder nylon glides with an internal gripper spring. Glides are 1 1/4" diameter and a 40 degree full-swivel with a 1/2" shoulder. Metal glides are optional.

Adjustable height 28-3/4" – 34"

Size: 20" D x 36" W x 28-3/4" – 34" H

WARRANTY: Effective June 1, 2016 Scholar Craft warrants to the original purchaser that its products are free from defects in material and workmanship under normal classroom use for as long as the life of the product, except as set forth below. During the warranty period, Scholar Craft will replace, or at its option, repair locally, repair at its factory, any Scholar Craft brand product manufactured after June 1, 2016 that, upon inspection by Scholar Craft, is determined to be defective in material or workmanship. This warranty is subject to the following provisions:

Some natural variations occurring in polypropylene material or other natural materials are inherent to their character and are not considered defects. Scholar Craft does not warrant the colorfastness or matching of colors, grains, or textures of these materials. Customer's Own Material (COM) selected by and used at the request of an original purchaser is not warranted. Our products are intended for interior use — exterior use of them will void the warranty.

The materials and components listed below are covered from the date of sale according to the following:

- Seating controls, glides, pneumatic cylinders, casters – 3 years.

This warranty does not apply to:

- Normal wear and tear
- Damage from environmental factors
- Damage from sharp objects
- Damage from accident, alteration, misuse, or improper installation or maintenance
- Modifications or attachments to the product not approved by Scholar Craft
- Products used for rental purposes
- Damage caused by the carrier in-transit, which is handled under separate terms
- Third-party products – Scholar Craft, to the extent possible, will pass through to the original purchaser (and process claims under) any warranty provided by third-party products supplied to Scholar Craft.
- All warranty claims are to be made in writing by the original purchaser. The original

purchaser may be required to produce the invoice or other evidence to establish that a claim is within the warranty period.

To the extent allowed by law, Scholar Craft makes no other warranty, either expressed or implied, including any warranty or merchantability or fitness for a particular purpose. Scholar craft is not liable for any consequential or incidental damages. This warranty contains the original purchaser's exclusive remedy.

SCRATON PRODUCTS

SCRANTON PRODUCTS

HINY HIDER BATHROOM PARTITIONS

PART 1 GENERAL

SECTION INCLUDES

Solid plastic toilet compartments including the following: (Hiny Hiders)

- Floor mounted overhead-braced toilet compartments.

- Floor-to-ceiling toilet compartments.

- Ceiling hung toilet compartments.

- Privacy screens.

- Shower and dressing compartments.

- Vanities.

RELATED SECTIONS

Section 05 50 00 - Metal Fabrications.

Section 06 10 00 - Rough Carpentry.

REFERENCES

ASTM A666 - Standard Specification for Stainless and Heat-Resisting Chromium-Nickel Steel Plate, Sheet, and Strip.

ASTM B221 - Standard Specification for Aluminum and Aluminum-Alloy Extruded Bars, Rods, Wire, Profiles, and Tubes.

ASTM E84 - Standard Test Method for Surface Burning Characteristics of Building Materials.

National Fire Protection Association (NFPA) 286 - Standard Methods of Fire Tests for Evaluating Contribution of Wall and Ceiling Interior Finish to Room Fire Growth.

United States EPA (Environmental Protection Agency) Registration - Bactericidal Surfaces Registered with the U.S. EPA to Legally Make Claims that these Materials Kill Infectious Bacteria.

SUBMITTALS

Submit under provisions of Section 01 30 00.

Product Data: Manufacturer's data sheets on each product to be used, including:

- Preparation instructions and recommendations.

- Storage and handling requirements and recommendations.

- Installation methods.

Shop Drawings: Provide layout drawings and installation details with location and type of hardware required.

Verification Samples: For each finish product specified, two samples representing actual product, color, and patterns.

Sustainable Design Submittals:

- Recycled Content: Certify percentages of post-consumer and pre-consumer recycled

content.

Regional Materials: Certify distance between manufacturer and Project.

QUALITY ASSURANCE

Manufacturer Qualifications: A company regularly engaged in manufacture of products specified in this section, and whose products have been in satisfactory use under similar service conditions for not less than 5 years.

Installer Qualifications: A company regularly engaged in installation of products specified in this Section, with a minimum of 5 years experience.

Materials: Doors, panels and pilasters, constructed from high density polyethylene (HDPE) resins. Partitions to be fabricated from polymer resins compounded under high pressure, forming a single component which is waterproof, nonabsorbent and has a self-lubricating surface that resists marks from pens, pencils, markers and other writing instruments. Cover all plastic components with a protective plastic masking.

Performance Requirements:

Fire Resistance: Partition materials shall comply with the following requirements, when tested in accordance with ASTM E 84, Class B:

Tested to Meet ASTM E84, Class B flame spread/smoke developed rating.

Material Fire Ratings:

National Fire Protection Association (NFPA) 286: Pass.

International Code Council (ICC): Class B.

Antimicrobial Touch Surfaces: Hardware touch surfaces shall be manufactured from substrates that are registered with the U.S. EPA to kill specific bacteria tested according to U.S. EPA protocols.

DELIVERY, STORAGE, AND HANDLING

Store products in manufacturer's unopened packaging until ready for installation.

PROJECT CONDITIONS

Maintain environmental conditions (temperature, humidity, and ventilation) within limits recommended by manufacturer for optimum results. Do not install products under environmental conditions outside manufacturer's absolute limits.

WARRANTY

Manufacturer guarantees its plastic against breakage, corrosion, and delamination under normal conditions for 25 years from the date of receipt by the customer. If materials are found to be defective during that period for reasons listed above, the materials will be replaced free of charge. Labor not included in warranty.

PART 2 PRODUCTS

MANUFACTURERS

Acceptable Manufacturer: Scranton Products, which is located at: 801 E. Corey St.; Scranton, PA 18505; ASD Toll Free Tel: 800-445-5148; Fax: 855-376-6161; Email: [request info \(info@scrantonproducts.com\)](mailto:info@scrantonproducts.com); Web: <https://www.scrantonproducts.com>

Fabricator: Comtec Toilet Partitions.

Fabricator: Capitol Toilet Partitions.

Substitutions: Not permitted.

Requests for substitutions will be considered in accordance with provisions of Section 01 60 00 - Product Requirements.

MATERIAL

Plastic Panels: High density polyethylene (HDPE) suitable for exposed applications, waterproof, non-absorbent, and graffiti-resistant textured surface.

Recycled Content; Post Industrial: 25 percent.

Recycled Content; Post Industrial: 100 percent.

Recycled Content; Post Consumer: 100 percent.

Zinc Aluminum Magnesium and Copper Alloy (Zamac): ASTM B 86.

Stainless Steel Castings: ASTM A167, Type 304.

Aluminum: ASTM 6463-T5 alloy.

SOLID PLASTIC TOILET COMPARTMENTS

Basis of Design: Hiny Hiders Toilet Partitions as manufactured by and supplied by Scranton Products.

Style: Floor mounted overhead-braced toilet compartments.

Style: Floor-to-ceiling toilet compartments.

Style: Ceiling hung toilet compartments.

Doors, Panels, and Pilasters: 1 inch (25 mm) thick with all edges rounded to a radius. Mount doors and dividing panels based on height of specified system.

Door and Panel Height: 55 inches (1397 mm).

Door and Panel Height: 66 inches (1676 mm).

Door and Panel Height: 72 inches (1829 mm).

Aluminum heat sink fastened to bottom edges.

Door Design: Traditional 2600.

Door Design: Traditional 2800.

Door Design: Modern 3000.

Door Design: Modern 3200.

Door Design: Modern 3800.

Door Design: Modern 4000.

Door Design: Two panel side panel design.

Panel Edge: Standard.

Panel Edge: Shiplap.

Pilasters: 82 inches (2083 mm) high and fastened to floor.

Panel Color: Traditional series.

Black - Orange Peel.

Black - Grip Ex.

Paisley - Orange Peel.

Shale - Orange Peel.

Charcoal Grey - Orange Peel.

Stainless - Rotary Brushed.

Pilaster Shoes: 3 inches (76 mm), 20 gauge stainless steel. Secured to pilasters with a stainless steel tamper resistant Torx head sex bolt.

Pilaster Shoes: 3 inches (76 mm) high one-piece molded HDPE. Secured to pilasters with a stainless steel tamper resistant Torx head sex bolt.

Pilaster Plastic Shoe Color: Mocha.
Pilaster Plastic Shoe Color: Black.
Pilaster Plastic Shoe Color: Grey.
Pilaster Plastic Shoe Color: Linen.
Pilaster Plastic Shoe Color: Beige.
Pilaster Plastic Shoe Color: Blueberry.
Pilaster Plastic Shoe Color: Silver (Matches Stainless/Aluminum Hardware).

Headrail: Heavy-duty extruded 6463-T5 alloy aluminum with anti-grip design. Finish to be clear anodized. Fastened to headrail brackets with stainless steel tamper resistant Torx head sex bolt, and fastened at the top of the pilaster with stainless steel tamper resistant Torx head screws.

Headrail Brackets: 20 gauge stainless steel with satin finish. Secured to the wall with stainless steel tamper resistant Torx head screws.

Wall Brackets:

Aluminum Brackets: Heavy-duty aluminum 6463-T5 alloy.
PVC Brackets: Extruded PVC plastic.

Stainless Steel Brackets: Stainless steel type 201.

Brackets are fastened to pilasters with stainless steel tamper resistant Torx head screws and fastened to the panels with stainless steel tamper resistant Torx head sex bolts.

Bracket Type: Stirrup double ear aluminum.

Bracket Type: Stirrup single ear aluminum.

Bracket Type: Stirrup stainless steel double ear.

Bracket Type: Stirrup stainless steel single ear.

Bracket Type: Continuous 54 inches (1372 mm) plastic.

Bracket Type: Continuous 54 inches (1372 mm) stainless steel.

Bracket Type: Continuous 54 inches (1372 mm) aluminum.

Bracket Type: Continuous 68 inches (1727 mm) aluminum.

Bracket Type: Continuous 71 inches (1804 mm) aluminum.

Bracket Type: Continuous 71 inches (1804 mm) stainless steel.

Door Hardware:

Continuous Aluminum Hinge:

Length: 54 inches (1372 mm).

Length: 65 inches (1651 mm).

Length: 71 inches (1803 mm).

Continuous Stainless Steel Helix Hinge:

Length: 54 inches (1372 mm).

Length: 71 inches (1803 mm).

Continuous Stainless Steel Spring Loaded Hinge:

Hinges: 54 inches (1372 mm).

Vault Hinge: Heavy-duty 304 stainless steel hinge having gravity-acting cams with a brushed finish and wrap around flanges.

Integral Hinges - Stealth: Fabricated in mount on inside of the toilet compartment on the door and pilaster. The door and pilaster is not to have exposed metal parts on the outside of the toilet compartment. Hinges operate with field adjustable nylon cams. Cams can be field adjusted to any degree. The pilaster and doors have to be fabricated to accept the hinge.

Wrap-Around Hinges: 8 inches (203 mm) and fabricated from heavy-duty extruded aluminum. Hinges are through-bolted to pilasters and doors with stainless steel tamper resistant Torx head sex bolts. Hinges operate with field adjustable nylon cams. Cams can be field set in 30, 60 or 9 degree increments.

Door Strike/Keeper: Heavy-duty extruded aluminum 6436-T5 alloy with a clear anodized finish. Secured to pilasters with stainless steel tamper resistant Torx head sex bolts. Bumper shall be made of extruded black vinyl.

Style: 6 inches (152 mm) aluminum.

Style: 54 inches (1372 mm) aluminum.

Style: 65 inches (1651 mm) aluminum.

Style: 3 inches (76 mm) stainless steel emergency access.

Latch Mechanism: Healthy Hardware Slide Bolt, Pulls and Coat Hook: Made from U.S. EPA registered materials by manufacturer currently holding U.S. EPA Company Number, U.S. EPA Establishment Number and California Broker's License. Satin finish.

Latch Mechanism: Aluminum Slide Bolt Latch and Housing: Heavy-duty extruded 6463-T5 alloy aluminum. Latch and housing to have a clear anodized finish. Slide bolt and button to have a black anodized finish.

Latch Mechanism: Stainless Steel Slide Bolt Latch and Housing: Heavy-duty stainless steel type 304. The latch and housing to have a bright finish. The slide bolt and button to have a black anodized finish.

Latch Mechanism: Occupancy Indicator Latch and Housing:

Material: Satin stainless steel.

Occupancy indicators: Green for occupied and red not occupied.

Slide bolt and button.

Doors supplied with one coat hook/bumper and door pull, clear anodized aluminum or stainless steel.

Equip outswing handicapped doors with second door pull and door stop.

SOLID PLASTIC PRIVACY SCREENS

Provide plastic privacy screens in urinal and entry toilet room applications as indicated or scheduled.

Panels, and pilasters, if required, 1 inch (25 mm) thick with edges rounded to a radius. Screens to be mounted at 14 inches (356 mm) above the finished floor. Color as selected by Architect from manufacturer's full line of current colors.

Aluminum heat sink fastened to bottom edges.

Recycled Content: Minimum 25 percent.

Screen Type: Wall mounted.

Urinal Screens: 18 inches (457 mm) wide by 42 inches (1067 mm) high.

Urinal Screens: 18 inches (457 mm) wide by 55 inches (1397 mm) high.

Urinal Screens: 24 inches (610 mm) wide by 42 inches (1067 mm) high.

Urinal Screens: 24 inches (610 mm) wide by 55 inches (1397 mm) high.

Screen Type: Pilaster supported.

Configuration: Floor to ceiling pilaster supported screen.

Configuration: Floor pilaster supported screen.

Configuration: Ceiling pilaster supported screen.

Urinal Screens: 18 inches (457 mm) wide by 42 inches (1067 mm) high.

Urinal Screens: 18 inches (457 mm) wide by 55 inches (1397 mm) high.

Urinal Screens: 24 inches (610 mm) wide by 42 inches (1067 mm) high.

Urinal Screens: 24 inches (610 mm) wide by 55 inches (1397 mm) high.

Pilaster: Pilaster screens shall be 56 inches (1422 mm) high.

Pilaster: Pilaster screens shall be 69 inches (1600 mm) high.

Pilaster: Pilaster screens shall be 82 inches (2083 mm) high.

Headrail: Heavy-duty extruded 6463-T5 alloy aluminum with anti-grip design and integrated curtain track. Finish to be clear anodized. Fastened to the headrail bracket with a stainless steel tamper resistant Torx head sex bolt and fastened at the top of the pilaster with stainless steel tamper resistant Torx head screws.

Headrail Brackets: 20 gauge stainless steel with a satin finish. Secured to the wall with stainless steel tamper resistant Torx head screws.

Floor to Ceiling Supported Pilaster: A stainless steel angle to be used to attach pilasters to floor and ceiling. Attach angles to pilasters with 3/4 inch (19 mm) stainless steel tamper resistant Torx head screws. Pilaster sleeve height to be 4 inches (102 mm) high.

Pilaster Sleeves: 20 gauge stainless steel secured to pilaster with a stainless steel tamper resistant Torx head sex bolt.

Pilaster Shoes: One-piece molded HDPE secured to the pilaster with a stainless steel tamper resistant Torx head sex bolt.

Pilaster Shoes Color: Mocha.

Pilaster Shoes Color: Black.

Pilaster Shoes Color: Grey.

Pilaster Shoes Color: Linen.

Pilaster Shoes Color: Beige.
Pilaster Shoes Color: Blueberry.
Pilaster Shoes Color: Silver; matches clear anodized hardware.

Wall Brackets: Extruded PVC plastic. Fastened to the panel/pilaster with stainless steel tamper resistant torx head screws and fastened to wall with stainless steel tamper resistant torx head sex bolts.

Length of Wall Brackets: 41 inches (1041 mm).
Length of Wall Brackets: 54 inches (1327 mm).
Bracket Color: Mocha.
Bracket Color: Black.
Bracket Color: Grey.
Bracket Color: Linen.
Bracket Color: Beige.
Bracket Color: Blueberry.

Aluminum Slide Bolt Latch and Housing: Heavy-duty extruded 6463-T5 alloy aluminum. Latch and housing to have a clear anodized finish. Slide bolt and button to have a black anodized finish.

SOLID PLASTIC SHOWER AND DRESSING COMPARTMENTS

Plastic privacy screens in shower room applications as indicated or scheduled.

Panels and Pilasters: 1 inch (25 mm) thick with edges rounded to a radius. Mount screens at 14 inches (356 mm) above the finished floor. Color as selected by Architect from manufacturer's full line of current colors.

Recycled content: Minimum 25 percent.

Type: Floor mounted pilaster supported screen.

Panel Screens: 76 inches (1930 mm) high.

Pilaster Screens: 82 inches (2083 mm) high.

Headrail: Heavy-duty extruded 6463-T5 alloy aluminum with anti-grip design and integrated curtain track. Clear anodized finish. Fastened to the headrail bracket with a stainless steel tamper resistant Torx head sex bolt, and fastened at the top of the pilaster with stainless steel tamper resistant Torx head screws.

Headrail Brackets: 20 gauge stainless steel with a satin finish. Secured to the wall with stainless steel tamper resistant Torx head screws.

Pilaster Sleeves: 20 gauge stainless steel. 3 inches (76 mm) high. Secured to pilaster with stainless steel tamper resistant Torx head sex bolt.

Wall Brackets: Continuous, heavy-duty 6463-T5 alloy aluminum. Clear anodized finish. Fastened to panel/pilaster with stainless steel tamper resistant Torx head sex bolts.

Shower Curtains (WxH): 42 x 72 inches (1067 x 1829 mm), white non PVC, hung with aluminum curtain hooks with self-lubricating Delrin slides.

SOLID PLASTIC VANITY

Provide vanities in sizes and applications as indicated or scheduled.

Tops, Splashes, Skirts, End and Center Supports: 1 inch (25 mm) thick with all edges rounded to a radius. Screens shall be mounted at 14 inches (356 mm) above the finished floor. Color as selected by Architect from manufacturer's full line of current colors.

Pilaster sleeves shall be 3 inches (76 mm) high one-piece molded HDPE secured to the pilaster

with a stainless steel tamper resistant Torx head sex bolt.

Attachment Brackets: 16 inches (406 mm) long, heavy duty extruded aluminum with clear anodized finish.

PART 3 EXECUTION

EXAMINATION

Do not begin installation until substrates have been properly prepared.

If substrate preparation is the responsibility of another installer, notify Architect of unsatisfactory preparation before proceeding.

PREPARATION

Clean surfaces thoroughly prior to installation.

Prepare surfaces using the methods recommended by the manufacturer for achieving the best result for the substrate under the project conditions.

Examine areas to receive toilet partitions, screens, and shower compartments for correct height and spacing of anchorage/blocking and plumbing fixtures that affect installation of partitions. Report discrepancies to the architect.

INSTALLATION

Install in accordance with manufacturer's instructions.

Install partitions rigid, straight, plumb, and level manor, with plastic laid out as shown on shop drawings.

Clearance at vertical edges of doors shall be uniform top to bottom and shall not exceed 3/8 inch (9.5 mm).

No evidence of cutting, drilling, and/or patching shall be visible on the finished work.

Finished surfaces shall be cleaned after installation and be left free of imperfections.

PROTECTION

Protect installed products until completion of project.

Touch-up, repair or replace damaged products before Substantial Completion.

WARRANTY: Seller warrants for a period of twenty-five (25) years (other than Duralife Lockers which are warranted for fifteen (15) years) from date of shipment as detailed in Scranton Products limited warranty. Seller's obligation is limited to replacement of defective material or equivalent value. Seller is not responsible for any additional costs incurred including incidental or consequential damages.

210. For additional Scranton Products catalog items not specifically listed on bid, prices are requested in the form of a discount you will allow the District off the current Manufacturer's Retail Price List.

SCREENFLEX

SCREENFLEX

ACOUSTICAL WALL PANELS

Sound absorbing panels are designed to improve the acoustics while adding a decorative element to the room. Structure includes a closed-cell honeycomb covered with two layers of fiberglass facing. Fabric finish is a stitch-bonded polyester. Product includes mounting brackets and hardware. Standard colors included.

Product Features

- Six heights (42", 54", 66", 74", 82", 90")
- Two thicknesses (3/4" or 1 1/2")
- All acoustic panels are 22 inches in length
- Closed-cell honeycomb
- Covered with two layers of fiberglass facing
- Stitch-bonded polyester fabric finish
- Includes mounting brackets and hardware

Dimensions: 90"H x 22"W x 3/4"D

Warranty: Screenflex products are warranted to be free from defects in material and workmanship for three years from the date of delivery.

SENATOR GROUP

VEE HIGHBACK SEAT UNIT

With Vee, Senator has produced a solution that allows individuality and collaboration to happily coexist. With its simplistic, inviting form, complemented by full, sound absorbing upholstery, as well as integrated power and under seat storage. Vee is ideally suited for quick touchdowns and recharges, or longer work meetings.

Product Features:

- Traditional carcass construction
- Fully upholstered
- Curled feather interior
- Plastic glides
- Teflon glides

Dimensions: 61.75" W x 48.5" H X 52.75"D

Warranty: Warrants to the original purchaser that its products are free from defects in materials and workmanship for a period of ten (10) years from date of delivery, except as noted below. This warranty applies to single shift (standard 8-hour day, 5 days per week) use, and covers products delivered in the contiguous United States and Canada. This warranty covers repairs or replacement of product at our discretion and payment of approved labor charges as necessary to effect such repairs or replacement.

Exceptions

5 Years - Stacking chairs, metal chair frames, seating components including controls and adjustment mechanisms, height adjustment mechanisms and pneumatic cylinders, monitor supports and tablet arm assemblies, wood veneer and low pressure laminate (LPL) surfaces, urethane and wood edge treatments, upholstery and tailoring.

3 Years - Electrical components and power supplies, ballasts, casters, glides, exposed wood frames, marker board surfaces, granite and glass surfaces, replacement parts.

Fabric: SIC offers no warranty, either implied or expressed, on any fabrics or leathers used on our products. Fabrics and leathers carry warranties from the fabric manufacturer or reseller. Please refer to each reseller's warranties before specifying. Because every fabric specification is different and application for use must be taken into consideration, SIC shall not be held responsible in any manner for wrong specification of fabric for tailoring, wear, durability, or light fastness.

Exclusions

Warranty does not apply to product failure or loss resulting from:

- Normal wear and tear.
- Failure to apply, install or maintain products according to published SIC or manufacturer instructions and guidelines.
- Abuse, misuse, neglect or accident.
- Unauthorized alteration or modification of the product.

- Products exposed to extreme environmental conditions or improper storage.
- Substitution of any unauthorized components that are integral to the performance of the product.

Warranty does not cover:

- Replacement parts are covered for 3 years not to exceed the balance of the original warranty.
- Customer's own materials including, but not limited to solid surfaces, laminates, textiles and upholstery materials, leathers, wood and wood veneers. These materials are subject to the original manufacturer's warranties only.
- Variations in surface materials including color, grain, texture.
- Variations in leather such as scars, wrinkles, and other marks.
- Variations in wood such as color, staining, grain, scars and other marks.
- Color fastness due to aging or exposure to sunlight.
- Consumables, such as batteries, light bulbs and lamps.
- Products purchased "as is", used or secondhand.
- Products sold by unauthorized dealers or installer

SHUTTLE SYSTEM

MOBILE WAVE PROFILE COMPUTER WORKSTATION

ShuttleSystem Computer Workstations – Wave Profile

All ShuttleSystem computer workstations shall be designed to allow for maximum flexibility in designing and reconfiguring different current and future classroom configurations and shall be specifically designed to be “docked” together with all other workstations in the system. The computer workstations shall be either 25”, 28”, or 31” high.

Worksurface/Wire management Cavity Cover – Worksurface shall either have a straight front profile or shall be designed to accommodate more effective conferencing and collaborative work by gradually sloping outward from each end, creating a wave profile shape. It shall be 30” deep and shall be available in the following widths: 24”, 30”, 36”, 42”, 48”, 60”, 66”, 72”

The rear 6” section of the worksurface shall serve as a wire management cavity cover. The cover shall open easily by rotating up-and-forward 90 degrees to provide access to the station’s wire management area. The cover shall remain attached to the station to prevent the cover from being misplaced. 1” deep rounded access points in the back of the wire management cavity cover shall allow power and data cables to pass through from the worksurface to the wire management cavity; the access points shall be wide enough to serve as handles to open the wire management cavity cover. Each wire management cavity cover shall be secured with two steel, European style hinges capable of pivoting 95 degrees. The wire management cavity covers shall be supported by a support brace/lock catch anchored to the back panel. An optional key-lock shall be available for the wire management cavity cover.

The worksurface and wire management cavity cover shall be laminated with high-pressure laminate bonded to 1 1/8” high density particleboard. The bottom surface shall be laminated with a backer sheet as a moisture barrier. Both the worksurface and the wire management cavity cover edges shall be finished with 2mm contour banded pvc.

The worksurface anchoring system shall be strong enough to support frequent lifting or rolling of the station for rearrangement and reconfiguration. The worksurface shall be anchored to the top of each side panel by an extra-strength tightening and fastening system. The fastening system shall consist of two 14 mm diameter threaded metal inserts installed in the worksurface, two 3 1/4” steel connecting bolts screwed into the inserts, and two recessed 35mm diameter zinc die-cast/steel 1080 degree tightening cams countersunk at the appropriate stress points in the side of the side panel.

Wire Management Cavity Characteristics – The wire management cavity shall allow easy and frequent access to power and data. The wire management cavity shall allow for the easy separation of data and power cables, both for individual stations and for connecting stations. The wire management cavity shall be located at the rear 6” of the workstation, just under the wire management cavity cover section of the worksurface and shall be large enough to accommodate a large volume of power and data cables. The wire management cavity bottom shall be fabricated from 1/4” medium density fiberboard and shall be recessed 2” from each end to allow for wires to pass through. A 1” by 1 1/2” rounded plastic trunking strip shall attach to the inside of the backpanel below the support brace/lock catch; a 3” high, 1” wide Nylon cable separator tab shall attach to the upper inside of each side panel.

Modesty Panel Characteristics – The modesty panel height shall be 11” and shall provide additional

horizontal structural support for the main worksurface section. The modesty panel shall be anchored to the inside of each side panel in a through-bolt fashion for extra strength and extra support, using two steel 60mm joint connector bolts passing through the side panel and into two steel cross dowels installed in the modesty panel. The modesty panel shall serve as the anchoring point for two zinc die-cast/steel insert hinges capable of pivoting 95 degrees that shall also be attached to the wire management cavity cover. The modesty panel shall be fabricated of 1" thick high-density particleboard covered with smooth finish laminate on both sides and shall be finished with PVC edge banding on exposed edges.

Side Panel Characteristics – The shape of each side panel shall be designed to have a matching contour in the event that glide and castered side panels are used in the same workstation configuration and so that the contours match when stations are connected. The top of the side panel that forms the inside of the wire management cavity shall have a contoured wire-pass through channel, allowing power and data cables passing between adjacent stations to be easily laid in the channel rather than having to be passed through holes in the side panel. The distance from the back of the side panel to its front edge shall be 16" at the bottom of the panel to allow for less foot interference; this depth shall increase to 20" at its top. The side panels shall be fabricated of 1" thick high-density particleboard covered with smooth finish laminate on both sides and shall be finished with 2mm contour banded pvc. The bottom of each side panel shall be anchored to a 40mm x 80mm powder-coated, 14-gauge steel foot tube using two screw/steel cross dowel connectors for extra strength. Each foot tube shall be equipped with two adjustable glides or two optional casters. The side panels shall be offset and anchored to the underside of the worksurface at the appropriate position to avoid caster interference when two stations are moved together while connected (or "docked").

Back Panel Characteristics – The back panel height shall be 16" high and shall be fabricated of 1" thick high-density particleboard covered with a smooth finish laminate on both sides. All exposed back panel edges shall be finished with 2mm contour banded pvc. The back panel shall be anchored to the side panels using 2 14 gauge angle brackets per side panel. The brackets shall be attached to the side and back panels using joint connector bolts threaded into the 5/16-18 threaded inserts installed in the panel. Located in the middle of each back panel shall be a 2-1/2" central power cable pass-through hole covered with a press-fit grommet.

Docking Connection System – Each workstation shall be equipped with a large, 5" x 2", self-aligning, extra-strength docking connection system to accommodate the easy connection and disconnection of stations. The docking connector shall be a central feature of all workstations and shall be "teacher-friendly" and allow for instant connection and disconnection of stations without tools and without removing any parts or hardware. The docking connection system shall be self-aligning and shall consist of two mating halves – made of heavy-duty Nylon for maximum ease of connection and longevity – which allow for easy station alignment and that result in stations being snugly adjacent when connected. The docking connection system shall also consist of a sliding, spring-controlled, latch mechanism that automatically connects two stations when they are pushed together, and easily disconnects two stations when the button-head portion of the latch is pushed forward from the front underside of the station. The button on the sliding latch shall be equipped with a locking screw to discourage unauthorized disconnection. The docking connection system shall provide equally strong docking when there is vertical misalignment between stations caused by floor unevenness – up to a plus-or-minus 5/16" of misalignment. When workstations are under extreme force, the docking connection system shall automatically disconnect with no damage to stations or latch if docked stations are pulled apart without releasing latch mechanism.

Component Connections – All connections between individual workstation components shall be made with machined, metal-to-metal hardware in order to effectively accommodate possible multiple assembly and disassembly of workstations over time.

SICO

The 8' TC-65 Director School Lunch Tables seat up to 8 adults or older students and offers 24" of table space per seat. Tables in our TC-65 series serve 25%-40% more students than tables with chairs within the same footprint, so you can maximize your space while minimizing costs. These tables go from stationary to mobile in minutes, saving labor time over traditional tables with chairs. With faster cleanup, lights can go off and energy use can be reduced earlier each day.

Seating Capacity: 8

Top Length: 8' (244 cm)

Top Width: 30" (76 cm)

Table Heights: 27" (69 cm), 30" (76 cm)

Storage Dimensions: 60" L x 41" W (152 cm x 104 cm)

Weight*: 143-147 lbs / 65-67 kg

Finishes: To be selected from Manufacturer's standard finishes

Warranty: Protected by a Lifetime Warranty on welds and SICO® Strut™. Limited Lifetime Warranty on table system. Visit www.sicoinc.com for warranty details.

SICO® Limited Lifetime Warranty - Tables

The SICO® Limited Lifetime Warranty is our statement of confidence to you, our customer, that your investment in a SICO® Table comes with our guarantee of performance. SICO America Inc. ("SICO®") is proud to offer a Limited Lifetime Warranty, as defined and limited below, on the following SICO® tables. This warranty is valid from the date of delivery to the original purchaser, whether purchased directly from SICO® or from an authorized SICO® dealer. SICO® MAKES NO WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, AND MAKES NO EXPRESS OR IMPLIED WARRANTIES BEYOND THE WARRANTIES EXPRESSED HERE. This warranty covers the following products shipped after April 18, 2016.

- Products sold by unauthorized dealers
- Creasing and/or gathering of textiles during upholstery application process
- Minor irregularities of color, surface, grain and texture
- Minor variations of color in textiles
- Variations of texture and natural markings such as neck wrinkles, scratches, backbone marks and stretch marks in leather
- Color matching of textiles exactly to samples, swatches or prior purchases
- The substitution or use of non-SitOnIt Seating components with SitOnIt Seating products

APPLICABLE PROVISIONS TO ALL PRODUCTS AND SERVICES

Exemplis LLC and SitOnIt Seating (hereafter referred to as the Company), warrants to the original

end user that this product will be free from defects in its material and workmanship when used in a single shift (standard 8-hour day, 5 days per week) for the above listed warranty periods: The Company will, at its option, repair or replace with a comparable product, without charge to the original purchaser, only defective products or parts found defective during the Warranty Period. If requested by the Company, the original purchaser must return the part or product with freight or other shipping charges prepaid Under no circumstances will the Company be liable for injuries or damages arising from use of the product. This warranty shall be effective for the applicable time period beginning from date of purchase as shown on original purchaser's original receipt or other proof of purchase. For products purchased on or after August 1, 2012, the Company shall pay for all labor costs pre-approved by the Company. The payment of such pre-approved labor costs will be in the form of a credit to an active Company account.

This is an EXCLUSIVE LIMITED WARRANTY.

There are no other warranties, expressed or implied, including without limitation, any implied warranty of merchantability or fitness for a particular purpose. The Company will not be responsible for incidental or consequential, special, or indirect damages. The purchaser is responsible for determining suitability for its intended use. The Company disclaims any liability for defects, loss of use, or claims or injuries arising out of the incorrect choice of product for particular usage. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights and you may have other rights which vary from state to state.

The Company will advise you of the procedure to follow when making warranty claims. Call the Company at the number below to explain the defect. Give your name, address, and telephone number. Please be prepared with the model number and sales order number. SitOnIt Seating: (888) 274-8664

SMITH SYSTEMS

ELEMENTAL ENGAGE SQUARE TABLE WITH GLIDES

Overview

Elemental tables have optional color casters and matching color leg sets. The unique color legs comes in three configurations; fixed height (EG), adjustable height (EA), fixed height for use with casters (EC), and low range adjustable height (EL).

Materials

The 1 1/4" thick work surface consists of a 45 lb density particle board core with a 0.030" high pressure laminated surface and a 0.020" melamine backer sheet. The edge of the tabletop features your choice of a 3/8" bumper t-mold or 4mm t-mold, which is then fastened to the underside of the work surface every 6 to 8 inches to assure a long lasting fit. Mounted under the work surface is a 14 gauge steel 'X' shaped stiffener for reinforcement.

Leg Style

1. EG - Fixed-Height 30"
2. EC - Fixed-Height 27" (use w/ 3" casters = 30"H).
3. EA - Adjustable Height 19" - 33" (with glides)
4. EL - Low Range Adjustable Height 11" - 17" (with glides)

The Elemental leg sets are constructed of 14-gauge steel with a durable powdercoat paint finish in one of five colors. The legs are reinforced by a gusseted, 'spade' shaped, mounting plate. Each one of the 6 legs attach to the pre-drilled holes in the top with 10 #10 x 5/8" screws per leg. Legs come standard with a nylon base glide.

Glide: Nylon glide.

Laminate: To be selected from manufacturers' standard finishes

Legs Style and Finish: To be selected from manufacturers' standard options

Optional Casters

Optional dual-wheel 3" casters available, ordered separately as their own line item. Square Table uses 4-pack, model 17576 (for black) and 17677 (for color).

Size: 48"H x 48"W x 19"-33'H

WARRANTY: The following Smith System® warranty applies to products shipped after May 1, 2021. Smith System® promises to repair or replace any Smith System® brand product or component that is substantially defective (loss of serviceability) in material or workmanship for twelve years and lifetime for metal frames on chairs and tables for the original purchaser, or at our election give credit up to the invoice price of the product only. This is your sole and exclusive remedy for products found by Smith System® to be defective. This warranty, which runs from the date of shipment, is subject to the limitations, exclusions, and other provisions below.

Smith System® may repair or replace, at its sole discretion, any portion of the subject product, which proves to be defective under the terms of this limited warranty at no further cost to the buyer. Smith System® shall be liable under this limited warranty only for the cost or, at its option, the repair or replacement of defective products. All incidental or consequential damages which may arise,

including, but not limited to, lost profits, personal property damage, and third-party liabilities are hereby expressly excluded. Likewise, Smith System® will not be responsible for any damage to the customer's property caused by the incompatibility of the product with the customer's flooring and other customer property.

Exclusions: This warranty does not apply and no other warranty applies to:

- Normal wear and tear, which are to be expected over the course of ownership.
- Defects caused by abusive or abnormal use of the product.
- Damage caused by the carrier in transit, which will be handled under separate terms.
- Modifications or attachments to the product that are not approved by Smith System.
- Products that were not installed, used or maintained in accordance with product instructions and warnings.

Smith System products (not including Flowform® Outdoor) are not intended or warranted for outdoor use. In addition, some natural color variations occurring in plastics, laminates, paints, or other natural materials are inherent to their character, and cannot be avoided. Therefore, they are not considered defects. Smith System does not warrant the colorfastness or matching of colors, grains, or textures of such materials. Customer's own materials selected by and used at the request of a user are not warranted.

SOUTHERN ALUMINUM

SOUTHERN ALUMINUM

SOUTERN PIKNIK PERMANENT BENCH

Perfect for all seasons, Southern Piknik® is the product that built Southern Aluminum. Produced since 1978 with a design that is timeless, this is a staple for bringing people together to celebrate, relax and gather. Built to weather any element or climate, this picnic table will not diminish when exposed to the elements. Featuring a 12" wide contoured seat with an option to fold and store, Southern Piknik® provides comfort for parks, playgrounds, pools and events.

- Comfort Seating
- No Rust
- All Weather
- UV Resistant

Color: Color to be selected from manufacturer's standard colors.

Size: 12"W x 96"L

WARRANTY: Southern Aluminum's expertise in design and manufacturing has always set the highest standards. We want you to be confident in our time-tested and functionally proven products. We guarantee our products to be free from manufacturing defects to the original owner for as long as you own them. This includes the functional and mechanical performance of each product when used, handled, and stored in the conventional proper manner. Our warranty does not cover defects and/or damages occurring from normal wear and tear, misuse, negligence, abuse, improper maintenance or storage, and transportation of product. It does not cover exposure to water (coastal or not), direct sunlight, excessive heat, humidity, coastal air, and harsh chemicals and cleaners. Paints, perimeters, laminates, glues, fabrics, and other materials are warrantied for one year, but are not warrantied against scratching, staining, or other blemishes and defects caused through use. Power units are covered under the product's manufacturer's warranty. Upon presentation for inspection, Southern Aluminum, at its sole discretion, will determine repair or replacement of said products. Repair or replacement through this warranty will be subject to actual freight charges.

SPECTRUM

LINK 42"H LECTERN W/ HEAVY-DUTY CASTERS

Product Features:

- Optional removable rack cube (12RU front and rear on 36"H, 15RU on 41"H) simplifies installation for any equipment configuration, provides mounting capabilities for multiple cooling fans, and provides the ability to integrate equipment remotely before being installed into the lectern at a later date.
- Durable powder coated steel chassis provides a long-lasting finish
- Scratch and impact-resistant high-pressure laminate top provides a durable, useful worksurface for instructors
- 3" swivel Twin-Wheel (TW) casters provide mobility (2 locking)
- Worksurface surround provides privacy and styling
- Overbridge version allows custom cutouts and installation of presentation controllers
- Two 2" cable grommets on worksurface (two on overbridge) provide cable access to user
- Side panels are available in matching metal or laminate
- Panel under keyboard storage area provides security
- Ventilation throughout lectern helps keep equipment cool, preventing overheating, and extending device life
- Cable grommets keep wires and cords organized
- Worksurface and base panel vinyl edging protects walls and furniture
- Removable audience-side panel provides access to internal equipment
- Optional flip-up shelf provides a convenient additional worksurface (two height positions on 41"H Link)
- Optional keyboard tray or 2RU rack rail kit can be installed under worksurface
- Optional customizable logo panel simplifies adding or changing logos
- Optional locking instructor-side door provides security, the ability to monitor internal components, and can be removed via quick-release to provide full-access to rack equipment. (Can be installed to be hinged from the left or right)
- Optional Toe kick kit with access panel is available to anchor the lectern to the floor when mobility is not necessary or required (customer-installed)
- Warranted to be free of all defects in materials and workmanship for 10 years
- Designed and assembled in Chippewa Falls, WI, USA

Construction:

- The worksurface and base panel are constructed from 1" thick composite board with .030" high-pressure laminate on one face, and a balancing phenolic backer on the opposing face
- Metal components consist of 16-gauge steel
- Worksurface edges are covered with 3mm vinyl edgeband
- All metal components are finished with a scratch-resistant powder coat epoxy
- Solid wood corner trim
- Each Link Lectern is factory-assembled with casters, packaged, and shipped on its own skid. Customer-installed base skirt.

Finish: Finish to be selected from manufacturer's standard laminate and color combinations.

Size: 41"H x 32"W x 28.5"D (to worksurface)

WARRANTY: 10 Years

STAGERIGHT

FIRSTCHAIR

The new FirstChair™ by StageRight redefines the music posture chair. It's the perfect choir, orchestra, or band chair. The ergonomic design and breathable mesh promotes better circulation, enabling musicians to optimize their performance and sit on the music risers with comfort. The specially woven seat and back suspension material conforms to the musician's body and keeps them cool under the hot lights on their performance stage or on their classroom music risers. This innovative weave is self-healing, standing up to rigorous classroom use. With its contemporary, lyrical design and revolutionary materials, the FirstChair is quickly becoming the leader in its class.

Dimensions: 22 1/4"W x 24 1/8" D x 33"H

Seat Height: 18 1/2" H

Finish: Finish to be selected from manufacturer's standard finishes.

Product Features:

- Sloping Seat Pan
 - Rolls the hips open, giving an encouraging seating position.
 - Allows students to put feet on the floor.
- Breathable Fabric
 - Allows for air flow giving a very comfortable seat for long durations.
- Contour Forming Fabric
 - Eliminates 'Hot Point' and 'Pressure Point' when seating
 - Prevents the student/performers from sliding, reducing fidgeting and attention loss.
 - Allows for a comfortable seating position regardless of instrument.
- Steel "X" frame Construction
 - Allows sturdy stacking and storage without dangerous midclass falls.
- Specifications
 - Black Mesh only available.
 - 2 Sizes Available (measured from the floor to the top lip of seat pan): - 18.5" - 17.5"
- Transportation Carts
 - Carts have handles and will fit through a standard door
 - Single Unit stores 10 stacking chairs
 - Dual Unit stores 20 stacking chairs

Technical Specifications

- Frame
 - Main support frame is made using 1.25" x .625" oval steel tubing. FirstChair will support more than 1,000 lbs.
- Seat and Chair Back
 - Seat and chair back are injection molded using structural nylon which give the chair an incredible strength to weight ratio (pound for pound stronger than steel) and impact resistance. The nylon frames provide the main structural support for the upper sections of the chair and house the mesh. Chair back is attached to the top of the front legs of the chair through a system of glides and snaps that lock into the oval steel tube.
- Mesh
 - Commercial-grade, breathable elastomeric mesh is made in the USA and is upholstered to the nylon seat and back frames using a proprietary bonding process

that is patent-pending. Mesh is tear, stain, fire, and abrasion resistant (see Standards below).

- Standards
 - Mesh passes ANSI/BIFMA x 5.1 - 2002, California Bulletin 117,
 - British Standard 5852 Section 4: 12.2 – 12.3, and is tested to over 50,000 double rubs.
- Frame Finish
 - Steel finish is electrostatically applied, heat cured powder coat. UV formulated for indoor and outdoor use.
- Leg Feet and Caps
 - Feet are injection molded using a no marring thermoplastic elastomer.
- Stacking
 - The shape and construction of the chair provides stable, positive indexing when stacked.

WARRANTY: Warranted to be free from defects in materials and workmanship under normal use, service, and handling for three (3) years

SUPERIOR RECREATIONAL PRODUCTS

SUPERIOR RECREATIONAL PRODUCTS

ARCHES RECYCLED BENCH WITHOUT BACK

Add charm and practicality to your outdoor seating area with the Arches recycled bench without back. It's ideal for installation along parks, trail paths, bus stops, school campuses, and more where seating is needed. The recycled plastic planks rest are supported by the 3" square tube legs that have a powder coat finish. Choose from four different colors for the recycled planks: cedar, brown, green, or gray. This bench is 6' long and offered with in-ground or surface mounting.

SPECIFICATIONS & OPTIONS

- 3" square tubing legs with powder coated finish
- 2" x 4" recycled planking in the color of your choice: cedar, brown, green, gray
- Metal accent tubes on seat top
- Surface or in-ground mount option
- 6' length

Finishes: To be selected from manufacturer's standard options, but not necessarily limited thereto.

WARRANTY:

Limited Warranty: Site Amenities Products: Superior Recreational Products (SRP) warrants that its products will be free from defects in materials and workmanship as well as maintain structural integrity for the periods listed below from the date of invoice and once SRP has been paid in full. This warranty is in effect only if the product has been assembled and installed strictly in accordance with the setup instructions provided by SRP, good construction practices, and has been subjected only to normal use and exposure.

7-Year Limited Warranty on Textured Polyethylene Site Amenities Coating

5-Year Limited Warranty on Powder Coating

5-Year Limited Warranty on site amenities, cables, and nets

1-Year Limited warranty on moving parts and materials not covered above

This Limited Warranty excludes abnormal conditions, contingent liability, cosmetic defects such as scratches, dents, marring, stripping, peeling, or fading; damage due to incorrect installation, vandalism, misuse, accident wear and tear from normal use; exposure to extreme weather, immersion in salt or chlorine water, damage due to sand, salt spray, or other abrasive and corrosive material; unauthorized repair or modification, abnormal use, or lack of maintenance. The warranty does not cover damages due to "acts of God" such as hail, flooding, lightning, tornadoes, sand storms, shifts of terrain, earthquakes, mudslides, and windstorms.

In the unlikely event of failure, SRP does reserve the right to alter the design, color, or contributing factors to rectify the condition and help prevent any future re-occurrence(s). SRP has the option to repair or replace any defect in materials.

The warranty is void if any changes, modifications, additions, or attachments are made to the product without the written consent of the manufacturer.

SRP Site Amenities, formerly Webcoat Inc. excludes any implied warranty of merchantability, fitness, or purpose, and there are no warranties which extend beyond the description of the face hereof. Under no circumstances will SRP be responsible for any indirect, special, consequential, incidental, or

liquidated damages due to breach of warranty and such damages are specifically excluded from the warranty.

The owner shall notify SRP with original Sales Order Number issued from SRP to arrange for an inspection within 30 days after discovery of any defect under this warranty and before any alteration or repair is made or attempted. This Limited Warranty shall be null and void if the owner makes any alterations in design.

This warranty is the only express warranty given by the company. No person has authority to change or add to these obligations and liabilities. The company reserves the right to determine whether the fault is caused by faulty workmanship, material, or the part that is defective.

Limited Warranty: Powder Coat Superior Recreational Products offers a 5-year Limited Warranty for powder coating to the original purchaser. This Limited Warranty is for factory applied finish only. Damage occurring from shipping, erection, vandalism, accidents, or field modification is not covered in this limited warranty and will require field touch-up immediately and periodically thereafter. The owner must report any defect in powder coat at the time the installation is completed. Not covered by this Limited Warranty are acute angles, welds, and end plates.

The Limited Warranty for powder coating provides the following after a 5-year exposure period when applied according to the recommendations listed on the product's technical data sheet and appropriate surface preparation has been utilized.

The coatings shall retain their original color with a ΔE of <7.5 units for high chroma colors (yellows, reds, oranges, etc.) and a ΔE of <5.0 units for low chroma colors, when tested in accordance with ASTM D 2244.

The coating shall retain a minimum of 50% of its original gloss level after washing, when tested in accordance with ASTM D 523.

The coating shall exhibit chalking no worse than numerical rating of 6, when evaluated in accordance with ASTM D 659-80.

For the purpose of this warranty, lifetime encompasses no specific term of years, but rather that seller warrants to its original customer for as long as the original customer owns the product and uses the product for its intended purpose that the product and all parts will be free from defects in materials and manufacturing workmanship. This warranty does not cover damage caused by vandalism, misuse or abuse, altered or modified parts, or cosmetic damage such as scratches, dents, fading, weathering, and normal wear and tear. This warranty is valid only if the structures are installed in conformity with instructions provided by Superior Recreational Products using approved Superior Recreational Products parts. Superior Recreational Products will deliver the repaired or replacement part or parts to the site free of charge, but will not be responsible for labor or the labor costs of replacement. Warranty claims must be filed within the applicable warranty period and accompanied by a sales order or invoice number.

TENJAM

AMPED SEAT & SIDE TABLE, FIRM SERIES

This versatile unit can be used as either a student seat or as a side table. Bionic Polymer incorporated into the Amped Seat & Side Table made from recovered plastic from shorelines, waterways, and coastal communities. The uniquely shaped item has dimensions of 22.25”L x 16.75”W x 16.25”H.

Finish: Finish to be selected from manufacturer’s standard finishes.

Plastic Seating:

1. Product Material:
 - a. Average thickness of material to exceed .20” or greater.
 - b. Waterproof and rust proof.
 - c. Fully compounded color (not dry blended) with UV light stabilizer to increase longevity of color retention in direct sunlight applications.
 - d. Suitable for both indoor and year-round outdoor use.
 - e. 100% recyclable.
 - f. Products tested to 750 lbs. static load on the seating surfaces. Drift tested to 250 lbs, Dash & Swerve Benches tested to 1000 lbs, Twisted Hex tested to 250 lbs, Elevate Tiered Seating tested to 1000 lbs.
 - g. Rubber legs on hard plastic products are Santoprene material and are considered a non-warranty replacement item that are intended to wear as they provide floor protection in indoor and outdoor spaces.
2. Metal Frame Materials:
 - a. Powder coated steel frames pass ASTM B117-16: No visual evidence of corrosion at the end of 1000 hours of exposure to salt spray corrosion testing. Performed in a salt spray chamber using a 5% +/-1% salt solution at 95°F +/-3°F.
3. Compact Laminate (a.k.a. Phenolic) Material:
 - a. All-weather performance in all climates. Impervious to moisture and bacteria.
 - b. Damaging UV rays a 99% filtered for longer color retention.
 - c. Zero edge banding.
 - d. Includes threaded inserts permanently installed into the material for easy assembly.
4. Emissions: Session Series hard plastic seating is compliant with:
 - a. ANSI/BIFMA X7.1-2011 7-day emission limits for seating.
 - b. ANSI/BIFMA e3-2014 Furniture Sustainability Standard Sections 7.6.1, 7.6.2, and 7.6.3 for seating.
 - c. LEED v4 EQ Credit: Low-Emitting Materials for Interior Design and Construction applicable to Commercial Interiors, Retail, and Hospitality criteria by virtue of compliance with ANSI/BIFMA e3-2014 Section 7.6.1 and 7.6.2
 - d. LEED v4 EQ Credit: Low-Emitting Materials for Building Design and Construction applicable to New Construction, Core and Shell, Schools, Retail, Data Centers, Warehouses and Distribution Centers, Healthcare, and Hospitality criteria by virtue of compliance with ANSI/BIFMA e3-2014 Sections 7.6.1 and 7.6.2
 - e. The California Department of Public Health (CDPH) Standard Method Version 1.1 (2010) Freestanding Furniture criteria for open-plan office workstation storage components.
 - f. All Session products may be eligible for ANSI/BIFMA e3 and LEED credits.
 - g. “MAS Certified Green” for low-emitting materials.
5. Fire Testing
 - a. Compliant with California Technical Bulletin 117-2013.

Shell color: Color to be selected from manufacturer's standard colors.

Warranty, Care and Maintenance

- a. One-Piece Hard Plastic Seating = 5 Year Limited Warranty
- b. Tables = 3 Year Limited Warranty
- c. Plastic Seating With Metal Frames = 3 Year Limited Warranty
- d. Flexible Plastic Seating (a.k.a. DuraFLEX Series) = 3 Year Limited Warranty

Exclusions:

This limited warranty does not cover apparent defects caused by abusive or abnormal use of the product, rust caused by natural elements or high exposure to moisture, improper assembly, modifications or attachments not approved by the manufacturer, products not installed, used or maintained in accordance with product instructions or failures resulting from inadequate inspection and maintenance. All incidental or consequential damages which may arise, including but not limited

to business losses, personal property damage, damage caused by the incompatibility of the product with the customer's flooring (or other customer property), labor costs associated with repairs or replacements, and third-party liabilities are hereby expressly excluded. Also expressly excluded under this warranty is vinyl and fabric upholstery material and normal wearing parts. Normal use is defined as use that occurs during a normal 40-hour work week by persons weighing 250 lbs or less. This warranty is nontransferable and is intended for the original purchaser only. USA Capitol reserves the right to make changes in product design, construction methods, materials, and colors. We reserve the right to discontinue any product without notice. No other warranties expressed or implied are given on products manufactured by USA Capitol.

VOLLRATH

UTILITY CART

Quickly transport food, dishes and more with the Vollrath® two-shelf thrift-i-cart. The chrome-plated tubular frame and 20-gauge stainless steel shelves easily support up to an impressive 500 pounds, and the 19-inch shelf clearance provides plenty of room for larger items. Smooth handles allow a comfortable grip from either side of the cart, and four casters ensure swift maneuvering in your kitchen, dining room and prep area.

- 500-pound capacity is distributed between the shelves
- Four 4-inch casters ensure swift maneuvering
- 20-gauge stainless steel shelves are durable and long lasting
- Chrome-plated tubular frame easily supports shelves
- Made in the USA

Size: 40.5"W x 21"D x 36.5"H

Warranty: The Vollrath Company LLC (Vollrath) warrants to the original commercial end user that each of Vollrath's foodservice products (Products) will be free from defects in materials and workmanship. This warranty is for the following periods (Warranty Period):

Standard warranty period is:

12 months parts & labor starting from Vollrath's sale to end user OR

18 months parts & labor starting from Vollrath's sale to dealer, whichever comes first.

Exceptions are noted in the table that follows. To be valid, a warranty claim must be asserted during the applicable Warranty Period. This warranty applies only to the original commercial end-user and is not transferable without Vollrath's prior written consent.

EXCLUSIONS

This warranty does not apply to:

- Products purchased for any use other than standard commercial foodservice.
- Damage resulting from:
- Shipping, accident, neglect, or improper installation, setup or use.
- Failure to follow operating instructions and/or scheduled maintenance procedures.
- Modification of Products in any manner from original model, substitution of parts other than factory authorized parts, unauthorized removal or unauthorized addition of any parts.
- Normal wear and tear.

VOLLRATH'S WARRANTY OBLIGATION

If any Product manufactured by Vollrath is found to not conform to the warranty set forth above, Vollrath's sole obligation is to repair or, at Vollrath's option, replace the Product.

WABASH

SPYDER COLLECTION 7' INGROUND TABLE

Spyder Collection 7' Picnic Tables utilize 2 3/8" OD legs in either an Inground or Portable/Surface Mount leg option. The Spyder Collection unique leg design allows for easy clean-up with less legwork touching the ground. Optional mounting plate covers can be used (sold separately). Umbrella holes are standard on this table and use of the umbrella stands is needed (Umbrellas must be secured to the tables). The tops and seats are coated in our rugged Plastisol coating, while the framework is coated in our top of the line powder coating – Choose between our DIAMOND PATTERN or PERFORATED PATTERN.

Pattern: Diamond, but also available in Traditional.

Color: To be selected from manufacturer's standard finishes, but not necessarily limited thereto. Indicate additional cost for special match color.

WARRANTY: Wabash Valley Manufacturing, Inc. 878 E, US-60, Monett, MO 65708 (hereinafter "Wabash") Makes the following five (5) year limited warranty covering its PLASTISOL coatings and five (5) year limited warranty for its powder coating, for outdoor furniture:

WARRANTED PERFORMANCE

- Wabash warrants that the Wabash PLASTISOL coated products detailed will not:
 - Peel, chip, crack, rot or warp for a period of five (5) years from the date of invoice.
 - Chalk in excess of numerical rating of eight (8) when measured in accordance with the standard procedures specified in ASTM D 4214-98 for a period of five (5) years from the date of invoice.
 - Fade or change color in excess of seven (7) "E" units (McAdam) calculated in accordance with the standard procedures specified in ASTM D 2244 for a period of five (5) years from the date of invoice. Color measurements are to be performed on clean surfaces, free of all contaminants such as dirt, chalk, dust, mud or oxidized films
- Wabash warrants that the Wabash POWDER coated products will:
 - Be free from defects in material and/or workmanship for a period of five (5) years from date of invoice
- Wabash warrants that the Wabash RECYCLE PLASTIC material within Green Valley will not:
 - Rot, splinter, decay, or suffer structural damage directly from termites or fungal decay under normal use. Be free from defects in material and/or workmanship for a period of fifty (50) years from date of invoice

CONDITIONS

This warranty is subject to the following conditions:

- Wabash products must be installed according to the Wabash product installation instructions.
- Purchaser agrees to provide normal periodical maintenance in regard to the Wabash products.

- This warranty is limited to the aforementioned defects or failures, and does not apply to defects or failures caused by acts of God, falling objects, external forces, explosions, fire, riots, civil commotion or acts of war, accidents, misuse, abuse, neglect, vandalism or alteration.
- Wabash products erected in abnormal exposure areas, either currently existing or later created, will be outside the limits of this warranty. An abnormal exposure is defined as:
- Any area in the vicinity of an industrial installation that may, by its nature of operation, contaminate the atmosphere with severely corrosive chemicals or airborne contaminants such as copper smelters, paper mills, fertilizer plants and similar operations.
- For the purpose of this warranty, air pollution and smog, which are normally encountered in commercial and residential areas, as distinct from industrial areas, are not considered abnormal.
- No warranty is made with regard to gloss retention or uniformity of gloss and color retention.

GENERAL

- Wabash makes no warranties what so ever with respect to the Wabash products which extend beyond those set forth on the face of the warranty, and all other warranties, expressed or implied, including implied warranties of fitness for a particular purpose and implied warranties of merchantability are hereby expressly excluded, as is all liability for consequential damages and all other remedies, other than those specifically set forth herein.
- No terms or conditions other than those stated herein, and no agreement or understanding, oral or written, in any way purporting to modify this warranty shall be binding on Wabash unless made in writing and signed by its authorized representative.

WAUSAU TILE

CONCRETE WASTE CONTAINER

Concrete trash receptacle with aluminum funnel top and 42 gal. rigid plastic liner. Includes security cable. Pair with matching recycle container. Choose the colors of both the top and container.

Size: 29" Diameter x 36" High

Weight: 910 Pounds

Finish: To be selected from manufacturer's standard finishes, but not necessarily limited thereto. Indicate additional cost for special match color.

Warranty: The offer to sell Wausau Tile products is expressly limited to acceptance of the warranty terms set forth in this LIMITED WARRANTY. By purchasing a Wausau Tile product, you accept the LIMITED WARRANTY terms herein.

THIS LIMITED WARRANTY AND REMEDIES HEREIN ARE EXCLUSIVE AND INSTEAD OF ALL OTHER WARRANTIES AND REMEDIES, WHETHER ORAL, WRITTEN, STATUTORY, LEGAL OR EQUITABLE, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION, WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE AS WELL AS WARRANTIES AGAINST HIDDEN OR LATENT DEFECTS. ALL WARRANTIES ARE EXCLUDED EXCEPT THOSE EXPRESS WARRANTIES STATED ON THE FACE OF THIS LIMITED WARRANTY. REMEDIES FOR ANY BREACH OF THIS LIMITED WARRANTY ARE LIMITED TO WAUSAU TILE'S ABSOLUTE OPTION TO REPAIR OR REPLACE THE DEFECTIVE PRODUCT AND THERE IS NO OTHER REMEDY AVAILABLE. WAUSAU TILE SHALL NOT BE LIABLE FOR DAMAGE TO PROPERTY BEYOND WAUSAU TILE'S PRODUCT; AND, WAUSAU TILE IS NOT LIABLE FOR DIRECT, SPECIAL, INCIDENTAL, CONSEQUENTIAL, OR PUNITIVE DAMAGES FOR ANY CLAIMS, INCLUDING BUT NOT LIMITED TO TORT, STRICT LIABILITY, STATUTORY, BREACH OF EXPRESS WARRANTY, BREACH OF IMPLIED WARRANTY, AND BREACH OF CONTRACT. NO PERSON IS AUTHORIZED TO MAKE ADDITIONAL STATEMENTS, PROMISES, GUARANTIES, WARRANTIES OR REPRESENTATIONS REGARDING PERFORMANCE OF WAUSAU TILE PRODUCTS.

Terms that are either additional to, conflicting with or different from those herein are excluded unless specifically agreed to in a separate writing and signed by a corporate officer or division manager of Wausau Tile. This LIMITED WARRANTY is for the benefit of the original purchaser of the Wausau Tile product who may transfer this LIMITED WARRANTY to the owner of the real estate where the warranted product is originally installed.

Concrete products may exhibit efflorescence which appears as a white stain on some colored concrete products as the result of moisture evaporation. Efflorescence is a common condition to which concrete products are susceptible. It generally clears up and eventually dissipates as concrete products age. Efflorescence is a condition that does not affect the structural integrity or the longevity of the product and is not covered under this warranty. Tile not installed immediately after delivery should be stored in a climate controlled environment.

Wausau Tile products are warranted to be free from defect in material and workmanship during manufacturing based on applicable industry standards. Warranty periods begin on delivery date of the warranted product and extend for the period listed below:

- Precast terrazzo and terrazzo tile products are warranted for one year.
- Metal is warranted for five years.
- Plastic is warranted for one year.
- Concrete site furnishings are warranted for two years.
- Pavers are warranted for three years if properly installed according to both project specifications and Wausau Tile installation recommendations. Placing pavers on non-Wausau Tile pedestals voids this LIMITED WARRANTY.

WHITNEY BROTHERS

WHITNEY BROTHERS

TODDLER CHAIR 7H

The sturdy, stable design of our toddler chair features 3-inch high sides to keep a child safely in place, 7-inch seat height for short legs, 11.75-inch wide seat for wider bottoms of toddlers and an 3.75-inch open space between the backrest and seat bottom that provides easy access for cleaning. The seat height [7-inch], depth [7.87-inch] and width [11.75-inch] are proportioned specifically to toddler body measurements to ensure the child's back is fully supported, the knees are properly bent at a 90-degree angle when seated and feet are flat on the floor so the child is comfortable, content and can concentrate on the work or play in front of them. Toddlers will delight in a chair they can get into and out of and carry or move from one play area to another! All edges are rounder over and sanded smooth for safety. Ideal for use with our WB1857 Toddler Flower Table, sold separately. Constructed in beautiful, durable birch plywood in safe, non-toxic natural UV finish that won't yellow and withstands rigorous use. Made in USA. GreenGuard™ Gold certified. Lifetime Warranty.

Finish: Gray Finish Standard. Additional colors available at additional cost and lead time.

Dimensions : 13"W x 12.5"D x 18.5"H

WISCONSIN BENCH

WISCONSIN BENCH

TORO TABLE WITH PHENOLIC TOP – SQUARE, FIXED LEGS

The original WB workhorse, our TORO Table makes it possible to get things done, with welded steel frames, industrial top options and legs in all different shapes, sizes and colors.

Top: 1" thick black phenolic resin and cellulose fiber composite top with 0.125" radius edges and corners or beveled edge and corners with high resistance to chemicals, humidity and abrasions.

Frame: The fully welded heavy duty solid steel apron is 1" x 2", 16-gauge steel. Legs and apron are MIG welded together to make the frame of the table. Apron has welded 16-gauge steel tabs at preset locations used for fastening the frame to the back of the table top*. Full/half shelf and H-frame are optional.

Legs: Fixed legs are 14-gauge, 1.5" square or 2" round steel tube that are fully welded to the apron. Leg is finished off with a 1 3/8" adjustment nylon glide with 3/8"-16 thread x 1". Optional welded gussets.

Finish: The apron frame and the leg assembly are powder coated with a polyester texture black finish to 3mil in thickness as standard. Also available in silver smooth finish.

Size: 30" W x 72" L x 28.75" H

WARRANTY: Limited Lifetime Warranty — WB Manufacturing warrants that its laminate furniture, Book Nook Products, CaseworkUSA® Storage, REplay® Laminate Lockers & Cubbies, REplay® Storage Cabinets, Rhapsody® Music Storage, Storage Solutions, Synergy Products, World Famous Lockers, and its steel frame products, specifically our desks, tables, chairs, and stools shall be free of substantial defects in original material and workmanship from the date of delivery. This warranty is subject to the limitations and exclusions indicated below. Additionally, WB Manufacturing warrants that all laminate furniture products are to be compliant with Custom Grade or better, as defined in AWI Standards, Eighth Edition, Revision 2, unless contract documents indicate otherwise.

12 Year Warranty — WB Manufacturing warrants that its laminate tops, butcher block tops, phenolic tops, epoxy tops, stainless steel tops, high wear, and moveable parts (ie: casters, glides, etc.) shall be free of substantial defects in original material and workmanship for twelve (12) years from the date of delivery.

5 Year Warranty — WB Manufacturing warrants that all pneumatic bases and bases with flip mechanisms are free of substantial defects in original materials and workmanship for five (5) years from the date of delivery. Fomcore products are also warranted to be free of defects in material and workmanship under normal use of the product for five (5) years. Product must be properly cared for, maintained and in use by its original owner. Damage in transit or by negligence, abuse, abnormal usage, misuse, accidents, or alterations nullifies the warranty.

1 Year Warranty — WB Manufacturing warrants that all electrical components, dry erase markerboard surfaces and HangOut Stools are free of substantial defects in original materials and workmanship for one (1) year from the date of delivery.

WORKRITE ERGONOMICS

WORKRITE ERGONOMICS

POISE DUAL MONITOR ARMS

The Conform Dual Articulating Arm aligns two monitors side-by-side on a single base while maintaining independent movement and articulation. Utilizing the same pin connection system as the rest of the series, the Conform Dual can be de-coupled to use independently should your needs change. Mount the arm to a variety of bases, add additional arms or reconfigure as hardware and office personnel needs change. The exceptionally smooth lifting gas spring, coupled with precision bushings, provides years of maintenance-free maneuverability. The Conform Articulating Arm has been engineered to support over 12,000 cycles and exceeds ANSI/BIFMA X5.5 requirements. TAA Compliant.

Color: Silver

Mount: C Clamp

Benefits

- Enhance performance through ergonomic comfort
- Smooth lifting, maintenance-free gas spring (supports two 5–17 lb monitors)
- Expandable, interchangeable components ensure future adaptability
- Designed for fast, easy installation
- Easily route and conceal cables through the integrated wire managers
- Quickly folds down to provide users with maximum desk space
- Available in Silver

Specifications

- Supports two monitors 5–17 lb each
- Maximum monitor height: 19.5" (full range of motion)
- Articulation range: 13"
- Forward reach: 15.375"
- Stowed depth: 5.5"
- Monitor : Tilt: +90°/-45°; Pivot: +/-90°; Rotation: +/-90°
- Standard VESA (75 mm & 100 mm)
