PRESENTATION – Legislative Update Presented by the McCallum Group, Inc.

Mark MacDonald of the McCallum Group, Inc. provided a legislative update that included 2016 legislation and insight into possible 2017 trends, the Governor’s proposed budget, and issues in 2017 through a PowerPoint presentation (copy attached to the official minutes). Discussion on legislative items included details on the following topics, to name a few:

- Veteran’s Centers
- Mental Health Funding
- Promise Program
- Baccalaureate Programs

It was clarified that Veteran’s Center funding is flexible and can be used for student recruiting purposes, if the District sees fit. There was discussion on the development of the Promise Program. The initial legislated funding was one-time financed and the current concern is whether the program will continue and if so where funding would come from. Board members questioned the community college Baccalaureate program and Mr. MacDonald described the program as to recent to expand due to the report of the programs progress not yet due to the state.

Mr. MacDonald gave a brief, first glimpse at the Governor’s proposed budget, which will be revised and reviewed in May. This initial budget is conservative and includes a 1.48% Cost of Living Allowance (COLA), a base allocation increase of $23.6 million for community colleges, and again no proposed student fee increase.

PRESENTATION – CCW Campus Forum Feedback Update

Primavera Arvizu, Dean of Student Success, reported feedback from the campus forum on Carry Concealed Weapon CCW through a PowerPoint presentation (copy attached to the official minutes).
PRESENTATION – CCW Campus Forum Feedback Update (Continued):

Ms. Arvizu thanked all staff involved in preparation of the forum for the work done on the project. The forum, which was recorded, was held on November 30, 2016. Feedback was collected at the forum and through email/electronic invitation; 36 employees responded. Of those who responded, 52 percent responded not in favor of an on campus concealed carry policy allowing CCW permit holders to carry on campus. Forty-seven percent responded in favor of a policy allowing CCW permit holders to carry on campus.

Trustee Michael Long spoke in favor of allowing the Superintendent/President the ability to allow CCW on campus, as the Superintendent/President sees fit. He stated he believes this is supported by the community.

President White was concerned with the low number of participants in the feedback. He encouraged the District to hold another vote to collect the voice of the campus. He also said he hoped more employees would participate in the vote.

Secretary Cole thanked staff for recording the forum, stating it made it easy for everyone to be informed. She spoke a concern with placing security responsibility burden on employees and administration if a policy allows CCW permit holders to carry on campus. She also said that there needs to be a look into overall security concerns by the Board, if there are specific concerns.

Dr. Daniels informed the Board that the information on the CCW policy, if adopted, would be open to the Freedom of Information Act. The names of approved CCW holders would be discoverable. Also, the District would be liable to track and keep training records current as well as the specific location of approved CCW holders on campus, each day.
