Frequently Asked Questions:

Something went wrong Tools for technical support:

Are you using [Google Chrome](#) as your browser?-

(Chrome is the preferred browser when using Canvas.) Maybe you can't scroll all the way down to where the submit button is, or only part of a page is visible and you can scroll to see the rest, chances are, your browser is NOT Chrome.

[Disable Pop-Up Blocker-](#)

If you notice when you click on a link and nothing happens, the screen doesn't appear to load, chances are it's the pop-up blocker. This is seen a lot in Math classes that use [MyMathLab](#)

[Reset Your Web Browser- \(Delete Cookies\)](#)

If you notice unwanted pop-ups, toolbars, extensions you didn't install, you may want to reset your browser to it's original settings.

WARNING: This will remove all remembered info like passwords, search history, saved pages.
